Report of Independent Auditors

To the Participants and Benefits Administrative Committee of the
Basell Savings and Investment Plan:

In our opinion, the accompanying statement of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Basell Savings and Investment Plan (the "Plan") at December 31, 2009, and the changes in net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4: Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2009, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In addition, we were engaged to audit the statement of net assets available for benefits as of December 31, 2008. This financial statement is the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by JPMorgan Chase Bank and Fidelity Management Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the trustees as of December 31, 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying December 31, 2008 statement of net assets taken as a whole. The form and content of the information included in this financial statement, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BASELL SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

1. Description of Plan

General – The Basell Savings and Investment Plan (the “Plan”) is a defined contribution plan covering hourly employees of Basell USA Inc. (“Basell” or the “Company”), including all employees located at Edison, New Jersey, who are represented by a union where such union bargained in good faith to be covered under the Plan. The Plan also covers substantially all employees located at Lake Charles, Louisiana, as of April 30, 2006 who are represented by a union, where such union bargained in good faith to be covered under the Plan, who have three months of credited service. On January 2, 2008, the Plan’s active, non-union participants were transferred to the Basell Retirement Savings Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants should refer to the Plan document for a complete description of the Plan.

On January 6, 2009, Basell was included among the debtors who filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code (“Chapter 11”) in the U.S. Bankruptcy Court. The bankruptcy cases were jointly administered in the U.S. Bankruptcy Court under the caption “In re Lyondell Chemical Company, et al.” The Plan of Reorganization provided that Basell would continue to maintain the Plan. On April 30, 2010, the Company emerged from Chapter 11 bankruptcy protection and in conjunction with the emergence, Basell merged into Equistar Chemicals, LP.

Plan Administration – The Plan is administered by the Benefits Administrative Committee (“BAC”) which consists of individuals appointed by the Lyondell Chemical Company Board of Directors (“LCCBD”). In 2008, ADP Retirement Services was the recordkeeper of the Plan and JP Morgan Chase Bank (“Chase”) was the Trustee of the Plan. Beginning January 1, 2009, Fidelity Institutional Retirement Services became the recordkeeper of the Plan and plan assets are maintained in the Lyondell Chemical Company, Equistar Chemicals, LP, Houston Refining LP, Millennium America Holdings Inc., and Basell North America Inc. Master Trust (“Master Trust”) under the custody of Fidelity Management Trust Company (“Fidelity” or “Trustee”). The Trustee makes payments as authorized by the Plan. Basell pays certain administrative expenses of the Plan. The transaction fees are paid by the participants. The Plan sponsor, Basell North America Inc., the BAC and the Trustee do not take responsibility for the investment decisions of individual participants.

Contributions – Subject to the Internal Revenue Code limitation on the maximum amount of an employee’s contribution on a pre-tax basis of \$16,500 in 2009, participants may contribute up to 50% of eligible earnings on a pre-tax or after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to a maximum amount of \$5,500 in 2009. Basell makes matching contributions of 66.7% up to the first 6% of employee contributions. Participants are immediately vested in their contributions, matching contributions and earnings thereon.

Effective the first pay period in April 2009, 401(k) matching contributions were suspended in order to conserve cash while the Company was under protection of the U.S. Bankruptcy Court.

Investment Election – Effective January 1, 2009, all participant assets are held in the Master Trust. Contributions are invested, based on participants’ instructions, in any of the various investment options selected by the Benefits Finance Committee which is comprised of individuals appointed by the LCCBD. Through the Master Trust, the Plan offers various mutual funds, a money market fund and a self-directed brokerage option. Under the self-directed brokerage option, participants may direct investments in any security or other investments offered by the Trustee, regardless of whether they are otherwise offered by the Plan. Prior to January 1, 2009 participant assets were held at Chase.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings. Allocations are based on participant earnings or account balances, as

BASELL SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS—(CONTINUED)

defined by the terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Benefit Payments and Borrowings – Distributions of any participant's vested account balance may be made upon the participant attaining certain age requirements, termination of employment, death, permanent disability, and/or termination of the Plan. Participants are permitted to make hardship withdrawals if certain criteria are met. If a participant's account balance is \$1,000 or less, the participant's account balance will be distributed as soon as practicable after termination.

