INDEPENDENT AUDITOR'S REPORT

To Le Chef Bakery 401 (K) Plan and Trust:

I was engaged to audit the accompanying statements of net assets available for plan benefits of Le Chef Bakery 401 (K) Plan and Trust ("the Plan") as of December 31, 2010, and 2009, and the related statements of changes in net assets available for plan benefits for the years then ended and the schedules listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's Trustees and management. My responsibility is to express an opinion on these financial statements based on my audit.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company (U. S. A.) ("John Hancock USA"), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010, and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) DESCRIPTION OF PLAN

Le Pafe, Inc. (doing business as Le Chef Bakery) of Montebello, California, ("the Company") sponsors the Le Chef Bakery 401 (K) Plan and Trust ("the Plan"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees age 21 or older of the Company who have one year of service, as defined. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). It was established effective October 1, 1999.

Contributions: Participants may contribute up to 15 per cent of annual compensation, as defined in the Plan through a 401(k) tax elective deferred salary reduction program. The maximum contribution which a participant may make is limited by Internal Revenue Service ("IRS") Regulations. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan, which has entered into a contract with John Hancock Life Insurance Company (U. S. A.) ("John Hancock USA"). This contract offers a large number of investment fund options.

The Company intends to make a matching contribution to the plan equal to 50 per cent of each eligible participant's elective deferral which does not exceed 8 per cent of compensation. The Company may make additional discretionary matching contributions to the Plan.

Participant Accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution in proportion to the participant's compensation for the year and, (b) Plan earnings or losses based on the participant's account balance.

Notes to Financial Statements
December 31, 2010 and 2009

(1) DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their contributions plus or minus actual earnings or losses thereon. Vesting in the Company's contribution portion of their accounts plus or minus actual earnings or losses thereon is based on years of continuous service. A participant is fully vested after 6 years of credited service.

Participant Loans: Participant loans are available under the Plan. A loan may not be for more than 50 per cent of a participant's vested account, with a $1,000 minimum loan. Interest rates are based upon rates available for similar loans from commercial lending institutions. Participants bear the administrative costs of the loans. Participant loans are collateralized by the participant's vested account.

Payment of Benefits: On termination of service due to death, disability or retirement a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments, or in an annuity plan or in any combination of such payment options.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Estimates: The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Investment Valuation: The Plan's investments consist of Pooled Separate Investment Accounts (SIA's) administered by John Hancock USA. John Hancock USA values the Pooled SIA's at the net fair value of the underlying assets which includes reinvested dividend and interest income, received and accrued, realized gains and losses, and unrealized gains or losses of the underlying SIA assets.

The Plan values its investments in accordance with SFAS No. 157 "Fair Value Measurements." SC SFAS No. 157 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – quoted prices for similar assets or liabilities in active markets.

LE CHEF BAKERY 401 (K) PLAN AND TRUST
Notes to Financial Statements
December 31, 2010 and 2009

Level 2 – inputs to the valuation methodology include: quoted market prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than those quoted prices that are observable for the asset or liability, or inputs that are derive principally from or corroborated by observable market data by correlation or other means.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled separate investment accounts are not publically traded. They are valued by John Hancock using publicly traded information available to John Hancock and would be considered valued under Level 2 methodology.

Guaranteed interest accounts are valued at the face value of the account. Participant loans are valued at the face amount of the participant loan receivable as of the balance sheet date. Cash is valued at the face value of the cash. These would be considered valued under Level 1 methodology.

The following tables set forth by level, within the fail value hierarchy, the Plan's investments at December 31, 2010 and 2009:
