Freeman Decorating Co. Employee Stock Ownership Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Freeman Decorating Co. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

General

The original Plan became effective July 1, 1980, and was last amended and restated effective July 1, 2008, at which time the Plan was divided into two separate documents, the Freeman Decorating Co. Employee Stock Ownership Plan and the Freeman Decorating Co. Employee Stock Ownership Trust, this change had no effect on participant accounts. The employer companies include Freeman Decorating Co. (the Company) and its subsidiaries: TFC Services, Inc.; Freeman Decorating Services, Inc.; Freeman CDC, Inc.; Freeman Electrical, Inc.; Stage Rigging, Inc.; Freeman AV Solutions, Inc.; Alford Media Services; and AVT Event Technologies, Inc.; (collectively, the Employer Companies). The purpose of the Plan is to provide eligible employees with an opportunity to participate in the ownership of the Company. Employees become eligible to participate in the Plan after completing one year of service.

On September 15, 1998, the Company elected S Corporation status effective July 1, 1998. The Company expects to make annual distributions to all stockholders, including the Plan, based on a percentage of taxable income allocated to the stockholders. That percentage is expected to approximate the combined federal and state tax rates for individuals.

The DC Plans Fiduciary Committee (the Committee) is responsible for the general administration of the Plan. GreatBanc Trust Company (GreatBanc) is the trustee and custodian of the Plan. Crowe Horwath, LLP is the recordkeeper for the Plan.

On February 4, 2011, the Plan purchased Company common stock with a note payable to the Company (see Note 3), and holds the common stock in a trust established under the Plan. The borrowing is to be repaid over a period of fifteen years by fully deductible Company contributions to the trust. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the Internal Revenue Code (the Code).

The borrowing is collateralized by the unallocated shares of common stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated under the Plan. Accordingly, the financial statements of the Plan as of and for the year ended June 30, 2011 present separately the assets and liabilities and changes therein pertaining to the accounts of employees with vested rights in allocated common stock (allocated) and common stock not yet allocated to employees (unallocated).

Vesting

Employees of the Employer Companies become participants in the Plan upon completion of one year of service in which an employee completes not less than 1,000 hours of service and, effective July 1, 2007, vest upon the completion of three years of service. In order to remain active participants, employees must complete a minimum of 1,000 hours of service each Plan year.

Freeman Decorating Co. Employee Stock Ownership Plan

Notes to Financial Statements

Contributions

The Plan provides for annual contributions by the Employer Companies in amounts determined by the Board of Directors. The Plan requires annual contributions sufficient to discharge any current obligations. Contributions may be in cash or shares of the Company's common stock. The Employer Companies' contributions are allocated among participants based on the ratio of each participant's annual compensation to all eligible participants' annual compensation. The Plan allows the Board of Directors to declare a "special" discretionary contribution to be allocated among a targeted group of participants based on the ratio of each targeted participant's annual compensation to all targeted participants' annual compensation. During the 2011 Plan year, a "special" discretionary cash contribution of \$1,816,622 was declared by the Board of Directors. Other changes in participant equity are allocated among all participants on the basis of each participant's account balance. A participant must complete a minimum of 1,000 hours during the Plan year in order to receive an allocation of contributions and/or forfeitures.

Benefit Payments

When a participant's employment ceases, whether by reason of retirement, disability, death, or otherwise, the participant or his beneficiary is entitled to the vested portion of the participant's account.

Upon termination of employment, shares of Freeman Decorating Co. common stock held by a participant in his or her account are converted to cash. This cash comes from active participant accounts in exchange for the shares being converted, or from the Company pursuant to a repurchase agreement. A participant who terminates employment with 10 years of service, is 62 years of age, and elects not to receive a distribution will enter a five-year deferred conversion period. During the period, an equal portion of the shares of Freeman Decorating Co. common stock will be converted to cash each year. All benefit payments are made in cash.

Forfeitures

Forfeitures under the Plan are to be allocated among the remaining active participants, after payment of any expenses that have been charged to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants become fully vested and the assets of the Plan will be distributed.

