Wehah Farm, Inc. 401(k) Profit Sharing Plan
Notes to the Financial Statements
August 31, 2011 and 2010

Note 1: Plan Description:

The following description of the Wehah Farm, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan providing retirement benefits for all eligible employees of Wehah Farm, Inc. dba Lundberg Family Farms and Wehah Lundberg, Inc. (the Plan Sponsor) who have completed three months of service and are age twenty-one or older, as defined. The Plan was effective August 1, 1987, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(k) of the Internal Revenue Code. The Plan was most recently amended on September 1, 2010, and the name was revised at that time.

Contributions:

Participants may contribute to the Plan up to limitations established by the Internal Revenue Code. The Plan Sponsor's matching contributions to the 401(k) plan are 50% of the first $20 an employee defers per pay period.

Additional discretionary contributions to the Plan are authorized by the Board of Directors for the benefit of the Plan participants. To receive discretionary contributions, the participant must be actively employed on the last day of the Plan year and have completed more than 1,000 hours of service during the Plan year. Contributions to the Plan are based on a grouping method. Under this method, each participant eligible to receive discretionary contributions will be assigned to a group which will share in the contribution made for that group.

Participant Accounts:

Each participant's account is credited with the participant's contributions, annual allocations of any Plan Sponsor contributions, Plan earnings and forfeitures of terminated participants' nonvested accounts. Allocations of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the balance reflected in the participant's vested account.

Note 1: Plan Description, continued:

Vesting:

Participants are immediately vested in their voluntary contributions plus employer matching contributions and actual earnings thereon. Vesting in the Plan Sponsor's discretionary contributions is in accordance with the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options:

All of the investments in the Plan are participant directed investments.

Notes Receivable from Participants:

Effective September 1, 2010, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at 4.25%, which is a reasonable rate determined by the plan administrator by reviewing the rates charged for similar types of loans by other lenders. Principal and interest is paid ratably through payroll deductions.

Note 1: Plan Description, continued:

Payments of Benefits:

On separation of service (death or termination of employment), the participant or beneficiary is entitled to the vested value of their account either in a lump sum cash payment or annual installments over a period of time not to exceed the participant's or beneficiary's life expectancy. Subject to certain requirements, participants, upon separation of service, may leave their account balance on deposit in the Plan. The participant may withdraw the balance of their account after suffering an extreme financial hardship (as defined by the Plan agreement) or after attaining age fifty-five (55). The distribution of the participant's account must commence no later than April 1, following the calendar year in which the participant attains age seventy and one-half (70-1/2).

Administrative Expenses:

Administrative expenses of the Plan are the responsibility of the Plan. However, the Plan Sponsor may elect to pay for any or all expenses incurred by the Plan. For the year ended August 31, 2011, the Plan Sponsor elected to pay for substantially all of the administrative expenses.

Forfeitures:

At August 31, 2011 and 2010, forfeited non-vested accounts totaled $15,637 and $7,278, respectively. Forfeitures may first be used to pay plan expenses and remaining forfeitures will reduce future employer contributions. For the year ended August 31, 2011, employer contributions were reduced by $7,277 from forfeited non-vested accounts.

Note 2: Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates and Assumptions:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies, continued:

Notes Receivable From Participants:

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

Subsequent Events:

The Company has evaluated all subsequent events through June 12, 2012, the date the financial statements were available to be issued.

Note 3: Investments:

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate. The information certified includes total investments of $8,481,555 and $8,245,030 at August 31, 2011 and 2010, respectively, and related net appreciation in fair value of investments of $695,671 for the year ended August 31, 2011.

Note 4: Fair Value Measurement of Investments:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value of measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurement of Investments, continued:

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of August 31, 2011 and 2010.

Real estate	2,672	-	-	2,672
Total mutual funds	$ 8,245,030	$ -	$ -	$ 8,245,030

Note 5: Net Assets Available for Benefits:

Net assets available for benefits as of August 31, 2011 and 2010 include $528,234 and $252,547, respectively, allocated to the accounts of persons, who as of that date, had withdrawn from participating in the earnings and operations of the Plan. These amounts are payable to the former participants as provided under the terms of the Plan. These amounts have not been recorded as a liability as of August 31, 2011 and 2010.

Note 6: Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right to discontinue its contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7: Income Tax Status:

The Plan is administered by Pension Dynamics Corporation under its volume submitter profit sharing plan approved by the Internal Revenue Service in a letter dated March 31, 2008. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of August 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for tax years prior to 2007.

Note 8: Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.
