SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the SM Energy Company 401(k) Profit Sharing Plan as amended (the “Plan”), provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by SM Energy Company, formerly St. Mary Land & Exploration Company and its wholly-owned subsidiaries (the “Company”) effective January 1, 1982. The Plan was most recently amended and restated effective January 1, 2010 and is a defined contribution plan covering employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (“Trustee” or “Fidelity”). Fidelity Employer Services Corporation provides recordkeeping services. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the Service Agreement with the Company. All assets of the Plan are in investment plan accounts at Fidelity.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the month following attainment of age 21. Employees who are residents of Puerto Rico or leased employees are not eligible to participate in the Plan.

Contributions

Eligible participants may contribute, on a pre-tax basis or after-tax Roth basis, up to 60% of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations (\$16,500 for 2011). Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the plan administrator and the Plan Document. The Plan also allows catch-up contributions for participants over the age of 50 subject to certain IRC limitations (\$5,500 for 2011).

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Participants may change their contribution percentage on the first day of every quarter. A participant may cease making pre-tax and Roth contributions at any time.

The Company makes a matching contribution in an amount not to exceed 100% of the first 6% of the participant's elective contribution. The Company does not match any portion of eligible participant catch-up contributions. In addition to the matching contribution, the Company may also make annual discretionary contributions to the Plan. No discretionary contributions were made for the plan year ended December 31, 2011. The Company has the right to amend the plan and to discontinue its contributions at any time.

Total annual contributions per participant additions under the Plan are limited to the lesser of 100% of eligible compensation or \$49,000. Annual additions are defined as employee pre-tax deferral and Roth contributions, Company matching contributions, and additional discretionary contributions, if any. Catch-up contributions are not included in this limitation.

Rollover contributions transferred from other qualified retirement plans are accepted as permitted by the Plan Document.

Participants' Accounts

Participants' accounts are credited with employee pre-tax deferral and Roth contributions, rollover contributions, Company matching and discretionary contributions, are charged with any administrative expenses and allocated plan earnings or losses. Participants may direct the investment of their account balances into various investment options in mutual funds and a money market fund offered by the Plan. Earnings or losses from investment funds are allocated according to the Plan Document and are based on the earnings or losses of the funds in which the participant has elected to invest. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their pre-tax deferral and Roth contributions, and the allocated earnings thereon. A participant's vested interest in Company matching contributions and discretionary contributions is based upon the participant's completed years of service, as follows:

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Years of Service	Vesting
Less than 2	0%
2	40%
3	60%
4	80%
5 or more	100%

For purposes of vesting, years of service are computed based on employment date anniversaries. However, a participant's vesting percentage in Company matching and discretionary contributions shall be 100% vested upon the participant's death, disability, or reaching normal retirement age (65).

Forfeitures

At December 31, 2011 and 2010, forfeited non-vested accounts were \$74,355 and \$130,115, respectively. The amount of any non-vested forfeiture attributed to a participant's break in service, as specified by the Plan Document, will be used to reduce future Company matching contributions and pay plan expenses. For the 2011 plan year, Company contributions were reduced by \$200,418 from forfeitures utilized. Employer contributions receivable as of December 31, 2010 are net of forfeitures utilized in the amount of \$37,903. During the year ended December 31, 2011, expenses of \$14,108 were paid from forfeitures. As of December 31, 2011, remaining unused forfeiture amounts are currently unallocated to participant accounts and are included in plan assets as of year end.

Payment of Benefits

A participant's vested interest in the Plan is payable upon death, attainment of normal retirement age, disability, as defined, or termination of service. A participant may elect to receive his/her benefit payment in the form of a lump-sum amount or installment payments equal to the vested portion of the participant's account, or remain in the Plan if his/her vested account balance has a minimum of \$1,000. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Expenses of the Plan

The Plan pays certain administrative fees (primarily loan origination and recordkeeping fees) which are incurred in connection with the Plan. These costs amounted to \$18,929 for the year ended December 31, 2011 of which \$14,108 were paid from forfeitures. All other expenses of the Plan for the year ended December 31, 2011 were paid by the Company.

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A note is secured by the participant's account and bears an interest rate based upon prevailing commercial lending rates. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Only one note may be outstanding at a time, and no more than one note may be taken out during a plan year. Interest rates for the notes outstanding range from 4.25% to 7.75%, as of December 31, 2011. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, amounts credited to the individual participants' accounts would become 100% vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as further described in Note 5, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interest income is recorded as earned on the accrual basis. Dividend income (and capital gains) is recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document.

Contributions

Participant contributions and related Company matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid by year end.

Subsequent Events

Plan management has evaluated subsequent events through May 30, 2012, which is the date the financial statements were available to be issued.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following information included in the accompanying financial statements and supplemental schedules as complete and accurate.

- Investments and notes receivable from participants as reported in the Statements of Net Assets Available for Plan Benefits as of December 31, 2011 and 2010
- Interest earned on notes receivable from participants and investment loss as reported on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2011

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (CONTINUED)

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. FAIR VALUE MEASUREMENTS AND DISCLOSURES

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual and Money Market Funds: Valued at quoted market prices in active markets that the Plan has the ability to access, which represent the net asset value of shares held by the Plan at year-end, and are Level 1 investments.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE MEASUREMENTS AND DISCLOSURES (CONTINUED)

The following tables sets forth by level, within the fair value hierarchy, the Plan's investments measured on a recurring basis as of December 31, 2011 and 2010:

Totals	\$ 37,601,994	\$ -	\$ -	\$ 37,601,994

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a money market fund managed by Fidelity. Fidelity is the Trustee and recordkeeper, as defined by the Plan. The Plan pays certain Fidelity fees from plan assets. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan for certain investment management fees were deducted from the net assets value of shares of the mutual funds held by the Plan.

7. INCOME TAX STATUS

The Company adopted a Fidelity Volume Submitter Plan Document, which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, indicating that the Volume Submitter plan and trust are designed in accordance with the applicable sections of the IRC. The Plan

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

7. INCOME TAX STATUS (CONTINUED)

has been amended since adopting the Volume Submitter Plan Document, however, the plan administrator believes that the Plan is currently designed and operated in compliance with applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests through its mutual funds in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term could materially affect the amounts reported in the accompanying Statements of Net Assets Available for Plan Benefits and participant accounts.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

Title I of ERISA requires that all participant contributions be submitted to the Plan as soon as administratively possible, but no later than the 15th business day of the month following the month being withheld from participant compensation. Failure to remit employee contributions into the Plan on a timely basis is considered a non-exempt transaction with a party-in-interest.

During 2011, the Company erroneously failed to timely remit contributions of \$195,089, including lost earnings, to the Plan. The Company has calculated lost earnings and has made the required corrections to participants' accounts. See accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2011.

Notes to Financial Statements

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the supplemental Schedule of Assets (Held at End of Year) they are shown as investments.

Independent Auditors' Report

The Plan Administrator of the
SM Energy Company 401(k) Profit Sharing Plan:

We were engaged to audit the accompanying statements of net assets available for plan benefits of SM Energy Company 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2011, and the supplemental schedules of (1) assets (held at end of year) as of December 31, 2011, and (2) delinquent participant contributions for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by the Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the SM Energy Company 401(k) Profit Sharing Plan as amended (the “Plan”), provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan was adopted by SM Energy Company, formerly St. Mary Land & Exploration Company and its wholly-owned subsidiaries (the “Company”) effective January 1, 1982. The Plan was most recently amended and restated effective January 1, 2010 and is a defined contribution plan covering employees of the Company. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty Corporation.

Trustee and Administration of the Plan

The trustee of the Plan is Fidelity Management Trust Company (“Trustee” or “Fidelity”). Fidelity Employer Services Corporation provides recordkeeping services. The administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the Service Agreement with the Company. All assets of the Plan are in investment plan accounts at Fidelity.

Eligibility

Each employee is eligible to become a participant in the Plan on the first day of the month following attainment of age 21. Employees who are residents of Puerto Rico or leased employees are not eligible to participate in the Plan.

