INDEPENDENT AUDITOR'S REPORT

Board of Trustees
The Holcomb Corporation 401(k) Plan
Aptos, California

I was engaged to audit the accompanying statements of net assets available for benefits of The Holcomb Corporation 401(k) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the years then ended, and the supplemental schedule of Schedule H, line 4i-Schedule of Assets (Held At End of Year) as of the year ended December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of The Holcomb Corporation ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of the Company who have one year of service which includes a minimum of 1,000 hours and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year participants may contribute up to an Internal Revenue Service-determined maximum of pretax annual compensation. The Company may also contribute employee matching amounts along with additional amounts that may be contributed at the option of the Company's board of directors. All employer contributions are invested as directed by the employee.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and the Plan's earnings. The participant's accounts are also charged for specific service fees. Allocations are based on participant earnings as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (Continued):

Investment Options – Upon enrollment in the Plan a participant may direct their funds to any combination of the following mutual funds:

Pioneer Equity Income Fund
T. Rowe Price Growth Equity Portfolio
JP Morgan Mid Cap Value Portfolio
T. Rowe Price Mid-Cap Growth Fund
ING VP International Value Portfolio
ING Van Kampen Equity and Income
American Balanced
Washington Mutual Investors
Growth Fund of America
Baron Growth Fund
ING Oppenheimer Global Portfolio
New Perspective Fund
ING Russell Small Cap Index Fund
ING Stock Index Portfolio
ING Pimco Total Return Portfolio

Participants may change their investment options at their discretion.

1. DESCRIPTION OF PLAN (Continued):

Participant Notes Receivable – Participants may borrow from their fund accounts. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. As of December 31, 2010 there were thirty two participant loans outstanding with terms from two to thirty years bearing interest from 5.25% to 10.25% per annum. As of December 31, 2009 there were twenty eight participant loans outstanding with terms from two to thirty years bearing interest from 5.25% to 10.25% per annum. All loans are secured by the participant's vested account balance and are being repaid ratably through semi-monthly payroll deductions.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Included Entities – The Plan covers eligible employees of the following entities that are related via various levels of common ownership: The Holcomb Corporation, Palapas Inc., Seascape Wine & Spirits Inc., and Seascape Resort Ltd. All entities are S Corporations with the exception of Seascape Resort Ltd., which is a limited partnership.

Effective Date – The inception date of the Plan is July 1, 1997.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value (See Note 5). Shares of registered mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Participant note receivables are valued at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

3. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. TAX STATUS:

The Internal Revenue Service has issued a determination letter, dated August 7, 2001, indicating the Plan's provisions are in accordance with applicable sections of the Internal Revenue Code (IRC).

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

5. FAIR VALUE MEASUREMENTS (Continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

5. FAIR VALUE MEASUREMENTS (Continued):
