Employee Savings Incentive Thrift Plan of
Forbes Management Company Inc.

We were engaged to audit the accompanying statements of net assets available for benefits of the Employee Savings Incentive Thrift Plan of Forbes Management Company Inc. as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at the end of the year) as of December 31, 2010. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee, as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Employee Savings Incentive Thrift Plan of Forbes Management Company Inc.

Notes to Financial Statements

December 31, 2010

1. Organization and Summary of Significant Accounting Policies

Basis of Presentation

The Employee Savings Incentive Thrift Plan of Forbes Management Company Inc. (the “Plan”) is a defined contribution plan to which member employees of Forbes Family Holdings Inc. and its subsidiaries and affiliates (“Forbes,” the “Company” and the “Plan Administrator”) may contribute up to 25% of their salaries each pay period, subject to certain limitations.

The financial statements have been prepared on the accrual basis of accounting.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

All investments of the Plan are held by Fidelity Management Trust Company (“Fidelity”), as trustee to the Plan (the “Trustee”), and are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Participants can elect to have their contributions invested in various mutual fund investment options. The respective investment managers have complete discretionary authority for the purchase and sale of investments within the funds, and all investment decisions among the funds are made by the participants.

Notes to Financial Statements (continued)

1. Organization and Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are reflected on the trade dates. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from employees are recorded when payroll deductions are made from the salaries of Plan participants.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements*, (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances and settlements of Level 3 assets and

liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not affect on the Plan's net assets available for benefits or its changes in net assets available for benefits. The Plan adopted the new guidance in 2010, except for the Level 3 disclosures which are required in 2011.

The adoption in 2010 did not materially affect and the future adoption is not expected to materially affect the Plan's financial statements.

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*, (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010 and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS*, (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures* (ASC 820), to converge the fair value measurement guidance in US generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent Events

Management evaluated subsequent events for the Plan through October 14, 2011, the date the financial statements were available to be issued.

2. Plan Description

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

For a description of the Plan's investment options, other than the Fidelity BrokerageLink, refer to the prospectus supplied by Fidelity, and for Fidelity BrokerageLink refer to the 401K.com website.

The Plan permits full time employees (as defined) to participate in the Plan on the first day of the month following the completion of 30 days of uninterrupted employment provided they have attained age 21.

A separate account is maintained for each participant. Account balances for participants are valued in the form of shares on a daily basis. The value of each share is determined based on quoted market prices at the end of each business day, and each participant is credited with his or her proportionate number of shares.

Each participant's account is credited with participant contributions and earnings thereon. Participant earnings are credited to their accounts based on daily market rates established by the Trustee.

The Company contributes on behalf of each participant a discretionary amount equal to 100% of the first 3% of a participant's base salary limited to \$130,000 of compensation for a maximum match of \$3,900 per participant. On April 1, 2009, the Company ceased making future matching contributions. For the year ended December 31, 2009 the Company contributed approximately \$17,000. There were no matching contributions in 2010.

Employee Savings Incentive Thrift Plan of
Forbes Management Company Inc.

Notes to Financial Statements (continued)

2. Plan Description (continued)

Employee elective contributions are fully vested upon contribution. The Company's matching contributions vest based on either the employee's number of years of participation in the Plan or the number of years of vesting service, whichever is more favorable to the employee. The vesting schedule based on years of participation in the Plan is as follows: after three full years in the Plan, 60%; after four full years in the Plan, 80%; and after five full years in the Plan, 100%. The vesting schedule based on years of credited service is as follows: after two years of credited service, 20%; after three years of credited service, 40%; after four years of credited service, 60%; after five years of credited service, 80%; and after six years of credited service, 100%. Employer contributions also become fully vested when a participant reaches age 65, becomes permanently disabled, or dies before retirement. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company contributions. As of December 31, 2010 and 2009, approximately \$95,000 and \$106,008, respectively, in forfeited amounts were available to offset future contributions.

Upon retirement, death, or disability, if earlier, or termination of employment in the case of vested benefits, the balance in the participant's account will be paid to the participant or his or her beneficiaries either in a lump sum or in installments.

Administrative expenses related to the Plan are paid for by the Company.

Any participant may request loans for amounts that, when combined, do not exceed the lesser of 50% of the vested value of his or her account or \$50,000. The interest rate shall be determined at the time of the loan application and shall be 1% above the prime rate. The period of repayment for any loan shall not exceed five years, unless the loan is to be used in conjunction with the purchase of the principal residence of the participant in which case the repayment shall not exceed 15 years.

While Forbes has not expressed any intent to terminate the Plan, it is free to do so at any time subject to the provisions of ERISA. In the event of termination, each member employee automatically becomes vested to the extent of the balance in his or her separate account.

Forbes Management Company Inc.

3. Investment

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2010 and 2009, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the years ended December 31, 2009 and 2008, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2010	2009
Spartan U.S. Equity Index	\$ 7,243,731	\$ 8,062,972
Fidelity OTC Portfolio	3,933,318	4,613,714
Fidelity Retirement Money Market Portfolio	2,042,599	2,282,650

Fidelity Diversified International Fund	1,800,407	2,345,316
Fidelity Contrafund	1,354,927	1,905,896
American Funds Growth Fund of America	1,318,213	1,359,882

4. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Employee Savings Incentive Thrift Plan of
Forbes Management Company Inc.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable, either directly or indirectly, for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Mutual funds: Valued at the quoted market price of the last business day of the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Employee Savings Incentive Thrift Plan of
Forbes Management Company Inc.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Level 1	Level 2	Level 3	Total
December 31, 2010				
Mutual funds	\$ 24,113,682	\$ –	\$ –	\$ 24,113,682
Total assets at fair value	\$ 24,113,682	\$ –	\$ –	\$24, 113,682
December 31, 2009				
Mutual funds	\$ 26,279,423	\$ –	\$ –	\$ 26,279,423
Total assets at fair value	\$ 26,279,423	\$ –	\$ –	\$26, 279,423

5. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service, dated August 15, 2002, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. The plan administrator believes that the Plan has been designed to comply with the requirement of the Code and has indicated that it will take the necessary steps, if any, to bring the Plan's document into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Employee Savings Incentive Thrift Plan of
Forbes Management Company Inc.

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party Transactions

Certain of the Plan's assets are in funds managed by the Trustee of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.