The Plan permits employees to borrow from their vested account balance, as defined by the Plan and subject to a minimum of \$1,000 and \$15,000 for general-purpose and residential loans, respectively, and a maximum of the lesser of \$50,000 (reduced by the highest outstanding loan balance over the preceding 12 months) or the greater of \$10,000 or 50% of the participant's vested balance. The interest rate currently charged for loans is a fixed rate equal to the average prime rate reported in *The Wall Street Journal* as of the last business day of the month preceeding the date the loan application was received by the Plan, subject to a 6% maximum while a participant is on military leave of absence. The loans are secured by a portion of the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%. Repayment periods range from one to five years for general-purpose loans and one to ten years for residential loans. The loans and interest are repaid ratably through payroll deductions. Repaid principal and interest are added to investment funds according to the current investment elections of the participant. The loans are carried as investments by the Master Trust at their face amount on the Statement of Net Assets Available for Benefits. When a participant terminates employment with the Company, the unpaid balance of the participant's loan(s) may continue to be repaid in a manner other than by payroll deduction. If the loan is not repaid, approximately 14 weeks from the time payment is due after separation from service, it will be automatically treated as a distribution to the participant.

Termination Provision – Although it has not expressed any intent to do so, Basell has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all participants are fully vested in their accounts and all assets of the Plan would continue to be held for distribution to participants as provided in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting, except for benefit payments which are recorded when paid.

Reclassifications – Certain reclassifications have been made to the fair value note to conform to current year presentation.

Accounting and Reporting Changes – On July 1, 2009, the Financial Accounting Standards Board (the "FASB") released the authoritative version of its new Accounting Standards Codification ("ASC") as the single source for Generally Accepted Accounting Principles ("GAAP"), which replaces all previous GAAP accounting standards. While not intended to change GAAP, the ASC significantly changes the way in which the accounting literature is organized. The Plan adopted the ASC to reference GAAP accounting standards in its December 31, 2009 financial statements. The adoption of ASC does not impact the Plan's financial statements except for references made to authoritative accounting literature in footnotes.

In September 2006, the FASB issued ASC 820, *Fair Value Measurements and Disclosures*. ASC 820 provides a common definition of fair value and a framework for measuring assets and liabilities at fair values when a particular

BASELL SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS—(CONTINUED)

standard prescribes and expands disclosures about fair value measurements. The Company adopted the new accounting standard for plan years beginning January 1, 2008. The adoption did not have a material impact on the Plan's financial statements.

On October 10, 2008, the FASB issued ASC 820-10-65-2, *Determining the Fair Value of a Financial Asset When the Market for that Asset is Not Active*, which clarifies the application of ASC 820 in a market that is not active. The update provides additional guidance regarding how the reporting entity's own assumptions should be considered when relevant observable inputs do not exist, how available observable inputs in a market that is not active should be considered when measuring fair value, and how the use of market quotes should be considered when assessing the relevance of inputs available to measure fair value. The guidance became effective immediately upon issuance. The additional guidance with respect to the valuation of its financial assets and liabilities and their corresponding designation within the fair value hierarchy was considered. The Company adopted this guidance on December 31, 2008. The adoption did not have a material impact on the Plan's financial statements.

