Independent Auditor's Report

To the Plan Administrative Committee
R K Electric, Inc. 401(k) Profit Sharing Plan and Trust

I was engaged to audit the financial statements and supplemental schedule of the R K Electric, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") as of September 30, 2011 and 2010, and for the period from October 1, 2010 to September 30, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Nationwide Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of September 30, 2011 and 2010, and for the period from October 1, 2010 to September 30, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by custodian, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, and in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to the Financial Statements

1. DESCRIPTION OF PLAN

The following description of the R K Electric, Inc. 401(k) Profit Sharing Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on October 10, 1992 as a defined contribution 401(k) profit sharing plan covering employees of the R K Electric, Inc. ("the Plan Sponsor"). Employees are eligible to participate in the Plan providing they are at least age 18 and have completed three months of service. Employees covered under a collective bargaining agreement and nonresident aliens are not eligible to participate in the plan. Participants may begin deferring a portion of their compensation into the Plan on the first day of the month following eligibility. The Plan is subject to the provisions Section 401(a) of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Company has appointed an Investment Committee ("the Committee") to control the operation and administration of the Plan. The trustee, appointed by the Committee, processes and maintains the records of participant data and holds Plan investment assets. The Committee has appointed Nationwide Life Insurance Company as the custodian of the Plan.

Contributions - Employees electing to participate in the Plan may contribute a portion of their annual compensation through payroll withholdings. Contributions to the Plan are limited to the maximum amount allowable under the provisions of the Internal Revenue Service and to an annual limitation of $16,500 for both years 2011 and 2010 ($22,000 for those participants age 50 and over).

Effective October 1, 2004, the Plan Sponsor elected for the Plan to be treated as a "safe harbor" plan. Accordingly, and as required under the safe harbor election, the Plan Sponsor contributed 3% of the participant's eligible compensation to the Plan. In addition to the "safe harbor" contribution, the Plan Sponsor approved a matching contribution equal to 25% of the participant's contribution without limitation.

The Plan Sponsor also elected to provide a discretionary profit sharing contributions for the year ended September 30, 2011.

During the period from October 1, 2010 to September 30, 2011, the Plan Sponsor declared and subsequently paid the following matching, "safe harbor" and profit sharing contributions:

Matching contributions	$ 121,210
"Safe Harbor" contributions	264,438
Discretionary Profit Sharing contributions	146,743
Total plan sponsor contributions	$ 532,391

Vesting - Participants have a 100% non-forfeitable interest at all times in their contributions, plan sponsor "safe harbor" contributions, matching contributions, and the related earnings thereon. Participants vest in Plan Sponsor discretionary "profit sharing" contributions, in ratable annual amounts of 20% after the second year of service. Participants are fully vested in the event of death or disability. Forfeitures of non-vested account balances are reallocated to the remaining participants in the Plan.

Participant Loans– No loans are permitted under the Plan.

Participant Accounts - Each participant's account is credited with the employee's payroll contributions; the employer's matching, "safe harbor" and profit sharing contributions, and Plan earnings and losses. Allocations to participants' accounts are based on participant compensation or account balances in accordance with the provisions of the Plan.

Payment of Benefits– The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement (age 65), death, or termination of employment. Participants who qualify for retirement benefits and withdrawals may elect to receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. In-service withdrawal cannot exceed one (1) in a plan year.

Participants who separate from service and have vested account balances of $1,000 or less are subject to an administrative lump sum distribution at the discretion of the plan administrator. Mandatory distributions of separated participants' vested balances between $1,000 and $5,000 are subject to a direct rollover of their balance into an Individual Retirement Account (IRA) designated by the plan administrator in the name of the separated participant.

Plan Amendments– The Plan was restated on April 22, 2010 to include requirements of the "Post EGTRRA" and "HEART Act". Accordingly, the Plan document was submitted to the Internal Revenue Service for a Letter of Determination which was received on July 8, 2010. There were no other significant amendments to the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Valuation of Investments
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Benefits
Benefits are recorded when paid.

Administrative Expenses - The Company has elected to fund substantially all administrative costs incurred for administering the Plan.

3. INVESTMENTS

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Nationwide Life Insurance Company regarding the current value of assets held at September 30, 2011, and transactions entered into during the year then ended, was used in the preparation of the accompanying financial statements and supplemental schedule.

The following is a summary of the information prepared by Nationwide Life Insurance Company, furnished to the Plan administrator and included in the Plan's financial statements and supplemental schedule:

	2011	2010
Mutual Funds	$ 7,663,939	$ 7,285,595
Total investments	$ 7,663,939	$ 7,285,595

The following investments exceeded 5% of net plan assets as of September 30, 2011:

	Value	Percentage of Assets
AdvisorOne Amerigo Fund	$ 2,391,989	31.2%
AdvisorOne Clermont Fund	527,972	6.9%
AdvisorOne Descartes Fund	781,813	10.2%
AdvisorOne Liahona Fund	406,556	5.3%
AdvisorOne Sel Alloc Fund	565,865	7.4%

During the year ended September 30, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), depreciated by $415,293 as follows:

Interest and dividends on investments	$ 110,827
Realized and unrealized loss - mutual funds	(526,120)
Total	$ (415,293)

Nationwide Life Insurance Company has undergone an examination by other auditors of its internal controls relevant to the processing of transactions and safeguarding of assets as it pertains to its custodial duties. Such examination is designed in accordance with guidance contained in the American Institute of Certified Public Accountants Statement on Auditing Standards No. 70, Reports on the Processing of Transactions by Service Organizations. In its report covering the period from January 1 to December 31, 2010 and dated March 21, 2011, the other auditors identified and tested internal controls that they believed would provide reasonable assurance that certain control objectives would be achieved. Inclusive of those tests and control objectives were contributions, distributions, and investment activity.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means • If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at September 30, 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of September 30, 2011 and 2010.

	Assets at Fair Value as of September 30, 2011

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of Mutual Funds managed by the Trustee of the Plan, Nationwide Life Insurance Company, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested in their employer contributions.

7. TAX STATUS

The plan received its latest favorable opinion letter from the IRS on July 8, 2010, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since the issuance of the opinion letter. However, the plan administrator and the plan's tax counsel believe that the plan is designed and is being operated in full compliance with the legislative changes and requirements under the provisions of the Internal Revenue Code (IRC).

8. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
