Note 1. - DESCRIPTION OF PLAN

The following description of the Harbor Properties, Inc. (the "Company") Employee Savings & Security Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of the Company and its affiliates, Harbor Properties Investors, LLC and New Stevens, LLC. Employees of Harbor Properties and Harbor Properties Investors, LLC are eligible to participate in the Plan if they have completed three months of service, as defined in the plan, and attained age 20-1/2. Employees of New Stevens, LLC are eligible to participate in the Plan if they have completed one year of service, as defined in the Plan, and attained age 20-1/2. The Plan does not include employees whose employment is governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each participant may elect to defer and contribute a percentage of his or her annual compensation, as defined in the Plan, pretax. In addition, effective January 1, 2007 the Plan allows participants to contribute to Roth 401(k) accounts on a post-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 27 mutual fund choices with Fidelity Management Trust Company (see Note 4). The Company matches 100% of the participant's contributions, limited to 4% of the participant's compensation. The match is considered a safe-harbor match that allows the Plan to satisfy non-discrimination tests required by the Internal Revenue Code. Additional discretionary profit sharing amounts may be contributed at the option of the Company's board of directors. The Company did not make a discretionary contribution for 2011 or 2010. Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contributions, earnings from individually directed investment accounts and allocations of the Company's contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their elective contributions and safe-harbor match, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on credited years of service with the Company. A participant is 100% vested after three years of credited service.

Note 1. – DESCRIPTION OF PLAN, continued

Participant Loans. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. Loan interest is fixed at the time of the loan and is determined by the Plan Administrator based on prevailing rates charged for similar loans. Principal and interest are paid ratably through payroll deductions. Repayment of loans other than home loans must not exceed five years. Home loans may be repaid over a period not to exceed ten years.

Payment of Benefits. Upon termination of service due to retirement, death, disability, or termination of employment, a participant may elect to receive the value of their vested account balance distributed as a single lump-sum payment, or a direct rollover to an eligible retirement plan.

However, if the participant's vested benefit is less than \$1,000, a lump-sum distribution will be made as soon as practical following the event that entitles the participant to a distribution.

Subject to Plan Committee approval, participants with immediate financial hardships may receive a partial or total distribution.

Administrative Expenses. Administrative expenses of the Plan are paid by the Plan from forfeited accounts, and from participant accounts, with the remainder absorbed by the Company. Participant accounts are charged fees for loans, and processing withdrawals and distributions.

Note 2. – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through May 23, 2012, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Notes Receivable from participants

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 3. – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 or level 3 inputs were used by the Plan.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset value of the shares held by the Plan at year-end.

The following tables set forth by level within the fair value hierarchy, the plan's investments at fair value and fair value measurements at the reporting date using quoted prices in active markets for identical assets as described by level 1, as of December 31, 2011 and 2010:

Note 5. – PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. One of the company's affiliates, New Stevens, LLC sold their assets and operations to another company. All employees of New Stevens, LLC were terminated effective November17, 2011. The employees became 100% vested in all accounts.

Note 6. – TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 23, 1995, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Effective July 20, 2009, the Company amended and restated its Plan by adopting a volume submitter defined contribution plan prepared by Fidelity Management & Research Company. The Internal Revenue Service has determined and informed Fidelity Management & Research Company that its volume submitter defined contribution plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended several times since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 7. – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8. – RELATED-PARTY TRANSACTIONS

Certain Plan investments with Fidelity Funds are managed by affiliates of Fidelity Management Trust Company, the trustee. The affiliates receive investment management fees for their services. These transactions, therefore, qualify as party-in-interest transactions. Any such fees are offset against plan investment income and losses as presented in the statement of changes in net assets available for benefits. The prospectus of each investment should be referred to for details on the various types and amounts of investment fees charged.

Note 9. – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to the Form 5500:
