Report of Independent Certified Public Accountants

To the Plan Administrator and Participants of the
Global Aeronautica, LLC 401(k) Plan:

We were engaged to audit the financial statements of the **Global Aeronautica, LLC 401(k) Plan** (the Plan) as of September 15, 2011 and December 31, 2010, and for the period from January 1, 2011 to September 15, 2011. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The plan administrator has obtained a certification from the trustee as of September 15, 2011 and December 31, 2010, and for the period from January 1, 2011 to September 15, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to express, and we do not express, an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1 Description of the Plan

The following description of the Global Aeronautica, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering former employees of Global Aeronautica, LLC (Global). Participation in the Plan was voluntary and all employees were eligible to participate. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective December 20, 2009, The Boeing Company (Boeing) purchased Alenia North America, Inc.'s 50% ownership in Global. As a result of this transaction, Global immediately became a wholly owned subsidiary of Boeing. Sponsorship of the Plan transferred to Boeing, and administrative and amendment responsibility over the Plan was delegated to Boeing's Employee Benefit Plans Committee.

Effective June 25, 2010, the Plan was frozen; Global's employees became employees of Boeing, began participation in Boeing's Voluntary Investment Plan (VIP) 401k plan, and were no longer able to make contributions to the Plan.

Effective September 15, 2011, the Plan was merged into the VIP.

Contributions

Prior to June 25, 2010, participants could contribute up to the maximum percentage of compensation and dollar amounts permissible under the Internal Revenue Code (IRC) not to exceed certain limits. Global also made a matching contribution equal to 100% of the first 6% of compensation that had been contributed to each participant's account. Participants who had attained the age of 50 before the end of the plan year were eligible to make catch-up contributions. Discretionary matching contributions could be contributed at the option of the plan administrator. There were no discretionary contributions during the period from January 1, 2011 to September 15, 2011.

Participant Accounts

Each participant's account was credited with the participant's contributions and withdrawals as applicable, Global's contributions and an allocation of plan investment results. The allocation of plan investment results was based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

Vesting

Participants were immediately vested in all contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms ranged from one to five years, unless used for purchase of a primary residence, and no more than one loan could be outstanding at a time. The loans were secured by the balance in the participant's account and bore interest at the current Prime rate, as published in the Wall Street Journal, plus 1%, as of the effective date of the loan. Principal and interest were paid ratably through payroll deductions. Interest rates ranged from 4.25% to 9.25% at September 15, 2011 and December 31, 2010.

Payment of Benefits

A participant whose employment was terminated received the vested portion of his or her account in a lump sum payment, or if more than \$1,000, could defer receipt until the age of 70½. A participant who qualified for early retirement, or who had retired, could receive monthly payments or a lump-sum payment. A participant who was experiencing an immediate and heavy financial need (as defined in the plan document) could receive all or part of his or her account balance in a lump-sum payment. Benefits were recorded when paid.

Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Forfeitures

Any forfeitures occurring during the Plan year or any prior plan year that were not used to pay plan expenses could be used to reduce employer contributions.

2 Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Risks and Uncertainties

The Plan invested in various investment securities. These investment securities were exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it was at least reasonably possible that changes in risks in the near term might have materially affected the financial status of the Plan and the amounts reported in the statements of net assets available for benefits and supplemental schedule.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation in investments included the Plan's gains and losses on the investments bought and sold, as well as held, during the period (see Note 4).

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans were reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Certain expenses of administering the Plan were paid from participants' accounts while certain expenses were paid by Global. Trustee fees paid by the Plan were \$12,668 for the period from January 1, 2011 to September 15, 2011. Boeing paid \$33,718 of expenses on behalf of the Plan for the period from January 1, 2011 to September 15, 2011.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, "Fair Value Measurements and Disclosures" (Topic 820) (ASU 2010-06), which requires new disclosures and clarifies existing disclosures required under current fair value guidance. Under the new guidance, a reporting entity must disclose separately gross transfers in and gross transfers out of Levels 1, 2 and 3 and describe the reasons for the transfers. A reporting entity must disclose and consistently follow its policy for determining when transfers between levels are recognized. The new guidance requires separate presentation of purchases, sales, issuances and settlements rather than net presentation in the Level 3 reconciliation. ASU 2010-06 also requires that the fair values of derivative assets and liabilities be presented on a gross basis except for the Level 3 reconciliation, which may be presented on a net or a gross basis. The ASU makes clear the appropriate level of disaggregation for fair value disclosures, which is generally by class of assets and liabilities, as well as clarifies the requirement to provide disclosures about valuation techniques and inputs for both recurring and nonrecurring fair value measurements that fall under Level 2 or Level 3.

