NOTE 1 – DESCRIPTION OF PLAN

The following description of the Woodlands 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The retirement committee of Woodlands Medical Specialists, PA approved the creation of the Woodlands 401(k) Profit Sharing Plan during the fiscal year ended December 31, 2009. The Plan was created to provide employees with a retirement incentive package.

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During the fiscal year ending December 31, 2010, $79,239 of investments in mutual funds and participant loans were transferred from the pre-existing retirement plans of Woodlands Medical Specialists, PA into the new profit sharing plan to facilitate this transfer.

For the period May 1, 2009 (inception) through December 31, 2009, any one who was an employee of Woodlands Medical Specialists, PA as of May 1, 2009, was automatically enrolled into the Plan as a participant.

Contributions

Employee Salary Deferral Contributions – Each year, participants may contribute from 1% up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

401(k) Safe Harbor Contributions – Each year, the Company contributes to the participant 3% of the employee's gross earnings.

Employer Match Contributions – Each year, the Company may make a discretionary contribution equal to 50% of the employee's amount of salary deferrals up to 6%, which would be a maximum of 3% of the participant's pretax annual compensation.

Profit Sharing Contributions – Each year, the Company may make an additional discretionary contribution to the participant based upon the current profits before income taxes. This amount is referred to as the profit sharing portion and represents an additional amount at the option of the Company's board of directors. Contributions are subject to certain IRS compensation limitations.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and any Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant salary deferrals may be treated as either “pre-tax” or “Roth” (after tax) contributions. This election can be made upon entrance into the Plan. Elections can be changed quarterly throughout the plan year.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Participant Loans

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions. The loan balance at December 31, 2010 and 2009 was $53,121 and $22,147, Respectively.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or the option of a rollover to another qualified plan.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited amounts in non-vested accounts totaled $10,821, and $29, respectively. Forfeitures are used in the year in which they occur. These funds are used to reduce future employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through August 31, 2011, which is the date on which the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating and Administration Expenses

TD Ameritrade Trust Company trustee administration expenses were paid by the Plan participants on a pro-rata basis as participant transactions are processed by the Trustee. Third Party Administrator and audit expenses are fully absorbed by the Plan Sponsor.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: level 1 input consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or 3 inputs were available to the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the period ended December 31, 2010 are reported in net appreciation in fair value of investments.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

NOTE 7 – TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter dated March 31, 2008, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code. The Plan Administrator and its qualified tax counsel do not anticipate that changes in the Plan after the date of the amendments covered by the Internal Revenue Service determination letter will affect the qualified and tax-exempt status of the Plan and the Trust, respectively. The Plan's federal returns for 2008, 2009, and 2010 are subject to examination by the Internal Revenue Service, generally for three years after they are filed.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – REALIZED AND UNREALIZED GAINS AND LOSSES

Realized and unrealized gains and losses are calculated using a historical basis for financial statements purposes. This is different than the instructions for the IRS Form 5500 which require that assets be revalued to current (market) value at the beginning of the plan year. The gain or loss on a sale of an investment held at the beginning of the plan year must be calculated using the current value of that investment at the beginning of the plan year.