On May 28, 2009, the FASB issued ASC 855, *Subsequent Events*, which establishes general standards of accounting for, and disclosure of, events that occur after the balance sheet date but before financial statements are issued or are available to be issued. Although there is new terminology, the standard is based on the same principles as those that currently exist in the auditing standards. The Company adopted the standard, which includes a new required disclosure of the date through which an entity has evaluated subsequent events, on December 31, 2009. The adoption did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued additional guidance on improving disclosures regarding fair value measurements. The Accounting Standards Update 2010-06 amends ASC 820-10, *Fair Value Measurements and Disclosures*. This update requires entities to disclose the amounts of significant transfers between Level 1 and Level 2 of the fair value hierarchy and the reasons for these transfers, as well as the reasons for any transfer in or out of Level 3. The update further clarified the existing disclosure requirements in ASC 820-10 regarding: i) the level of disaggregation of fair value measurements; and ii) the disclosures regarding inputs and valuation techniques. This update will be effective January 1, 2010, except for the gross presentation of the Level 3 transfers in and transfers out information, which is effective for the current fiscal year. The Company is currently evaluating both the timing and the impact of the adoption of this amendment.

Common Collective Trust – As described in FASB ASC 962, *Plan Accounting - Defined Contribution Pension Plans*, contract value is the relevant measurement attribute for that portion of the Net Assets Available for Benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits should present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The Plan has an investment election, within the Master Trust, in the RiverSource Trust Income Fund III ("RiverSource" or the "Fund") which is a common collective trust ("CCT"). The underlying investments are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by bonds, bond trusts, and other high-quality investments. The issuers' ability to meet these obligations may be affected by economic developments in their respective companies and industries. The net asset value of the Fund is determined daily. Units can be issued and redeemed any business day at the daily unit value. All earnings and losses of the Fund are reflected in the computation of the daily unit value and are realized by the participant upon withdrawal from the Fund. As of December 31, 2009 and 2008, the fair value of the Plan's investment in RiverSource was \$9,431,635 and \$15,359,119, respectively.

BASELL SAVINGS AND INVESTMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS—(CONTINUED)

Investment Valuation and Income Recognition – For the 2009 plan year, the fair value of the Plan’s interest in the Master Trust is based on the beginning of the year value of the Plan’s interest in the Master Trust plus actual contributions and allocated investment income (loss) less actual distributions. The Master Trust’s assets are allocated among participating plans by assigning to each plan those transactions which can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income (loss) and expenses resulting from the collective investment of the assets of the Master Trust. Quoted market prices are used to value investments in the Master Trust. Investment funds are valued at net asset value as of the last business day of the periods presented, which is the fair value of all securities held plus accruals for dividend income and interest income. Short term and certain other investments and participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are accounted for on the trade date. Gains or losses on the sale or distribution of securities are computed on an average cost basis. Dividend income is accrued on the ex-dividend date and interest income is accrued as earned. The net appreciation or depreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments, is included in “Investment income” in the Statement of Changes in Net Assets Available for Benefits. See Note 8 for discussion of fair value measurements.

For the 2008 plan year, the Plan’s investments are stated at fair value. Quoted market prices are used to value investments. Investment funds are valued at net asset value as of the last business day of the periods presented, which is the fair value of all securities held plus accruals for dividend income and interest income. Short term, certain other investments and participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are accounted for on the trade date. Gains or losses on the sale or distribution of securities are computed on an average cost basis. Dividend income is accrued on the ex-dividend date and interest income is accrued as earned. The net appreciation or depreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments, is included in “Investment income” in the Statement of Changes in Net Assets Available for Benefits. See Note 8 for discussion of fair value measurements.

Transfer Activity – Transfer activity includes transfers to and from other plans participating in the Master Trust.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Use of Estimates – The preparation of the Plan’s financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan’s management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties – The Master Trust provides for various investment options in any combination of stocks, bonds and mutual funds. Investment securities are exposed to various risks, such as market and credit risks. Changes in the values of investment securities will continue to occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

3. Revision

The accompanying 2008 Statement of Net Assets Available for Benefits has been revised to correct an error in the accounting for the Plan's investments in a CCT. The previously issued financial statements reported the investment in the CCT at contract value rather than fair value as required by FASB ASC 962, *Plan Accounting – Defined Contribution Pension Plans*. The effect of this revision is as follows:

	December 31, 2008 <u>As previously issued</u>	December 31, 2008 <u>As revised</u>
Common collective trust, at fair value	\$ 16,406,398	\$ 15,359,119
Adjustment from fair value to contract value for interest in Master Trust/common collective trust relating to fully-benefit responsive investment contracts	\$ -	\$ 1,047,279
Net assets available for benefits, at fair value	\$ -	\$ 29,551,549

There is no difference in the Net Assets Available for Benefits as of December 31, 2008 as a result of the revision.

