The following brief description of the Motco, Inc. 401(k) & Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a 401(k) defined contribution plan covering substantially all employees of Motco, Inc. and Subsidiaries (the Sponsor) who are age eighteen or older who have completed 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may contribute up to limits set by the Internal Revenue Service. Effective January 1, 2009, the Plan requires all participants to automatically contribute 6% of compensation to the Plan, unless otherwise elected by the Participant. Roth contributions to the Plan were first permitted on March 23, 2009. The Sponsor will make matching contributions of 50% of the participants' deferral up to 6% of compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after 1 year of credited service with increases of 20 percent per year of service.

Forfeited Accounts

At December 31, 2010, the balance of forfeited non-vested accounts was $11,569. Forfeitures are used to reduce future matching contributions. During the year ended December 31, 2010, an additional $3,908 was added to the forfeitures.

Recent Pronouncements

In January 2010, FASB issued an amendment, *Fair Value Measurement and Disclosures – Improving Disclosures about Fair Value Measurements* (ASU 2010-06), which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. With respect to matters other than Level 3 measurements, the amendment is effective for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010, and has not yet been adopted. Management of the Plan is currently evaluating the impact of the guidance related to Level 3 measurements on its disclosures.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to 50% of their vested account balance or $50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a commercially reasonable rate, depending on length of the loan. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or termination of service due to other reasons, a participant will receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses are recognized at the time the investments are sold. Unrealized gains and losses are recognized annually on December 31.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan provides for various investment options in various combinations of investment funds. Investment funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 12, 2011, the date the financial statements were available to be issued. During this period, the Plan did not have any material recognizable subsequent events.

Administrative Expenses

The Plan's Sponsor absorbs substantially all of the expenses paid for the administration of the Plan.
