EMPLOYEES' RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Medical Consultants Network, Inc. Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all full-time employees of a controlled group of companies comprised of Medical Consultants Network, Inc., YCA Case Management, Inc., MCN Quad Health Services, Inc. and Brian L. Grant MD Inc. PS. (hereinafter collectively referred to as "the Companies"). Employees of the Companies become eligible to participate in the salary deferral portion of the Plan upon completion of three months of service and attainment of age twenty-one. Participation in the matching contributions and discretionary profit sharing contributions commences after one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Employees participating in the salary reduction feature may contribute up to the lesser of 100% of their compensation or the statutory limits prescribed by the Internal Revenue Code. The Companies make a matching contribution equal to 50% of the employee deferral limited to the first 6% of eligible compensation. The matching contribution is funded with each pay period.

The Companies may also make discretionary profit sharing and Qualified Non-Elective contributions to the Plan, as determined annually by the employer. This contribution is allocated based on each eligible employee's compensation to the total for all eligible employees. The Plan requires that in order to be eligible to receive a discretionary contribution, the participant must be employed by the Companies on the last day of the Plan year. No discretionary contributions were authorized for the 2010 and 2009 plan years.

Participant accounts -

Participant contributions to the Plan are voluntary. Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Plan participants are allowed to direct the salary deferral, employer matching, and employer discretionary contributions to one or a combination of mutual fund investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - continued

Vesting -

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. For employer matching and discretionary contributions, participants gain a vested interest based upon years of service as follows:

<i>Years of Credited Service</i>	<i>Vested Percentage</i>
Less than 2 years	None
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

If a participant terminates from employment due to retirement, disability, or death, the participant becomes 100% vested.

Notes receivable from participants -

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 9.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The plan was amended in December 2010 to disallow borrowing from fund accounts effective January 1, 2011.

Distributions -

On termination of service, a participant with a vested account balance in excess of \$5,000 may elect to keep their funds in the Plan until age 70 ½ or receive the balance of his or her account in a lump sum. Terminated participants with an account balance greater than \$1,000 and up to \$5,000 may elect to receive their account in a lump sum or the account will be distributed directly to an Individual Retirement Account for the benefit of the participant. Terminated participants with account balances of \$1,000 or less will receive a lump sum distribution automatically. The Plan also includes hardship withdrawal provisions.

Forfeited accounts -

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$23,813 and \$24,850, respectively. These accounts will be used first to reduce administrative expenses of the Plan and then be used to reduce future employer contributions. In 2010 and 2009, \$7,895 and \$7,685, respectively, of forfeited nonvested accounts were utilized to offset administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Use of estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure of contingent amounts at the date of the financial statements. Actual results may differ.

Basis of accounting -

The financial statements of the Plan have been prepared on the accrual method of accounting.

Investment valuation and income recognition -

The Plan's investments are stated at fair market value. Quoted market prices in active markets are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Benefits to participants -

Benefits paid to participants are recognized when paid. At December 31, 2010 and 2009, there were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Fair value of investments -

Fair value is a market-based measurement, determined based on assumptions that market participants would use in pricing an asset or liability. Under generally accepted accounting principles, there are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

Note 2 - continued

The inputs or methodology used for valuing investments is not necessarily an indication of the risk associated with investing in those securities.

As of December 31, 2010 and 2009, the fair value of mutual funds and money market fund was determined using Level 1 inputs. The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total

NOTE 3 - REGULATORY COMPLIANCE

The Plan's management elected the method of compliance permitted by Section 2520.103-8 for the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a qualified trustee or custodian need not be subject to independent audit.

Note 3 - continued

The Plan trustee is Fidelity Management Trust Company. The Plan's management has obtained certification from the trustee that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

1. Fair value of investments as of December 31, 2010 and 2009,
2. The balance of notes receivable from participants as of December 31, 2010 and 2009
3. Investment and interest income earned for the year ended December 31, 2010,

NOTE 5 - PLAN TERMINATION

Although management has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Plan adopted a volume submitter plan created by its administrator. The Internal Revenue Service has determined and informed the administrator by a letter dated March 31, 2008, that the volume submitter plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The administrator and the Company believe that the Plan is designed and currently being operated in compliance with the applicable IRC requirements. Therefore, the Company believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that as of December 31, 2010, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company ("FMTC") acts as custodian and trustee for certain investments of the Plan. Therefore, transactions with FMTC qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 23, 2011, the date which the financial statements were available to be issued.

Independent Auditors' Report

We were engaged to audit the accompanying statements of net assets available for plan benefits of Medical Consultants Network, Inc. Employees' Retirement Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule of assets (held at end of year.) We have been informed by the plan administrator that the trustee holds the Plan's investments and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements and supplemental schedule of assets (held at end of year) that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule of assets (held at end of year) taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Medical Consultants Network, Inc. Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all full-time employees of a controlled group of companies comprised of Medical Consultants Network, Inc., YCA Case Management, Inc., MCN Quad Health Services, Inc. and Brian L. Grant MD Inc. PS. (hereinafter collectively referred to as "the Companies"). Employees of the Companies become eligible to participate in the salary deferral portion of the Plan upon completion of three months of service and attainment of age twenty-one. Participation in the matching contributions and discretionary profit sharing contributions commences after one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Employees participating in the salary reduction feature may contribute up to the lesser of 100% of their compensation or the statutory limits prescribed by the Internal Revenue Code. The Companies make a matching contribution equal to 50% of the employee deferral limited to the first 6% of eligible compensation. The matching contribution is funded with each pay period.

The Companies may also make discretionary profit sharing and Qualified Non-Elective contributions to the Plan, as determined annually by the employer. This contribution is allocated based on each eligible employee's compensation to the total for all eligible employees. The Plan requires that in order to be eligible to receive a discretionary contribution, the participant must be employed by the Companies on the last day of the Plan year. No discretionary contributions were authorized for the 2010 and 2009 plan years.

Participant accounts -

Participant contributions to the Plan are voluntary. Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Plan participants are allowed to direct the salary deferral, employer matching, and employer discretionary contributions to one or a combination of mutual fund investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - continued

Vesting -

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. For employer matching and discretionary contributions, participants gain a vested interest based upon years of service as follows:

<i>Years of Credited Service</i>	<i>Vested Percentage</i>
Less than 2 years	None
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

If a participant terminates from employment due to retirement, disability, or death, the participant becomes 100% vested.

Notes receivable from participants -

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 9.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The plan was amended in December 2010 to disallow borrowing from fund accounts effective January 1, 2011.

Distributions -

On termination of service, a participant with a vested account balance in excess of \$5,000 may elect to keep their funds in the Plan until age 70 ½ or receive the balance of his or her account in a lump sum. Terminated participants with an account balance greater than \$1,000 and up to \$5,000 may elect to receive their account in a lump sum or the account will be distributed directly to an Individual Retirement Account for the benefit of the participant. Terminated participants with account balances of \$1,000 or less will receive a lump sum distribution automatically. The Plan also includes hardship withdrawal provisions.

Forfeited accounts -

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$23,813 and \$24,850, respectively. These accounts will be used first to reduce administrative expenses of the Plan and then be used to reduce future employer contributions. In 2010 and 2009, \$7,895 and \$7,685, respectively, of forfeited nonvested accounts were utilized to offset administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Use of estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure of contingent amounts at the date of the financial statements. Actual results may differ.

Basis of accounting -

The financial statements of the Plan have been prepared on the accrual method of accounting.

Investment valuation and income recognition -

The Plan's investments are stated at fair market value. Quoted market prices in active markets are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Benefits to participants -

Benefits paid to participants are recognized when paid. At December 31, 2010 and 2009, there were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Fair value of investments -

Fair value is a market-based measurement, determined based on assumptions that market participants would use in pricing an asset or liability. Under generally accepted accounting principles, there are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

Note 2 - continued

The inputs or methodology used for valuing investments is not necessarily an indication of the risk associated with investing in those securities.

As of December 31, 2010 and 2009, the fair value of mutual funds and money market fund was determined using Level 1 inputs. The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total

NOTE 3 - REGULATORY COMPLIANCE

The Plan's management elected the method of compliance permitted by Section 2520.103-8 for the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a qualified trustee or custodian need not be subject to independent audit.

Note 3 - continued

The Plan trustee is Fidelity Management Trust Company. The Plan's management has obtained certification from the trustee that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

1. Fair value of investments as of December 31, 2010 and 2009,
2. The balance of notes receivable from participants as of December 31, 2010 and 2009
3. Investment and interest income earned for the year ended December 31, 2010,
4. Investment transactions for the year ended December 31, 2010.

NOTE 4 - INVESTMENTS

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets at December 31 (see Note 3 – not subject to audit procedures):

* Did not represent 5% or more of the Plan's net assets at December 31, 2009

NOTE 5 - PLAN TERMINATION

Although management has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Plan adopted a volume submitter plan created by its administrator. The Internal Revenue Service has determined and informed the administrator by a letter dated March 31, 2008, that the volume submitter plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The administrator and the Company believe that the Plan is designed and currently being operated in compliance with the applicable IRC requirements. Therefore, the Company believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that as of December 31, 2010, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company ("FMTC") acts as custodian and trustee for certain investments of the Plan. Therefore, transactions with FMTC qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 23, 2011, the date which the financial statements were available to be issued.