The new disclosure requirements were effective for the Plan year ending December 31, 2010, with the exception of the requirement to separately disclose purchases, sales, issuances and settlements, which was effective for the period from January 1, 2011 to September 15, 2011. The Plan incorporated the required disclosures into these financial statements.

In April 2010, FASB issued ASU No. 2009-6, "Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities." The standard amended FASB Accounting Standards Codification (ASC) 740-10, Accounting for Income Taxes, which established financial accounting and disclosure requirements for recognition and measurement of tax positions taken, and whether those tax positions are more likely than not to be sustained upon examination by the applicable taxing authority based on the technical merits of the position. The financial statements reflect the adoption of FASB ASC 740-10.

In September 2010, FASB issued ASU No. 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans," which provides guidance on how loans to participants should be classified and measured by defined contribution plans. The guidance requires participant loans of a defined contribution plan to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements, reclassifying participant loans of \$232,956 as of December 31, 2009, from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of this new guidance.

In May 2011, FASB issued ASU 2011-04, "Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in US GAAP and Internal Financial Reporting Standards (IFRS)." ASU 2011-04 amended ASC 820, "Fair Value Measurements and Disclosures," to converge the fair value measurement guidance in US GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. As such, the effect of the provisions of ASU 2011-04 has not been reflected in the Plan's financial statements.

3 Fair Value Measurements

Accounting standards for fair value measurements establish a fair value hierarchy that prioritizes the investments to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

- Level 1** Values are based on unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities. An active market is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2** Values are based on (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in non-active markets; or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability.
- Level 3** Values are based on prices or valuation techniques that require investments that are both unobservable and significant to the overall fair value measurement.

Pursuant to the standard, fair value is a market-based measure, considered from the perspective of a market participant who owns an asset or owes a liability. Accordingly, when market observable data is not readily available, assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Prices and inputs are used that are current as of the measurement date, including during periods of market disruption. In periods of market disruption, the ability to observe prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 15, 2011.

Pooled Separate Accounts

Valued at the net asset value of shares held by the Plan. Transfers and withdrawals from the pooled separate accounts may be deferred if a determination of the value of such withdrawal or transfer is not possible because the Securities and Exchange Commission has suspended or otherwise restricted trading of the underlying securities, or another emergency situation outside the control of Hartford Life Insurance Company (Hartford) exists. Also, any transfer or withdrawals from the pooled separate accounts may be delayed for a period of up to thirty (30) days if there is a negative cash flow into the pooled separate accounts, considering all contracts with funds in the pooled separate accounts on the valuation date for such transfer or withdrawal.

Group Annuity Contract

Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. If funds are transferred from the fixed income account to another account under the contract, or withdrawn, if the amount of such transfer or withdrawal, when added to the sum of all such transfers and withdrawals made during the preceding twelve (12) months, would exceed 12% of the balance of the fixed income account twelve (12) months earlier, such withdrawal or transfer shall not be permitted.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2010.

December 31, 2010	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Pooled separate accounts:				
Specialty funds - Real estate	-	439,190	-	439,190
Global funds	-	1,667,577	-	1,667,577
Mid cap funds	-	901,428	-	901,428
Large cap funds	-	1,669,014	-	1,669,014
Balance funds	-	1,187,629	-	1,187,629
Bond funds	-	871,939	-	871,939

Total investments at fair value	-	6,736,777	1,740,410	8,477,187

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the period from January 1, 2011 to September 15, 2011:

Period from January 1, 2011 to September 15, 2011		\$
Balance, beginning of period		1,740,410
Interest credited		146,372
Distributions		(48,720)
Notes receivable from participant issued		40,924
Notes receivable from participant paid		(38,603)
Settlements		(5,833)
Administrative fees		(5,404)
Transfer out due to plan merger		(1,829,146)
Balance, end of period		-

4 Investments

The following table presents the investments that represent 5% or more of the Plan's net assets:

As of	December 31, 2010
	\$
Group annuity contract	1,740,410
Pooled separate accounts:	
MFS International New Disc	706,244
Thornburg International Value	562,552
Pimco Total Return	558,611
Eaton Vance Large-Cap Value	545,800
Federated Kaufmann	538,943
American Funds AMCAP	524,768

The net depreciation in the fair value of investments in pooled separate accounts for the period from January 1, 2011 to September 15, 2011, was \$400,888.

