Report of Independent Auditors

To the Participants and Administrator of
Scitor Corporation Pension Plan

We were engaged to audit the financial statements of Scitor Corporation Pension Plan (in termination) (the "Plan") at March 1, 2011 and September 30, 2010 and for the period October 1, 2010 to March 1, 2011 and for the fiscal year ended September 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of March 1, 2011 and September 30, 2010 and for the period October 1, 2010 to March 1, 2011 and for the fiscal year ended September 30, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 1 to the financial statements, Plan management elected on September 23, 2010 to terminate the Plan, and the Plan commenced liquidation shortly thereafter. As a result, the Plan changed its basis of accounting for the period subsequent to September 23, 2010 from the ongoing basis to the liquidation basis.

Scitor Corporation Pension Plan (in termination)

Notes to Financial Statements

Period from October 1, 2010 to March 1, 2011 and fiscal year ended September 30, 2010

1. Description of the Plan

The following brief description of the Scitor Corporation (the "Company") Pension Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Termination

On September 23, 2010, an amendment to the Plan was approved to terminate the Plan on or around October 29, 2010. On July 25, 2011, the Plan received a determination letter from the Internal Revenue Service (the "IRS"), which confirmed that the termination of the Plan does not adversely affect its qualifications for federal tax purposes. The Plan distributed, in full, the participant balances between October 1, 2010 and February 18, 2011 in the amount of \$6,164,456. The Plan paid, in full, all administrative expenses between October 1, 2010 and March 1, 2011 in the amount of \$2,954.

General

The Plan was a noncontributory, defined contribution plan established on April 1, 1990 to provide eligible employees of the Company with retirement benefits within the meaning of section 401(a) of the Internal Revenue Code (the "IRC"), as amended. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Effective September 30, 2002 the Plan became inactive, meaning no future contributions were made to the Plan. Employees who were eligible to participate in the Plan prior to September 30, 2002 had residual balances in the Plan. Employees who were hired after September 30, 2002 were ineligible to participate in the Plan.

Contributions

Effective October 1, 2002, the Plan was amended whereby no future employer contributions were made to the Plan.

Vesting

Participants were fully vested in Company contributions and earnings thereon.

Participant Accounts

Participants were able to elect to have their individual account invested in any combination of a variety of mutual funds and common trust funds managed by T. Rowe Price Trust Company ("T. Rowe Price" or "Trustee"). Each participant's account was credited with an allocation of Plan earnings (losses). Allocations were based on participant account balances, as defined.

Payment of Benefits

Upon termination of employment or separation of service due to retirement, death, or disability, the balances in the participants' accounts were distributed to the participants or their beneficiaries in a lump sum payment.

Administrative Expenses

Effective 2010, administrative expenses were paid by an unallocated account funded by T. Rowe Price, the Company, or the Plan. The remaining balance at September 30, 2010 of \$1,792 in the unallocated account was used to pay administrative expenses for the period ended March 1, 2011. The amount funded by T. Rowe Price during the period ended March 1, 2011 was \$1,151, which was used to pay administrative expenses upon termination of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared using the liquidation basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustments of the investment in the collective trust fair value to contract value. The statements of changes in net assets available for benefits were prepared on a contract value basis.

Valuation of Investments and Income Recognition

All investments were reported at fair value as determined by quoted market prices except the T. Rowe Price Stable Value Common Trust Fund and the T. Rowe Price Stable Value Fund, which were stated at contract value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5, "Fair Value of Investments," for a discussion of fair value measurements. Contract value was cost plus accrued income minus redemptions. The Plan's investment in the T. Rowe Price Stable Value Common Trust Fund and the T. Rowe Price Stable Value Fund were valued based on information reported by the Plan Trustee.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains (losses) and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date.

Tax Status

Income taxes were not provided as the Plan is designed to be exempt from taxation under the IRC. The Plan obtained its termination determination letter on July 25, 2011, at which time the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 1, 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes to Financial Statements

Period from October 1, 2010 to March 1, 2011 and fiscal year ended September 30, 2010

Risks and Uncertainties

The Plan provided for various investment options. Investment securities, such as mutual funds and common trust funds, were exposed to various risks, such as interest, market, and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

Payment of Benefits

Benefit payments were recorded when paid.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*, which amends Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, to provide clarification to existing requirements for fair value measurement disclosure. This amendment is required to be applied prospectively, and it is effective for fiscal years beginning after December 15, 2012. Since the Plan was terminated prior to the amendment's effective date, this amendment is not applicable to the Plan.

3. Information Certified by the Trustee

The investment balances and related investment income information, which includes net appreciation (depreciation) in mutual funds, common trust funds, and dividends, included in the statements of net assets available for benefits, the statements of changes in net assets available for benefits, the related notes to financial statements, and the supplemental schedule, excluding the fair value of the Stable Value Fund and the difference between fair value and contract value of the Stable Value Fund as described in Note 2, "Summary of Significant Accounting Policies," were derived from the Plan's trust statements for the period ended March 1, 2011 and the fiscal year ended September 30, 2010, and were certified by the Plan's Trustee, T. Rowe Price Trust Company, as complete and accurate.