4. Tax Status

The Plan is a qualified plan under Sections 401(a) and (k) of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan has received a favorable determination letter from the Internal Revenue Service dated September 5, 2002. The Plan has been amended since receiving the determination letter. However, the BAC believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, no provision is made for federal income taxes.

5. Reconciliation of the Plan Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the Plan's net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Schedule H of Form 5500:

	<u>December 31,</u>	
	<u>2009</u>	<u>2008</u>
Net assets available for benefit per the financial statements	\$ 25,546,936	\$ 30,598,828
Deemed distributions of participant loans	(6,807)	(19,777)
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 25,540,129</u>	<u>\$ 30,579,051</u>

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2009 to Schedule H of Form 5500:

	<u>2009</u>
Total benefits paid to participants per the financial statements	\$ 9,519,814
Deemed distributions of participant loans	(12,970)
Total benefits paid per Schedule H of Form 5500	<u>\$ 9,506,844</u>

Amounts allocated to deemed distributions of participant loans are recorded as an investment in the financial statements and recorded as an expense on Schedule H of Form 5500.

Deemed Distribution – A participant loan is deemed distributed during the plan year under the provisions of Internal Revenue Code section 72(p) and Treasury Regulation section 1.72(p) if the participant loan is treated as a direct investment solely of the participant's individual account and the participant has discontinued payment of the loan as of the end of the year. For financial statement purposes, the loan balance is still considered as an outstanding loan until the loan obligation has been satisfied and is not treated as an actual distribution until such time the participant separates from employment and the participant's vested account balance is fully distributed.

6. Lyondell Chemical Company, Equistar Chemicals, LP, Houston Refining LP, Millennium America Holdings Inc., and Basell North America Inc. Master Trust

Effective January 2, 2009, the Master Trust which was established in March 1999, was amended and restated. The Master Trust is a pooled investment trust composed of the beneficial interests of certain participating defined contribution plans of Lyondell Chemical Company, Equistar Chemicals, LP, Houston Refining LP, Millennium America Holdings Inc., and Basell North America Inc. all of which are related entities. At December 31, 2009, the Plan's investment assets were held in a trust account with the Trustee and consisted of a specific interest in the Master Trust. The Plan's specific interest in the Master Trust was approximately 1.98% at December 31, 2009. On January 1, 2009, the assets of the Millennium Savings and Investment Plan, the Basell Retirement Savings Plan, and the Plan were transferred into the Master Trust. The amount of net assets transferred on January 1, 2009 to the Master Trust was \$84,636,351.

NOTES TO THE FINANCIAL STATEMENTS—(CONTINUED)

The Master Trust maintains an investment in a common collective trust. As described in ASC 962, *Plan Accounting-Defined Contribution Pension Plans*, contract value is the relevant measure attribute for that portion of the Net Assets Available for Benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investments of the Master Trust included within this footnote present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

The net assets available for benefits of the Master Trust are presented below:

	December 31, 2009

7. Information Certified by the Plan's Trustee for the Plan Year 2008

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. All of the Plan's investments as of December 31, 2008, were held by Chase and Fidelity. Accordingly, investment amounts included in the Statement of Net Assets Available for Benefits as of December 31, 2008, has been compiled from statements certified as complete and accurate by Chase and Fidelity.

