Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2011 and 2010

Note 1: Description of Plan

The following description of Community Care Network, Inc. Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Community Care Network, Inc. (the “Organization”). For the purposes of elective deferral contributions, an employee shall become eligible to participate in the Plan on the participant’s hire date. For the purposes of the Organization’s discretionary employer matching contributions, an employee becomes eligible after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows certain participants with 15 or more years of service to make special section 403(b) catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers shares of registered investment companies as investment options for participants. The Organization contributes the lesser of the employee contribution or up to 5% of annual compensation for all unionized employees. For all non-unionized employees, the Organization may contribute a matching contribution calculated as a percentage of the participant’s annual compensation. Matching contributions will not be made to any employee participating in the defined benefit plan sponsored by the Organization. Contributions are subject to certain limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Organization’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the Organization’s contributions plus actual earnings thereon.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2011 and 2010

Note 1: Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments.

Forfeited Accounts

At June 30, 2011 and 2010, there were no forfeited nonvested accounts. These accounts may be used to first offset plan expenses and will then be used to reduce future employer contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Basis of Presentation

The Plan follows authoritative guidance issued by the Financial Accounting Standards Board ("FASB") which established the FASB Accounting Standards Codification ("ASC") as the single source of authoritative accounting principles generally accepted in the United States of America.

Reclassifications

Participant loans in the prior year Plan financial statements have been reclassified for comparative purposes to conform to the presentation in the current year Plan financial statements in accordance with accounting guidance issued by FASB. Participant loans are classified as "Notes receivable from participants" on the statements of net assets available for benefits.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2011 and 2010

Note 2: Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The administrative expenses of the Plan are paid by the Plan or the Organization, as determined by the Organization.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through January 25, 2012, the date the financial statements were available to be issued.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2011 and 2010

Note 3: Custodian Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Principal Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of June 30, 2011 and 2010, Note 4, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2011, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended June 30, 2011.

Note 4: Investments (Unaudited)

The following presents investments that represent 5% or more of the Plan's net assets at June 30:

	2011	2010
MFS Total Return Fund	\$ 127,795	\$ 118,642
American Funds Money Market Fund	236,337	324,998
Russell FX Inc. Fund	351,303	367,145
American Funds Capital World Growth & Income Fund	163,225	127,820
Neuberger Berman Socially Resp Inv Fund	138,347	**
T Rowe Price Growth Stock Fund	105,190	106,409
The Principal SmallCap Value II Fund	177,387	144,723
American Funds Washington Mutual Inv Fund	240,931	197,004

**Did not represent greater than 5% of net assets for the respective year.

During fiscal year 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$301,745, which is attributable to the registered investment companies.

Note 5: Fair Value Measurements

The "Fair Value Measurements and Disclosures" topic of the FASB ASC provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2011 and 2010

Note 5: Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2011 and 2010.

Shares of registered investment companies: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5: Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2011:

Note 6: Related-Party Transactions

Certain Plan investments are shares of registered investment companies managed by The Principal Trust Company. The Principal Trust Company is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

Community Care Network, Inc. Retirement Plan

Notes to Financial Statements

June 30, 2011 and 2010

Note 7: Plan Termination

The Organization has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8: Tax Status

There is no requirement for 403(b) plans to receive a favorable determination letter from the Internal Revenue Service indicating that the Plan is qualified under Section 403(b) of the Internal Revenue Code (the "IRC") and is tax-exempt under present income tax law. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for Plan years prior to June 30, 2008.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