4. Investments

The fair value of the individual investments that represented five percent or more of the Plan's net assets available for benefits at March 1, 2011 and September 30, 2010 are as follows:

	2011	2010
T. Rowe Price Mid Cap Growth Fund	\$ -	\$ 990,341
T. Rowe Price Stable Value Common Trust Fund	-	816,938
Vanguard Institutional Index	-	560,361
Artisan International Fund	-	544,685
Aston-Montag & Caldwell Growth Fund	-	484,409
Ivy Science & Technology Fund	-	406,409
T. Rowe Price Balanced Fund	-	399,543
T. Rowe Price Personal Strategy - Growth	-	295,236

5. Fair Value of Investments

The FASB provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities

Scitor Corporation Pension Plan (in termination)
Notes to Financial Statements
Period from October 1, 2010 to March 1, 2011 and fiscal year ended
September 30, 2010

(Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 1, 2011 and September 30, 2010.

Common Collective Trusts: Valued at the net asset value ("NAV") of shares held at year end.

Money Market Funds: Valued at the NAV of shares held at year end.

Mutual Funds: Mutual Funds held by the Plan include funds that are publicly traded. Funds are valued at the NAV of shares held at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
Period from October 1, 2010 to March 1, 2011 and fiscal year ended
September 30, 2010

As a result of the Plan's termination, the Plan had no assets or liabilities as of March 1, 2011. The following table represents assets and liabilities measured and recorded at fair value on the Company's statements of net assets available for benefits on a recurring basis and their level within the fair value hierarchy as of September 30, 2010:

Assets at Fair Value as of September 30, 2010				
	Level 1	Level 2	Level 3	Total
Mutual Funds				
Growth funds	\$ 3,111,561	\$ -	\$ -	\$ 3,111,561
Blended funds	1,433,184	-	-	1,433,184
Fixed income funds	196,329	-	-	196,329
Value funds	194,011	-	-	194,011
Total mutual funds	4,935,085	-	-	4,935,085
Money market funds	1,791	-	-	1,791

Total assets at fair value	<u>\$ 4,936,876</u>	<u>\$ 816,938</u>	<u>\$ -</u>	<u>\$ 5,753,814</u>

Fair Value Measurements of the Investments in Certain Entities that Calculate Net Asset Value per Share

Reporting entities are permitted, as a practical expedient, to measure the fair value of an investment on the basis of the NAV per share of the investment if the NAV is calculated in a manner consistent with measurement principles. The following table represents investments calculated on the basis of NAV per share as of March 1, 2011 and September 30, 2010:

	2011	2010	Redemption Frequency	Trade to Settlement Terms (if currently eligible)
Stable Value Common Trust Fund ¹	\$ -	\$ 816,938	daily, pending market conditions	1 to 3 days

¹ This category represents investments in a Stable Value Common Trust fund, as noted. Its investments are valued at NAV. The fund has daily liquidity and is not subject to any redemption restrictions at the measurement date, unless a total withdrawal of the Plan's assets in the fund is requested, which requires a 12-month waiting period. The fund has different trading terms varying from one to three days.

6. Reconciliation to Form 5500

As of March 1, 2011 and September 30, 2010, net assets available for benefits per the accompanying financial statements reconcile to Form 5500 as follows:

	<u>2011</u>	<u>2010</u>
Net assets available for benefits, per financial statements	\$ -	\$ 5,711,814
Adjustment from contract value to fair value for fully benefit-responsive investment	-	42,000
Net assets available for benefits, at fair value, per Form 5500	<u>\$ -</u>	<u>\$ 5,753,814</u>

For the period ended March 1, 2011, the change in net assets available for the benefits per the accompanying financial statements reconciles to Form 5500 as follows:

Change in net assets available for benefits, per financial statements	\$ (5,711,814)
Adjustment from contract value to fair value for fully benefit-responsive investment	(42,000)
Change in net assets available for benefits, per Form 5500	<u>\$ (5,753,814)</u>

7. Related-Party Transactions

The Plan invested in mutual funds and common trust funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company served as Trustee to the Plan. Transactions in such investments qualified as party-in-interest transactions and were exempt from the prohibited transactions rules. Administrative expenses were paid using an unallocated account established and funded by T. Rowe Price, which qualified as party-in-interest transactions, and were exempt from the prohibited transactions rules.

8. Subsequent Events

In preparing these financial statements, management performed an evaluation of subsequent events through May 31, 2012, the date the financial statements were available for issuance, to determine whether circumstances warranted recognition and disclosure of those events or transactions in the financial statements as of March 1, 2011.
