INDEPENDENT AUDITORS' REPORT

Retirement Committee
Community Medical Center 401(k) Retirement Plan
Missoula, Montana

We have audited the accompanying statements of net assets available for benefits of Community Medical Center 401(k) Retirement Plan as of June 30, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the Plan's net assets available for benefits as of June 30, 2011 and 2010, and the changes in the net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basis financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

COMMUNITY MEDICAL CENTER 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011 AND 2010

NOTE 1 DESCRIPTION OF PLAN

The following description of the Community Medical Center 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1986 and most recently restated effective July 1, 2002 and most recently amended July 1, 2011. The Plan covers all employees of Community Medical Center (the Employer) who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Eligible participants may defer up to 100% of their annual compensation. The Plan allows catch-up contributions for participants age 50 and older. Participants may also contribute amounts representing distributions from other qualified plans. Contributions are subject to certain limitations.

For participants who have completed 800 or more hours of service during the plan year, the Employer makes a matching contribution of 25% of deferrals up to the first 6% of eligible compensation.

Certain participants may be entitled to a supplemental annual non-elective employer contribution of 3.25% of eligible employee compensation. To qualify for the supplemental contribution for any plan year, a participant must have attained age 50 and earned at least 10 years of credited service under the Community Medical Center Employees' Pension Plan as of August 31, 1995, have been actively employed by the Employer on July 1, 1995 and be credited with at least 800 hours of service during the plan year for which the contribution is being made. The amount of the contribution is based on age and service as of August 31, 1995.

The Plan allows for automatic enrollment into the Plan of 3% of a participant's annual compensation. The Plan also allows for annual automatic increases for participants contributing less than 3%.

Participant Accounts

The Plan permits participants to direct the investment of their account balance under the Plan. Each participant's account is credited with the participant's contribution, the Employer's contributions, and allocations of Plan forfeited non-vested accounts, earnings and losses. Allocations are based on participant's compensation or account balances, as defined. Income is allocated daily based on each participant's share of the account.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011 AND 2010

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

The benefit to which a participant is entitled is the benefit that can be provided by the participant's account. Upon termination of service, death, disability, or retirement, the participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

If a participant terminated employment and the participant's account balance was never greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

Participant withdrawals prior to termination are allowed in the event of financial hardship or attainment of age 59½.

Vesting

Participants are immediately 100% vested in their own contributions and rollovers plus earning thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are fully vested in the discretionary contributions upon reaching age 65, upon death or permanent disability or upon termination of the Plan. Termination of employment before any of the above occurs activates the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	50%
4	75%
5	100%

Forfeitures

Forfeitures of non-vested accounts can be used to pay Plan expenses or reduce the Employer's contribution, and any remaining amounts are allocated to active participants. Forfeitures of \$-0- and \$10,571 were used to reduce the Employer's contribution for the years ended June 30, 2011 and 2010, respectively. Forfeitures of \$48,085 and \$24,390 were used to pay Plan expenses for the years ended June 30, 2011 and 2010, respectively. At June 30, 2011 and 2010, forfeited non-vested accounts totaled \$29,152 and \$10,571 respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at June 30, 2011 and 2010.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

COMMUNITY MEDICAL CENTER 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011 AND 2010

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan Sponsor has evaluated events and transactions for potential recognition or disclosure through March 13, 2012, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The following table represents investments that represent 5% or more of the Plan's net assets available for benefits as of June 30:

COMMUNITY MEDICAL CENTER 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2011 AND 2010

NOTE 5 PLAN TAX STATUS

The Plan obtained its latest determination letter on April 19, 2005, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the requirements of the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 6 PLAN TERMINATION

Although the Plan has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Certain investments are managed by Wells Fargo Funds Management, LLC, a wholly owned subsidiary of Wells Fargo & Company. Therefore, these transactions qualify as party-in-interest. Fees in the amount of \$48,585 and \$24,890 were paid for the years ended June 30, 2011 and 2010, respectively.