Voting Rights

In the case of tender offers and certain other corporate actions, each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated shares for which instructions have not been given by a participant, unless the Fiduciary Committee for the Plan provides the Trustee with voting instructions. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

Freeman Decorating Co. Employee Stock Ownership Plan

Notes to Financial Statements

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. A participant's right to direct the investment is limited to shares of Company stock that were acquired by or contributed to the Plan after December 31, 1986.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Administrative Expenses

The Plan provides that expenses incurred in operating the Plan are to be paid by the Plan unless paid by the Employer Companies.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect

Notes to Financial Statements

participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncements

In January 2010, the Federal Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amends ASC 820 to require disclosures regarding the amounts of significant transfers between Level 1 and Level 2 of the fair value hierarchy, the reasons for any transfers in or out of Level 3, and information in the reconciliation of recurring Level 3 measurements about purchases, sales, issuances, and settlements on a gross basis. In addition to these new disclosure requirements, the ASU also amends ASC 820 to clarify that reporting entities are required to provide fair value measurement disclosures for each class of assets and liabilities, as well as disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. The Plan adopted the new disclosures and clarifications of existing disclosures effective June 30, 2011. The effective date for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010; therefore, management is currently evaluating the impact of this disclosure requirement.

3. Acquisition Indebtedness

On December 7, 2009, the Plan entered into a redemption and repurchase agreement with the Company and GreatBanc, whereby the Company redeemed 7,309.9415 shares of common stock for \$10 million. The redeemed shares were repurchased by the Plan for \$10 million pursuant to a credit agreement between the Plan's trust and the Company.

On February 4, 2011, the Plan entered into a redemption and repurchase agreement with the Company and GreatBanc, whereby the Company redeemed 5,847.9532 shares of common stock for \$9 million. The redeemed shares were repurchased by the Plan for \$9 million pursuant to a credit agreement between the Plan's trust and the Company.

The proceeds of both loans were used to purchase Company's common stock. Unallocated shares are collateral for both loans. The agreements provide for the loans to be repaid over fifteen years, in fifteen equal annual principal and interest installments of \$910,135 and \$817,983, respectively. The fair value of the notes payable as of June 30, 2011 was approximately \$8,993,166 and \$8,555,517, respectively, determined by using interest rates currently available for issuance of debt with similar terms, maturity dates, and nonperformance risk.

Freeman Decorating Co. Employee Stock Ownership Plan

Notes to Financial Statements

The scheduled amortization of the loans for the next five years and thereafter is as follows:

	2009 Issuance Date Loan	2011 Issuance Date Loan	Total Payment

Total Principal Payments	\$ 8,993,166	\$ 8,555,517	\$ 17,548,683

The loans bear fixed interest rates of 4.17% and 4.15%, respectively.

At June 30, 2011, the Plan's trust held 99,982 shares of common stock, of which 11,793.3274 are unallocated. As of June 30, 2011, a loan payment payable of \$958,182 and loan interest payable of \$769,936 are reflected on the balance sheet. These payables settled on December 20, 2011.

The Company is obligated to make contributions in cash to the Plan which, when aggregated with the Plan's dividends, equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its term loan.

4. Investments

All investments are non-participant-directed.

All investment information disclosed in the accompanying financial statements and schedules, including investments held and interest and dividends receivable at June 30, 2011 and 2010, and net appreciation in fair value of investments, and interest and dividend income for the year ended June 30, 2011, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by GreatBanc.

During the year ended June 30, 2011, the Plan's investments, including investments purchased, sold, as well as held during the year, appreciated in fair value as follows:

	Net Appreciation in Fair Value of Investments

Mutual funds	1,492,315
Total	\$ 18,889,183

5. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3: Inputs that are unobservable (for example cash flow modeling inputs based on assumptions)

Following is a description of the valuation methodologies used for assets measured at fair value.

Freeman Decorating Co. common stock: Since there was no readily available market for the Company's common stock, the Company engaged an independent appraisal firm to appraise the fair value of its common stock as of June 30, 2011 and 2010. The fair value was determined by weighting the values calculated, using various approaches including a market approach as well as an income approach. The market approach included analyzing various ratios of companies similar to the Company, then applying those ratios to the Company's earnings, cash flow, revenues, and book value that indicated the price per share, if the Company's stock was publicly traded. The income approach was based on a capitalized estimate of the Company's normalized level of free cash flow assuming a constant growth rate. The estimated fair value also includes a 10% illiquidity discount. The Plan does not intend to liquidate its investments in Freeman Decorating Co. common stock.

Mutual funds and money market funds: Valued at fair value using published market prices, which represent the net asset value of shares held by the Plan at year-end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of June 30, 2011 and 2010.

6. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 25, 2009, stating that the Plan, as restated, is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator has indicated that it will continue to operate the Plan in compliance with the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2011 and 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements.
