To the Trustees of
Miami Luken, Inc. 401(k) Profit Sharing Plan

We were engaged to audit the financial statements of Miami Luken, Inc 401(K) Profit Sharing Plan (the "Plan") as of June 30, 2011 and 2010, and for the years then ended, and the supplementary schedules as of June 30, 2011, as listed in the accompanying table of contents. These financial statements and supplementary schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by J.P. Morgan Chase, N.A., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the custodian as of and for the years ended June 30, 2011 and 2010, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary schedules taken as a whole. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MIAMI LUKEN, INC.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2011 AND 2010

1. DESCRIPTION OF THE PLAN

The following description of the Miami Luken 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Miami Luken, Inc. and REM Corporation (collectively referred to as "the Company") who have satisfied service requirements as defined in the Plan and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their annual pretax compensation up to prescribed legal limits. Participants who are at least age 50 may elect an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company contributes a matching amount equal to 25% of the first 6% of base compensation that a participant contributes to the Plan. An additional profit sharing amount may be contributed at the Company's discretion.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or participant's beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or substantially equal annual or more frequent installments. In addition, hardship and in-service distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and applicable forfeitures, and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, and other factors, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their 401(k) fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

Payment of Expenses
All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Company elected to pay a portion of the expenses of the Plan for the years ended June 30, 2011 and 2010.

Forfeited Accounts
When certain terminations of participation in the Plan occur, the non-vested portion of a participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. At June 30, 2011 and 2010, forfeited nonvested accounts totaled $2,444 and $2,005, respectively. These amounts can be used to reduce future employer contributions.

Investments
Upon enrollment in the Plan, participants direct their account balances to one or more of several mutual fund options provided by the Plan. Participants may change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. At June 30, 2011, fair value approximated contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 5).

Purchases and sales of securities are recorded on a trade-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits
Benefits are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

4. TAX STATUS

The Plan obtained its latest determination letter on January 30, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2007.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

5. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust: Valued at quoted market prices of the underlying trust investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2011:

	Level 1	Level 2	Level 3	Total
Registered investment funds:				
Blend funds	$ 918,018	$ 0	$ 0	$ 918,018

Total assets at fair value	$ 2,289,089	$ 539,278	$ 0	$ 2,828,367

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Total investment income per Schedule H of Form 5500	$ 464,813

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

Fully benefit-responsive investment contracts are recorded at fair value with no adjustment to contract value on Schedule H of Form 5500.

The following is a reconciliation of deductions per the financial statements for the year ended June 30, 2011 to Schedule H of Form 5500:

Total deductions per the financial statements	$	432,036
Change in excess contributions payable		3,800
Total deductions per Schedule H of Form 5500	$	435,836

9. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACT

The plan invests in a fully benefit-responsive investment contract with JP Morgan Chase Bank, N.A (JP Morgan).

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by JP Morgan, represents contributions made under the contract less any participant-directed withdrawals plus accrued interest.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2011 and 2010 was $536,717 and $539,278, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

9. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the Plan's ability to transact at contract value with JP Morgan. Such events include the following: (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

	JUNE 30,	
	2011	2010
Average Yields		
Based on actual earnings	2.14%	3.05%
Based on interest rate credited to participants	2.44%	2.49%

10. EXCESS CONTRIBUTIONS

Contributions received from participants for 2011 and 2010 are net of payments of $0 and $3,800 respectively, made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is also included in the Plan's statements of net assets available for benefits as excess contributions payable at June 30, 2011 and June 30, 2010, respectively.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan years ended June 30, 2011 and 2010, participant deferrals in the amount of $13,085 and $0, respectively, were not remitted to the Plan by the Employer within the appropriate time period prescribed by law. These transactions constitute prohibited transactions as defined by ERISA. The Employer is aware of the occurrences and has taken appropriate steps to correct the situation.