Independent Auditors' Report

We were engaged to audit the accompanying statements of net assets available for plan benefits of Medical Consultants Network, Inc. Employees' Retirement Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. EMPLOYEES' RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Medical Consultants Network, Inc. Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General -

The Plan is a defined contribution plan covering all full-time employees of a controlled group of companies comprised of Medical Consultants Network, Inc., YCA Case Management, Inc., MCN Quad Health Services, Inc. and Brian L. Grant MD Inc. PS. (hereinafter collectively referred to as "the Companies"). Employees of the Companies become eligible to participate in the salary deferral portion of the Plan upon completion of three months of service and attainment of age twenty-one. Participation in the matching contributions and discretionary profit sharing contributions commences after one year of service, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions -

Employees participating in the salary reduction feature may contribute up to the lesser of 100% of their compensation or the statutory limits prescribed by the Internal Revenue Code. The Companies make a matching contribution equal to 50% of the employee deferral limited to the first 6% of eligible compensation. The matching contribution is funded with each pay period.

The Companies may also make discretionary profit sharing and Qualified Non-Elective contributions to the Plan, as determined annually by the employer. This contribution is allocated based on each eligible employee's compensation to the total for all eligible employees. The Plan requires that in order to be eligible to receive a discretionary contribution, the participant must be employed by the Companies on the last day of the Plan year. No discretionary contributions were authorized for the 2010 and 2009 plan years.

Participant accounts -

Participant contributions to the Plan are voluntary. Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Plan participants are allowed to direct the salary deferral, employer matching, and employer discretionary contributions to one or a combination of mutual fund investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - continued

Vesting -

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. For employer matching and discretionary contributions, participants gain a vested interest based upon years of service as follows:

<i>Years of Credited Service</i>	<i>Vested Percentage</i>
Less than 2 years	None
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

If a participant terminates from employment due to retirement, disability, or death, the participant becomes 100% vested.

Notes receivable from participants -

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 9.5%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. The plan was amended in December 2010 to disallow borrowing from fund accounts effective January 1, 2011.

Distributions -

On termination of service, a participant with a vested account balance in excess of \$5,000 may elect to keep their funds in the Plan until age 70 ½ or receive the balance of his or her account in a lump sum. Terminated participants with an account balance greater than \$1,000 and up to \$5,000 may elect to receive their account in a lump sum or the account will be distributed directly to an Individual Retirement Account for the benefit of the participant. Terminated participants with account balances of \$1,000 or less will receive a lump sum distribution automatically. The Plan also includes hardship withdrawal provisions.

Forfeited accounts -

At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$23,813 and \$24,850, respectively. These accounts will be used first to reduce administrative expenses of the Plan and then be used to reduce future employer contributions. In 2010 and 2009, \$7,895 and \$7,685, respectively, of forfeited nonvested accounts were utilized to offset administrative expenses.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Use of estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure of contingent amounts at the date of the financial statements. Actual results may differ.

Basis of accounting -

The financial statements of the Plan have been prepared on the accrual method of accounting.

Investment valuation and income recognition -

The Plan's investments are stated at fair market value. Quoted market prices in active markets are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Benefits to participants -

Benefits paid to participants are recognized when paid. At December 31, 2010 and 2009, there were no amounts allocated to accounts of participants who have elected to withdraw from the Plan but have not yet been paid.

Notes receivable from participants -

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Fair value of investments -

Fair value is a market-based measurement, determined based on assumptions that market participants would use in pricing an asset or liability. Under generally accepted accounting principles, there are three levels, which prioritize the inputs used in measuring fair value as follows:

- Level 1: Observable market inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Observable market inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which require the reporting entity to develop its own assumptions.

Note 2 - continued

The inputs or methodology used for valuing investments is not necessarily an indication of the risk associated with investing in those securities.

As of December 31, 2010 and 2009, the fair value of mutual funds and money market fund was determined using Level 1 inputs. The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010

NOTE 3 - REGULATORY COMPLIANCE

The Plan's management elected the method of compliance permitted by Section 2520.103-8 for the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a qualified trustee or custodian need not be subject to independent audit.

Note 3 - continued

The Plan trustee is Fidelity Management Trust Company. The Plan's management has obtained certification from the trustee that the following information included in the Plan's financial statements and supplemental schedule is complete and accurate:

1. Fair value of investments as of December 31, 2010 and 2009,
2. The balance of notes receivable from participants as of December 31, 2010 and 2009
3. Investment and interest income earned for the year ended December 31, 2010,
4. Investment transactions for the year ended December 31, 2010.

NOTE 5 - PLAN TERMINATION

Although management has not expressed any intent to do so, the Companies have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 6 - TAX STATUS

The Plan adopted a volume submitter plan created by its administrator. The Internal Revenue Service has determined and informed the administrator by a letter dated March 31, 2008, that the volume submitter plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The administrator and the Company believe that the Plan is designed and currently being operated in compliance with the applicable IRC requirements. Therefore, the Company believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that as of December 31, 2010, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Fidelity Management Trust Company ("FMTC") acts as custodian and trustee for certain investments of the Plan. Therefore, transactions with FMTC qualify as party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 23, 2011, the date which the financial statements were available to be issued.
