Allied Technology Profit Sharing and Savings Plan

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Allied Technology Profit Sharing and Savings Plan ("the Plan"), sponsored and administered by Allied Production Services, Inc. ("the Company", or "Plan Administrator"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a single-employer, defined contribution plan covering all eligible employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Any employee is eligible to participate in the Plan after attaining the age of 21 years and completing six months of preliminary service.

Company's contributions: The Company matches 100% of the first 3% and 50% of the next 2% up to 5% of the participant's compensation, which is deferred as an elective deferral. Matching contributions, net of applied forfeitures, of \$143,843 and \$585,592 were made in 2011 and 2010, respectively. A discretionary profit sharing contribution of \$245,955 was made for the year ending December 31, 2010.

Participant's contributions: A participant can contribute up to 70% of his or her base compensation with a minimum of 1%, up to the maximum IRS imposed dollar limit (\$16,500 and \$22,000 for persons under and over age 50, respectively, in 2011 and 2010). These contributions, deducted from the employee's compensation, are referred to as employee 401(k) contributions by the Plan.

Investment options: A participant in the Plan determines the allocation of his/her contributions and related employer match, if applicable, among various investment funds. Each participant may choose to deposit all contributions in one fund or split the investment in any whole percentage as he/she may designate among the investment options.

Participant Loans: Participants can borrow the lesser of \$50,000 or one half of their vested account balance from the Plan with a minimum loan requirement of \$1,000. Loan terms have a maximum term of five years, except for loans used for the purchase of a principal residence, which may be repaid over a reasonable amount of time but cannot extend past the participant's normal retirement date. Such loans are secured by the participant's vested account balance and bear interest at prime plus 2%. Loans can be refinanced once each Plan year. Principal and interest are paid ratably through payroll deductions.

Vesting: Participants are immediately vested in their voluntary contributions and earnings thereon. Effective January 1, 2005, the Plan converted to a safe-harbor 401k Plan, whereby Company contributions are 100% vested immediately. Vesting in Company non safe-harbor contributions is based on years of service. One year of service is defined by 1,000 hours of work in a calendar year. A participant is 100% vested after five years of service on non safe-harbor contributions.

Forfeitures: Participants terminating from the Plan forfeit the balances in their employer accounts to the extent they have not become vested (as described above) in such amounts. Forfeitures are used to reduce the employer's contribution as such obligations accrue in future years. There were

Allied Technology Profit Sharing and Savings Plan

Notes to Financial Statements

no forfeited balances at July 31, 2011 or December 31, 2010.

Right to benefits:

- | | |
|-----------------------|--|
| (1) Normal retirement | The first day of any month following the date on which a participant or former participant attains age 65 (Normal Retirement Date). At this time, the participant is entitled to the vested portion of the amount credited to the participant's account. |
| (2) Early retirement | No early retirement provision is provided. |
| (3) Disability | The participant is entitled to the vested portion of the amount credited to the participant's account. |
| (4) Death | The participant's spouse or designated beneficiary is entitled to the vested portion of the amount credited to the participant's account. |

Forms of benefit payments: At the election of the participant or a designated beneficiary, benefits are paid in the form of a cash lump-sum payment.

Merger: On July 31, 2011, the Board of Directors of Allied Production Services, Inc. approved the merger of the Plan into the Forum Energy Technologies 401(k) Plan ("the Forum Plan"), effective July 31, 2011. As a result, all investments were transferred from the Plan into the Forum Plan on that date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Notes Receivable from Participants: Loans to participants are reported at their unpaid principal balances plus any accrued unpaid interest. The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Date of Management's Review

Subsequent events have been evaluated through April 24, 2012, which is the date the financial statements were available to be issued.

Investments: Investments are stated at fair value. Fair values generally are determined using quoted market prices or rates. The realized or unrealized gain or loss on investments is based on the value of those assets at the beginning of the Plan year or at the date of purchase, if acquired

Allied Technology Profit Sharing and Savings Plan

Notes to Financial Statements

during the year. Participant loans are stated at cost, which approximates market value. All plan assets were transferred to the Forum Plan before close of business on July 31, 2011.

Expenses: All administrative expenses of the Plan are paid by the Plan.

