Report of Independent Accountants

To the Administrator of the
MG Advantage 401(k) Plan

We have audited the accompanying statement of net assets available for plan benefits of the MG Advantage 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2010 and 2009, and the changes in its net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held as of End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Report of Independent Accountants

To the Administrator of the
MG Advantage 401(k) Plan

We have audited the accompanying statement of net assets available for plan benefits of the MG Advantage 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2010 and 2009, and the changes in its net assets available for plan benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held as of End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MG Advantage 401(k) Plan
Notes to Financial Statements
December 31, 2010

1. General

Fidelity Management Trust Company (Fidelity) is the trustee, recordkeeper, and investment manager of the MG Advantage 401(k) Plan (the Plan), pursuant to a trust agreement dated January 1, 2001. The investment fund options include nineteen Fidelity funds, the Lord Abbett Small Company Value Fund, the Rainier Small/Mid Cap Fund, the Dodge & Cox Stock Fund, the Goldman Sachs Mid Cap Value Class A Fund, and the Media General Stock Fund. There have been no changes in fund options in 2010 or 2009. Media General, Inc. (the Company) is the Administrator of the Plan.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires that participant loans be measured at their unpaid principal balance plus accrued interest and be reflected as notes receivable in the Statement of Net Assets Available for Plan Benefits. The Plan adopted ASU 2010-25 for the fiscal year ended December 31, 2010 on a retrospective basis. Accordingly, participant loan balances of \$6,392,757 and \$6,239,924 were reclassified from investments, at fair value to notes receivable from participants in the Statements of Net Assets Available for Plan Benefits as of December 31, 2010 and December 31, 2009, respectively.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Dividends are recorded on the ex-dividend date and interest is accrued as earned. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Generally accepted accounting principles define fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following provides a description of the three levels of inputs that may be used to measure fair value, the types of Plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Mutual Funds and the Media General, Inc. Common Stock Fund:

These investments are public investment securities valued using the Net Asset Value (NAV). The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Common/Collective Investment Trusts:

These investments are public investment securities valued using the NAV provided by Fidelity. The NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

No such Plan investments fit this category.

MG Advantage 401(k) Plan
Notes to Financial Statements (continued)

2. Significant Accounting Policies (continued)

Valuation of Investments (continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value, however, is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fully benefit-responsive investment contracts thorough a common/collective fund (Fidelity Managed Income Portfolio Fund). The Statements of Net Assets Available for Benefits present the fair value of the Fidelity Managed Income Portfolio and the adjustment from fair value to contract value.

Income Tax Status

The Internal Revenue Service ruled on February 27, 2003 that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) as of January 1, 2002, and, therefore, the related trust is not subject to tax under present income tax law. Employee contributions qualify as "cash or deferred" contributions under Section 401(k) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. On January 30, 2010, the Company requested a new ruling from the IRS which will cover all amendments and restatements since the February 27, 2003 ruling up through December 31, 2009. The Company believes the Plan continues to qualify under the IRC and the related trust is tax exempt.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from these estimates.

3. Contributions

The Plan allows participants to make pre-tax contributions by means of regular payroll deductions, up to 30% of a participant's total compensation, subject to limitations prescribed by the Internal Revenue Code. After-tax contributions are not allowed. Prior to April 1, 2009, the Company matched 100% of contributions up to 5% of a participant's total pay. Effective April 1, 2009, the Company suspended all Company matching contributions. There were no employer contributions in 2010.

Participants may rollover account balances from a prior employer's qualified retirement plan or "conduit" IRA that holds only prior qualified plan balances. Participant contributions are invested in accordance with Plan terms directed by participants in the twenty-four investment options mentioned in Note 1. Company matching contributions are initially invested in Company stock.

Participants may change their investment elections directly with Fidelity at any time.

The Plan also includes, among other things, a loan feature (see Note 6). Under specified guidelines, a participant may request the trustee to transfer a portion of the participant's balance in other funds into a loan account for disbursement as a loan to the participant. Repayment of principal and interest is generally made by payroll deduction and the loans are fully secured by the participant's account balance.