5 Information Certified by the Trustee

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford, the trustee for the Plan, certified that the following data included in the accompanying financial statements was complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of September 15, 2011 and December 31, 2010.
- Total investment loss and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the period from January 1, 2011 to September 15, 2011.

6 Party-in-interest Transactions

The Plan's investments were managed by Hartford, which served as the Plan's record keeper and trustee. The Plan consulted with Wachovia Securities for investment purposes, and plan assets also included notes receivable from participants. Furthermore, Boeing pays certain administrative expenses on behalf of the Plan (see Note 2). These transactions qualified as party-in-interest transactions.

7 Federal Income Tax Status

The Plan was a non-standardized prototype plan issued by Hartford. The prototype plan obtained an opinion letter from the Internal Revenue Service (IRS) specifying the form of the Plan Adoption Agreement and the basic plan document satisfy IRC Section 401 as of March 31, 2008, the date of the opinion letter. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes the Plan is designed in accordance with the applicable requirements of the IRC.

In July 2010, management determined that certain former Global employees were permitted to take hardship withdrawals from their pre-tax contribution accounts without adequate documentation of a hardship. Subsequently, Boeing also identified a small number of former Global employees who were allowed to withdraw a portion of their accounts based on separation from service prior to actual termination of employment. In addition, there were several operational failures identified related to Plan loans involving current and former Global employees. The Plan was corrected through a Voluntary Correction Program (VCP) filing with the IRS submitted in June 2011, according to the guiding principles outlined in the IRS Employee Plans Compliance Resolution System (EPCRS), which involved remitting \$286,202 and associated lost earnings of \$16,507 to the VIP on September 15, 2011. These amounts were included in employer contributions and as an employer receivable at December 31, 2010, in the accompanying financial statements. The IRS acknowledged receipt and provided additional comments but has not reached a final determination on the filing. Revisions were re-submitted in March 2012.

In July 2011, management determined that employee deferrals and employer matching contributions were not calculated for certain types of eligible compensation for certain former Global employees. Also, employee deferrals and employer contributions were not calculated on regular compensation on certain employees' final paychecks. The Plan was corrected through a second VCP filing with the IRS submitted in September 2011, according to the guiding principles outlined in the IRS EPCRS, which involved remitting \$31,164 and associated estimated lost earnings of \$5,002 to the VIP as part of the regular weekly VIP payroll funding request on November 17, 2011. These amounts were included in employer contributions and as an employer receivable at December 31, 2010, in the accompanying financial statements. The IRS acknowledged receipt of this filing, but has not yet reached a final determination.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more than likely would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 15, 2011, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations prior to 2008.

8 Investment in Group Annuity Contract

The Plan invested in a Group Annuity Contract (GAC) issued by Hartford. Amounts contributed to the contract were deposited in Hartford's general account and were included in the statement of net assets available for benefits at the contract value. Those assets held in the GAC were valued at the contract value of the fund which approximated fair value. The contract value represented contributions plus accumulated interest at the contract rate. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract were insurance claims supported by the full faith and credit of Hartford. Hartford was compensated in connection with this product by deducting an amount for investment expenses and risk from the investment experience of certain assets held in Hartford's general account. The average yield on this contract was 3% for the period from January 1, 2011 to September 15, 2011. Each contract year, Hartford establishes a guaranteed crediting rate. The crediting rate was 3% for the period from January 1, 2011 to September 15, 2011 and the year ended December 31, 2010.

9 Reconciliation of Financial Statements to Form 5500

The following table reconciles the information provided in the Form 5500 to the statement of net assets available for benefits as of September 15, 2011 and December 31, 2010, as shown in the Plan's financial statements:

	2011	2010
December 31	Net Assets Available for Benefits End of Year	
	\$	\$
Per financial statements	-	9,358,409
Prior year contributions receivable	-	(357,694)
Per Form 5500	-	9,000,715

10 Subsequent Events

Plan management has evaluated subsequent events through April 12, 2012, the date the financial statements were available to be issued. Other than the corrective contributions remitted to the VIP in September and November 2011 in accordance with the VCP filings with the IRS as described in Note 7, Plan management is not aware of any subsequent events that require recognition or disclosure in the financial statements.