Reclassifications: Certain reclassifications to prior year balances have been made to conform to current year presentation. Such reclassifications have had no effect on the change in net assets.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly and Level 3 inputs have the lowest priority and consist of unobservable inputs for the asset or liability. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 or Level 2 inputs because they generally provide more reliable evidence of fair value. Level 3 inputs are only used when Level 1 or 2 inputs were not available.

Level 2 Fair Value Measurements: The fair value of mutual funds are based on quoted net asset values of the shares held by the Plan at year-end, and the fair value of the investment contract is based on amounts contributed or transferred to the fixed option account less any withdrawals or transfer out, plus all accrued interest.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of July 31, 2011 and December 31, 2010:

Allied Technology Profit Sharing and Savings Plan

Notes to Financial Statements

	Fair Value	Fair Value Measurements Using: Other than Quoted Prices that are Observable (Level 2)

Total	<u>\$ 4,007,752</u>	<u>\$ 4,007,752</u>

NOTE 4 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's assets as of July 31, 2011 and December 31, 2010, and are valued at fair value as determined by prevailing market rates as of year-end:

	2011	2010
UAL Fixed Account	\$ -	\$ 1,435,535

The Plan's investments (including investments bought, sold and held during the seven months ended) appreciated (depreciated) in value as follows:

	2011
Registered Investment Companies	<u>\$ 157,539</u>

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a benefit-responsive investment contract with American United Life Insurance Company ("AUL"). AUL maintains the contributions in a fixed option, which is backed by AUL's general account. The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by AUL, which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Allied Technology Profit Sharing and Savings Plan

Notes to Financial Statements

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at July 31, 2011 and December 31, 2010 was \$0 and \$1,435,535, respectively. Interest is earned at the higher of the rate guaranteed under the contract (3% for 2011 and 2010) or the current rates established and declared in advance by AUL. The crediting interest rate was 3.00% as of July 31, 2011 and December 31, 2010, respectively. The interest rate is reviewed on a quarterly basis for resetting.

NOTE 6 - TRUSTEE AND ASSET CUSTODIAN

The Company is the administrator/trustee of the Plan. The trustee signed a contract with American United Life Insurance Company to be the Plan's asset custodian (asset custodian). The asset custodian is to receive contributions, manage the investments of the Plan, perform the record-keeping function and make payments to participants in accordance with the Plan's terms.

NOTE 7 - FEDERAL INCOME TAX STATUS

The Plan obtained its latest advisory letter on May 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE 8 - AMOUNTS ALLOCATED TO WITHDRAWING PARTICIPANTS

Amounts allocated to accounts of persons who have withdrawn from the Plan, but have not yet been paid, were approximately \$0 and \$914,706 as of July 31, 2011 and December 31, 2010, respectively. These amounts are included in net assets available for benefits in the accompanying financial statements.

NOTE 9 - RELATED PARTY TRANSACTIONS

As of December 31, 2010, the Plan held certain investments which were issued by American United Life Insurance Company, the asset custodian of the Plan. These investments and transactions therein qualify as party-in-interest transactions. The Plan also paid certain administrative fees to the custodian or a party related to the custodian.

NOTE 10 - PRIORITIES UPON PLAN TERMINATION

In the event of termination of the Plan, the account of each participant shall be fully (100%) vested and non-forfeitable as of the effective date of termination of the Plan. Should the Plan partially terminate, the account of each participant who is deemed to be affected by the partial termination shall be fully (100%) vested and non-forfeitable as of the effective date of the partial termination. The participant's account shall continue to participate in the earnings credited, expenses charged,

Allied Technology Profit Sharing and Savings Plan

Notes to Financial Statements

and any appreciation or depreciation of the investment funds until the vested account is distributed. The vested accounts may be distributed subsequent to the effective date of Plan termination.

NOTE 11 - INFORMATION CERTIFIED BY THE PLAN'S ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan's asset custodian has certified that the following data included in the accompanying financial statements and schedules is complete and accurate:

- a. Investments, as shown in the statements of net assets available for benefits as of July 31, 2011 and December 31, 2010.
- b. Investment gain (loss), as shown in the statements of changes in net assets available for benefits for the seven months ended July 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and schedules.

NOTE 12 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