The following individual investments represented more than 5% of Plan assets at December 31, 2008:

Riversource Trust Income Fund III	\$ 15,359,119
SSGA S&P 500 Index Fund	3,098,789
Putnam Balanced Fund	2,143,162
Thornburg International Value Fund	2,076,069
Franklin Small-Mid Cap Growth Fund	1,621,181

8. Fair Value Measurements

As discussed in Note 2, the Plan adopted ASC 820, *Fair Value Measurements and Disclosures*, as of January 1, 2008. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. ASC 820 also specifies a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally-developed market assumptions. In accordance with ASC 820, fair value measurements are classified under the following hierarchy:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable in active markets.

Level 3 – Model-derived valuations in which one or more significant inputs or significant value-drivers are unobservable.

When available, quoted market prices are used to determine fair value and such measurements are classified within Level 1. In some cases where market prices are not available, observable market based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

Fair value measurements are classified according to the lowest level input or value-driver that is significant to the valuation. A measurement may therefore be classified within Level 3 even though there may be significant inputs that are readily observable.

BASELL SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS—(CONTINUED)

Valuation methodologies used for major investment types measured at fair value include:

Money market funds – Recorded using the amortized cost method, which is an estimate of fair value.

Mutual funds – Valued at the net asset value of shares held by the Plan at year end.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Other – Investments consist of stock options, rights, and warrants that are valued at the closing price reported on the active market on which the individual investments are traded.

Common collective trust – Valued based on the net asset values reported by the trustee of the funds.

Bonds – Certain bonds are valued at the closing price reported in the active markets in which the bonds are traded. Other bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Participant loans – Valued at amortized cost, which approximates fair value.

Master Trust assets that are measured at fair value as of December 31, 2009 are summarized below:

	Balance at December 31, 2009	Basis of Fair Value Measurement		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 156,085,054	\$ 45,335,361	\$ 110,749,693	\$ -
Mutual funds	961,313,578	961,313,578	-	-
Common stocks	87,625,177	87,625,177	-	-
Other	1,714,142	1,714,142	-	-
Common collective trust	37,616,521	-	37,616,521	-
Bonds	2,106,087	-	2,106,087	-
Participant loans	43,667,307	-	-	43,667,307
Total investment in Master Trust	<u>\$ 1,290,127,866</u>	<u>\$ 1,095,988,258</u>	<u>\$ 150,472,301</u>	<u>\$ 43,667,307</u>

BASELL SAVINGS AND INVESTMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS—(CONTINUED)

The Plan assets that are measured at fair value as of December 31, 2008 are summarized below:

	Balance at December 31, 2008	Basis of Fair Value Measurement		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 13,653,605	\$ 13,653,605	\$ -	\$ -
Common collective trust	15,359,119	-	15,359,119	-
Participant loans	538,825	-	-	538,825
Total investments	<u>\$ 29,551,549</u>	<u>\$ 13,653,605</u>	<u>\$ 15,359,119</u>	<u>\$ 538,825</u>

The following table sets forth a summary of changes in the fair value of the Master Trust level 3 assets for the year ended December 31, 2009:

	Participant Loans
Plan balance, beginning of year	\$ 538,825
Lyondell Master Trust balance, beginning of year	40,710,180
Transfer of participant loans due to plan mergers	986,038
Loan repayments and withdrawals, net	<u>1,432,264</u>
Balance, end of year	<u>\$ 43,667,307</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Basell believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

9. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are permissible under provisions of ERISA. Basell pays certain costs of administering the Plan.

10. Subsequent Events

On January 1, 2010, employees of Basell became employees of Equistar Chemicals, LP (“Equistar”) and Equistar assumed sponsorship of the Plan.

On April 30, 2010, the Company emerged from Chapter 11 bankruptcy protection and in conjunction with the emergence, Basell merged into Equistar.

On May 10, 2010, it was announced that the Company’s matching contributions to the Plan would resume with the last paycheck processed in May 2010.

The Company has evaluated subsequent events through October 13, 2010, the date the financial statements were issued.