Suspending the employer match in April 2009 caused the Plan to no longer be considered a Safe Harbor Plan. By law, all Non-Safe Harbor plans must perform a test to determine if the ratio of contribution deferrals for highly compensated and non-highly compensated employees meets federal guidelines. The Plan refunded \$56,336 and \$84,625 of 2010 and 2009 contribution deferrals, respectively, back to highly-compensated employees during early 2011 and 2010 to be compliant with this test.

MG Advantage 401(k) Plan
Notes to Financial Statements (continued)

4. Profit Sharing Contributions

The Plan has a profit sharing component, dependent upon the Company meeting certain specified financial objectives. This component can range from 2% to 6% of a participant's compensation. Participants are not required to make a pre-tax contribution to receive the profit sharing contribution. All Plan participants on January 1 of a given year are eligible to receive a profit sharing contribution for that year. Otherwise, to be eligible, one must have attained age 18 and completed 1,000 hours of service in the first 12 months of employment or in a given Plan Year. Once eligible, participants will receive a profit sharing allocation, if one is made, if they completed 1,000 hours of service during the Plan Year, and were employed on the last day of the year or die, retire, or become totally and permanently disabled during that Plan Year. If an eligible participant terminates during the Plan Year for other reasons, these former employees may still receive a profit sharing contribution for that Plan Year if they attained age 55 with 10 years of service and were hired before January 1, 2008; or attained age 60 with 10 years of service and were hired after December 31, 2008.

Based on Company performance, there was no profit sharing contribution for the 2010 or 2009 plan years.

5. Eligibility, Vesting, Withdrawals, and Terminations

Any employee who has completed 45 days of service and is at least 18 years old shall be eligible to participate in the Plan as of the first day of the month following meeting these eligibility requirements. In the event of termination of employment or withdrawal from the Plan, participants may receive the total value of their account either directly or by rollover to another qualified account. If the participant's account value is \$1,000 or greater at the time of termination, they may keep their balance in the Plan. The vesting provisions of the Plan provide for immediate 100% vesting of the value of Company pretax matching contributions. Participants are 100% vested in their Profit Sharing Account after completion of three years of service, death, becoming totally and permanently disabled, or reaching age 65. Forfeited non-vested amounts relating to Profit Sharing contributions approximated \$22,000 and \$14,000 as of December 31, 2010 and 2009, respectively. The Company did not utilize any forfeiture balances to reduce Company contributions during 2010, but did utilize \$130,000 of forfeiture balances to reduce Company contributions during 2009.

The Company has established the Plan with the intention that it will continue. The Company has the right at any time to terminate the Plan. Should the Plan be terminated, the value of the participants' accounts would be distributed to the participants in a manner consistent with the Summary Plan Document.

The above descriptions are provided for informational purposes. Readers should refer to the most recently updated Summary Plan Document for more complete information on Plan provisions.

6. Notes Receivable from Participants

The Plan has a loan feature available to all Plan participants. Loans are made from the participant's account, reducing the investment balance and creating a note receivable in the Statement of Net Assets Available for Plan Benefits. Loans are secured by the participant's vested account balance. Loans to terminated participants and loans in default are treated as distributions to the participant. Loans are generally repaid through payroll deduction including principal and interest. The principal portion reduces the receivable from participants and both principal and interest are transferred to the participant's investment account as repayments are received.

Participants may obtain loans based on the vested value of their accounts. New loans cannot exceed 50% of the participant's account value (excluding the value of any profit sharing component) or a maximum of \$50,000 in accordance with the Department of Labor's regulations on loans to participants. Loans are limited to one loan per participant per twelve-month period with a maximum of two loans outstanding at any one time. Loans shall bear a reasonable rate of interest and must be repaid over a period not to exceed 5 years unless used to purchase the participant's primary residence, in which case the loan must be repaid over a period not to exceed 10 years. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary.
