1. Description of Plan

The following description of the Nations Roof, LLC 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 401(k) plan covering certain employees of Nations Roof, LLC (the "Company") and became effective January 1, 2005. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Termination:

Although it has expressed no intention to do so, the Company retains the right to terminate the Plan. In the event of Plan termination, all amounts credited to participants' accounts become fully vested subject to the requirements of ERISA. The Company also retains the right to amend the Plan.

Eligibility:

An employee is eligible to participate in the Plan after completing one year of service with the Company and having reached age 21. The Plan excludes union members whose employment is governed by a collective bargaining agreement, nonresident aliens who receive no earned income from the Company which constitutes income from sources within the United States, or covered employees acquired in an asset or stock acquisition, merger or similar transaction.

Contributions and allocations:

Participants may contribute a portion of their salary or wages through payroll deduction contributions. Each participant is permitted to defer up to 100% of his or her compensation. Each participant's contribution was limited by the Internal Revenue Service ("IRS") to a maximum of $16,500 during 2010. In addition, participants older than 50 may make a catch-up contribution of up to $5,500. Participants' contributions to the Plan are invested as directed by the participants.

Each year, the Company may, at its discretion, contribute on behalf of each participant a matching contribution equal to a discretionary percentage of a participant's compensation contributed as an elective deferral contribution with respect to each plan year. During 2010 and 2009, the Company suspended matching contributions.

At the consent of the Company, the Plan allows employees to rollover amounts into the Plan from other qualified plans. The rollover contribution is permitted provided the trust from which the funds are to be transferred permits the transfer to be made.

1. Description of Plan (continued)

Benefits and vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% vested in the Company's matching contributions plus actual earnings thereon after completing three years of service. However, in the event of termination of a participant's employment for death, for total or permanent disability, or upon attainment of the normal retirement age of 65 years, such participant's Company matching contributions shall immediately become 100% vested.

Participants or their beneficiaries are eligible to receive distributions of their vested account balances upon retirement or other termination of employment. Distributions of benefits while the participant is still employed are permitted for rollovers of the account balances, after-tax distributions, financial hardship, as defined, or upon the attainment of age 59½. Participants or their beneficiaries may elect to receive a lump sum payment or minimum required payments.

Notes receivable from participants:

Effective August 1, 2009 the Plan no longer permits loans to be issued to participants. Prior to August 1, 2009 participants were permitted to borrow from their fund accounts a minimum of $1,000 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loans generally must have had an original repayment period that did not exceed 60 months. Loans for the purchase of a primary residence were allowed to have a longer repayment term. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Company.

2. Summary of Accounting Policies

The following are significant accounting policies followed by the Plan:

Basis of accounting:

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of Accounting Policies (continued)

Risks and uncertainties:

The Plan provides for investment options in various investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that material changes in the market values of investment securities will occur in the near term.

3. Investments

The Company has entered into an agreement whereby, Hartford Life Insurance Company (the "Trustee") has been appointed the Trustee of the Plan's assets. Under the terms of the agreement, the Trustee holds and invests the funds of the Plan subject to the direction of a designated investment committee. The Company is the Plan's administrator and fiduciary. All investments are carried at fair value.

The following presents individual investments that represent five percent or more of net assets available for benefits as of December 31, 2010 and 2009:

During 2010, the Plan's investments (including gains and losses on investments sold, as well as held during the year) appreciated in value by a net amount of $160,912.

4. Fair Value Measurements

The Plan defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, Accounting Standards Codification establishes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The three levels of inputs used to measure fair value are as follows:

Level 1	Quoted prices in active markets for identical assets or liabilities.
Level 2	Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
Level 3	Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following table summarizes financial assets and liabilities measured at fair value on a recurring basis as of December 31, 2010 and 2009, segregated among the appropriate levels within the fair value hierarchy:

Description	Fair Value as of December 31, 2010	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets:				
Investments	$ 1,808,323	$ 1,808,323	$ -	$ -
Interest in Common/ Collective Trusts	223,736	-	223,736	-
Total Investments, at fair value	$ 2,032,059	$ 1,803,323	$ 223,736	$ -

(continued)

4. Fair Value Measurements (continued)

Description	Fair Value as of December 31, 2009	Fair Value Measurements		
		Level 1	Level 2	Level 3
Assets:				
Investments	$ 1,477,122	$ 1,477,122	$ -	$ -
Interest in Common/ Collective Trusts	202,509	-	202,509	-
Total Investments, at fair value	$ 1,679,631	$ 1,477,122	$ 202,509	$ -

Mutual funds
The investments are mutual funds. Fair values for these investments are based on quoted prices in active markets and are therefore classified within Level 1 of the fair value hierarchy.

Collective investments trusts
Collective investment trusts are composed of non-benefit responsive investment funds that invest in open-end mutual funds and a collective investment trust that has investments in fully benefit-responsive investment contracts. The Plan's investments in the non-benefit-responsive investment funds are valued based upon the net asset value of units owned by the Plan at year-end. The fair value of the Plan's investments is based on the net asset values of the underlying open-end mutual funds. The fair value of the Plan's interest in the collective investment trust that has investments in fully benefit-responsive contracts. The Plan's interest in this collective investment trust is valued based on information reported by the investment advisor using the audited financial statements of the common collective trust at year-end. The Plan's investment in collective investment trusts are classified as Level 2 investment.

5. Information Certified by Custodian

All information included in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2010 and 2009 and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010 regarding investments and investment income, was certified to the Plan administrator by Hartford Life Insurance Company in its capacity as custodian for the Plan.

6. Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to applicable sections of the Internal Revenue Code, and accordingly, net investment income is exempt from income taxes. The Sponsor has obtained a favorable tax determination letter dated March 31, 2008 from the Internal Revenue Service and believes that the Plan continues to qualify and to operate as designed.

7. Administrative Expenses

The Company performs certain services for the Plan for which no fee is charged. Additionally, the Company paid $11,475 and $11,545 of other expenses related to the administration of the Plan for 2010 and 2009, respectively.

8. Forfeitures

Non-vested contributions which have been forfeited by employees due to termination of employment prior to achieving vested status may be used to pay plan expenses or are re-allocated to Plan participants. Forfeitures for the year ended December 31, 2010 approximated $1,000.

9. Related Party Transactions

The Plan regularly invests in common trust funds and mutual funds managed by entities related to the Trustee. Therefore, these investments represent a party-in-interest to the Plan. These transactions are not considered prohibited transactions by statutory exemptions under ERISA regulations.
