Applied Ordnance Technology, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the **Applied Ordnance Technology, Inc. Employee Stock Ownership Plan** (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The **Applied Ordnance Technology, Inc. Employee Stock Ownership Plan** was established on August 1, 1992, as amended and restated on August 1, 2001, to enable eligible employees to share in the Company’s earnings; thereby, providing employees with an opportunity to accumulate funds for their retirement. The Plan was specifically permitted and designed to invest up to 100% of its assets in **Applied Ordnance Technology, Inc.** (“Company”) stock. On August 25, 2006, the Company was acquired by Science Applications International Corporation (“SAIC”). As a condition of this acquisition, the Plan was terminated. The Plan is administered by SAIC (“Plan Sponsor/Administrator”). The Plan’s Trustee is Vanguard Fiduciary Trust Company (“Trustee”). The Trustee has the authority and responsibility for the management and investment of Plan assets.

Plan termination

In connection with the termination of the Plan, the Plan Agreement provides that the participants’ accounts become fully vested and non-forfeitable upon such termination. In addition, following the Plan’s termination and related amendment on August 25, 2006, Plan assets are no longer invested in shares of Company stock. Instead, the Plan’s Trustee is a direct trustee in regards to the investment of Plan assets.

Escrow release

As a result of the sale of the Company in 2006, certain proceeds were transferred to an escrow account and held as security pending resolution of certain pre-acquisition contingencies. Certain of these contingencies were resolved in 2011 and the Plan received the additional sale proceeds during 2011.

Allocations

Each participant’s account is credited with an allocation of the Plan’s investment earnings and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is provided from the participant’s vested account.

Notes to Financial Statements

Benefit payments

Upon termination of service due to death, disability, or retirement, participants or beneficiaries may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over a period of time. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Effective with the Plan termination, all participant accounts have been distributed. The distributions were completed during 2011.

Vesting and forfeitures

As a result of the Plan's termination, all participant accounts became fully vested as of the effective date of the termination. There were no unallocated forfeitures as of October 24, 2011.

Administrative expenses

All expenses related to the operation and administration of the Plan, are paid by the Plan and may be reimbursed by Plan Sponsor.

2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies applied in the preparation of the accompanying financial statements are as follows:

Basis of accounting

As a result of the Plan's termination, the Plan uses the liquidation basis of accounting in conformity with auditing standards generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenses during the reporting period. Actual results could differ from these estimates.

Investments

The investments are stated at fair value. The assets of the Plan were fully liquidated and therefore no investments remain as of October 24, 2011. Fair value has been measured using quoted market prices in an active market. For purposes of financial reporting, the Plan considers all highly liquid investments with original maturities of three months or less to be cash equivalents.

Applied Ordnance Technology, Inc. Employee Stock Ownership Plan

Notes to Financial Statements

Fair value measurements

Accounting guidance has been issued that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value classification of the investments as of August 25, 2011 was Level 1.

3. Information Certified by the Plan's Trustee (Unaudited)

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee

All Plan assets are held by the Plan's Trustee, Vanguard Fiduciary Trust Company. The Trustee has certified to the Plan Administrator the completeness and accuracy of the financial information and data presented as of and for the period ended October 24, 2011. Financial information relating to assets included in the accompanying financial statements is based on information provided by the Plan's Trustee.

The IRS also informed the Plan in the same letter that the termination of the Plan and related trust is in accordance with the applicable sections of the IRC.

**5. Party-In-Interest
Transaction**

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. The Plan is invested in the following fund: Vanguard Prime Money Market Fund. This transaction with the Trustee qualifies as a party-in-interest transaction.