12. SUBSEQUENT EVENTS

Management evaluated the activity of the Plan through April 10, 2012 (the date the financial statements were made available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Miami Luken, Inc. 401(k) Profit Sharing Plan

We were engaged to audit the financial statements of Miami Luken, Inc 401(K) Profit Sharing Plan (the "Plan") as of June 30, 2011 and 2010, and for the years then ended, and the supplementary schedules as of June 30, 2011, as listed in the accompanying table of contents. These financial statements and supplementary schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by J.P. Morgan Chase, N.A., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the custodian as of and for the years ended June 30, 2011 and 2010, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary schedules taken as a whole. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2011 AND 2010

1. DESCRIPTION OF THE PLAN

The following description of the Miami Luken 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Miami Luken, Inc. and REM Corporation (collectively referred to as "the Company") who have satisfied service requirements as defined in the Plan and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their annual pretax compensation up to prescribed legal limits. Participants who are at least age 50 may elect an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company contributes a matching amount equal to 25% of the first 6% of base compensation that a participant contributes to the Plan. An additional profit sharing amount may be contributed at the Company's discretion.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or participant's beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or substantially equal annual or more frequent installments. In addition, hardship and in-service distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and applicable forfeitures, and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, and other factors, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their 401(k) fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

Payment of Expenses
All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Company elected to pay a portion of the expenses of the Plan for the years ended June 30, 2011 and 2010.

Forfeited Accounts
When certain terminations of participation in the Plan occur, the non-vested portion of a participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. At June 30, 2011 and 2010, forfeited nonvested accounts totaled $2,444 and $2,005, respectively. These amounts can be used to reduce future employer contributions.

Investments
Upon enrollment in the Plan, participants direct their account balances to one or more of several mutual fund options provided by the Plan. Participants may change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. At June 30, 2011, fair value approximated contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 5).

Purchases and sales of securities are recorded on a trade-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits
Benefits are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

4. TAX STATUS

The Plan obtained its latest determination letter on January 30, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2007.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

5. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust: Valued at quoted market prices of the underlying trust investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2011:

	Level 1	Level 2	Level 3	Total
Registered investment funds:				
Blend funds	$ 918,018	$ 0	$ 0	$ 918,018
Bond funds	653,806	0	0	653,806

Total assets at fair value	$ 2,289,089	$ 539,278	$ 0	$ 2,828,367

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Total investment income per Schedule H of Form 5500	$ 464,813

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

Fully benefit-responsive investment contracts are recorded at fair value with no adjustment to contract value on Schedule H of Form 5500.

The following is a reconciliation of deductions per the financial statements for the year ended June 30, 2011 to Schedule H of Form 5500:

Total deductions per the financial statements	$	432,036
Change in excess contributions payable		3,800
Total deductions per Schedule H of Form 5500	$	435,836

9. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACT

The plan invests in a fully benefit-responsive investment contract with JP Morgan Chase Bank, N.A (JP Morgan).

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by JP Morgan, represents contributions made under the contract less any participant-directed withdrawals plus accrued interest.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2011 and 2010 was $536,717 and $539,278, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

9. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the Plan's ability to transact at contract value with JP Morgan. Such events include the following: (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

	2011	2010
Average Yields		
Based on actual earnings	2.14%	3.05%
Based on interest rate credited to participants	2.44%	2.49%

10. EXCESS CONTRIBUTIONS

Contributions received from participants for 2011 and 2010 are net of payments of $0 and $3,800 respectively, made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is also included in the Plan's statements of net assets available for benefits as excess contributions payable at June 30, 2011 and June 30, 2010, respectively.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan years ended June 30, 2011 and 2010, participant deferrals in the amount of $13,085 and $0, respectively, were not remitted to the Plan by the Employer within the appropriate time period prescribed by law. These transactions constitute prohibited transactions as defined by ERISA. The Employer is aware of the occurrences and has taken appropriate steps to correct the situation.

12. SUBSEQUENT EVENTS

Management evaluated the activity of the Plan through April 10, 2012 (the date the financial statements were made available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Miami Luken, Inc. 401(k) Profit Sharing Plan

We were engaged to audit the financial statements of Miami Luken, Inc 401(K) Profit Sharing Plan (the "Plan") as of June 30, 2011 and 2010, and for the years then ended, and the supplementary schedules as of June 30, 2011, as listed in the accompanying table of contents. These financial statements and supplementary schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by J.P. Morgan Chase, N.A., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certification from the custodian as of and for the years ended June 30, 2011 and 2010, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplementary schedules taken as a whole. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2011 AND 2010

1. DESCRIPTION OF THE PLAN

The following description of the Miami Luken 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Miami Luken, Inc. and REM Corporation (collectively referred to as "the Company") who have satisfied service requirements as defined in the Plan and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a portion of their annual pretax compensation up to prescribed legal limits. Participants who are at least age 50 may elect an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company contributes a matching amount equal to 25% of the first 6% of base compensation that a participant contributes to the Plan. An additional profit sharing amount may be contributed at the Company's discretion.

Payment of Benefits

Upon retirement, disability, death, or termination of employment, a participant (or participant's beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, or substantially equal annual or more frequent installments. In addition, hardship and in-service distributions are permitted if certain criteria are met. Benefits are recorded when paid.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and applicable forfeitures, and (b) plan earnings, and charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings, account balances, and other factors, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants
Participants may borrow from their 401(k) fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest is paid ratably through payroll deductions.

Payment of Expenses
All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. The Company elected to pay a portion of the expenses of the Plan for the years ended June 30, 2011 and 2010.

Forfeited Accounts
When certain terminations of participation in the Plan occur, the non-vested portion of a participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined by the Plan, the participant's account will be reinstated. At June 30, 2011 and 2010, forfeited nonvested accounts totaled $2,444 and $2,005, respectively. These amounts can be used to reduce future employer contributions.

Investments
Upon enrollment in the Plan, participants direct their account balances to one or more of several mutual fund options provided by the Plan. Participants may change their investment options at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. At June 30, 2011, fair value approximated contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition
Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 5).

Purchases and sales of securities are recorded on a trade-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Payment of Benefits
Benefits are recorded when paid.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

4. TAX STATUS

The Plan obtained its latest determination letter on January 30, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2007.

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan utilizes a three-level fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical or similar assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

5. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust: Valued at quoted market prices of the underlying trust investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2011:

	Level 1	Level 2	Level 3	Total
Registered investment funds:				
Blend funds	$ 918,018	$ 0	$ 0	$ 918,018
Bond funds	653,806	0	0	653,806

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment options. These investment options are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Total investment income per Schedule H of Form 5500	$ 464,813

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500 (Continued)

Fully benefit-responsive investment contracts are recorded at fair value with no adjustment to contract value on Schedule H of Form 5500.

The following is a reconciliation of deductions per the financial statements for the year ended June 30, 2011 to Schedule H of Form 5500:

Total deductions per the financial statements	$	432,036
Change in excess contributions payable		3,800
Total deductions per Schedule H of Form 5500	$	435,836

9. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACT

The plan invests in a fully benefit-responsive investment contract with JP Morgan Chase Bank, N.A (JP Morgan).

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by JP Morgan, represents contributions made under the contract less any participant-directed withdrawals plus accrued interest.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at June 30, 2011 and 2010 was $536,717 and $539,278, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

9. FULLY-BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the Plan's ability to transact at contract value with JP Morgan. Such events include the following: (a) amendments to the plan document (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the Plan participants are probable of occurring.

	JUNE 30,	
	2011	2010
Average Yields		
Based on actual earnings	2.14%	3.05%
Based on interest rate credited to participants	2.44%	2.49%

10. EXCESS CONTRIBUTIONS

Contributions received from participants for 2011 and 2010 are net of payments of $0 and $3,800 respectively, made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is also included in the Plan's statements of net assets available for benefits as excess contributions payable at June 30, 2011 and June 30, 2010, respectively.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan years ended June 30, 2011 and 2010, participant deferrals in the amount of $13,085 and $0, respectively, were not remitted to the Plan by the Employer within the appropriate time period prescribed by law. These transactions constitute prohibited transactions as defined by ERISA. The Employer is aware of the occurrences and has taken appropriate steps to correct the situation.

12. SUBSEQUENT EVENTS

Management evaluated the activity of the Plan through April 10, 2012 (the date the financial statements were made available to be issued) and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