Contributions

Eligible participants may contribute, on a pre-tax basis or after-tax Roth basis, up to 60% of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain IRC limitations (\$16,500 for 2011). Salary deferral agreements shall be made, terminated or changed according to procedures and limitations set up by the plan administrator and the Plan Document. The Plan also allows catch-up contributions for participants over the age of 50 subject to certain IRC limitations (\$5,500 for 2011).

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Participants may change their contribution percentage on the first day of every quarter. A participant may cease making pre-tax and Roth contributions at any time.

The Company makes a matching contribution in an amount not to exceed 100% of the first 6% of the participant's elective contribution. The Company does not match any portion of eligible participant catch-up contributions. In addition to the matching contribution, the Company may also make annual discretionary contributions to the Plan. No discretionary contributions were made for the plan year ended December 31, 2011. The Company has the right to amend the plan and to discontinue its contributions at any time.

Total annual contributions per participant additions under the Plan are limited to the lesser of 100% of eligible compensation or \$49,000. Annual additions are defined as employee pre-tax deferral and Roth contributions, Company matching contributions, and additional discretionary contributions, if any. Catch-up contributions are not included in this limitation.

Rollover contributions transferred from other qualified retirement plans are accepted as permitted by the Plan Document.

Participants' Accounts

Participants' accounts are credited with employee pre-tax deferral and Roth contributions, rollover contributions, Company matching and discretionary contributions, are charged with any administrative expenses and allocated plan earnings or losses. Participants may direct the investment of their account balances into various investment options in mutual funds and a money market fund offered by the Plan. Earnings or losses from investment funds are allocated according to the Plan Document and are based on the earnings or losses of the funds in which the participant has elected to invest. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their pre-tax deferral and Roth contributions, and the allocated earnings thereon. A participant's vested interest in Company matching contributions and discretionary contributions is based upon the participant's completed years of service, as follows:

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Years of Service	Vesting
Less than 2	0%
2	40%
3	60%
4	80%
5 or more	100%

For purposes of vesting, years of service are computed based on employment date anniversaries. However, a participant's vesting percentage in Company matching and discretionary contributions shall be 100% vested upon the participant's death, disability, or reaching normal retirement age (65).

Forfeitures

At December 31, 2011 and 2010, forfeited non-vested accounts were \$74,355 and \$130,115, respectively. The amount of any non-vested forfeiture attributed to a participant's break in service, as specified by the Plan Document, will be used to reduce future Company matching contributions and pay plan expenses. For the 2011 plan year, Company contributions were reduced by \$200,418 from forfeitures utilized. Employer contributions receivable as of December 31, 2010 are net of forfeitures utilized in the amount of \$37,903. During the year ended December 31, 2011, expenses of \$14,108 were paid from forfeitures. As of December 31, 2011, remaining unused forfeiture amounts are currently unallocated to participant accounts and are included in plan assets as of year end.

Payment of Benefits

A participant's vested interest in the Plan is payable upon death, attainment of normal retirement age, disability, as defined, or termination of service. A participant may elect to receive his/her benefit payment in the form of a lump-sum amount or installment payments equal to the vested portion of the participant's account, or remain in the Plan if his/her vested account balance has a minimum of \$1,000. Hardship withdrawals and certain other in-service withdrawals are also allowed by the Plan if certain criteria are met.

Expenses of the Plan

The Plan pays certain administrative fees (primarily loan origination and recordkeeping fees) which are incurred in connection with the Plan. These costs amounted to \$18,929 for the year ended December 31, 2011 of which \$14,108 were paid from forfeitures. All other expenses of the Plan for the year ended December 31, 2011 were paid by the Company.

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A note is secured by the participant's account and bears an interest rate based upon prevailing commercial lending rates. The notes are subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Only one note may be outstanding at a time, and no more than one note may be taken out during a plan year. Interest rates for the notes outstanding range from 4.25% to 7.75%, as of December 31, 2011. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, amounts credited to the individual participants' accounts would become 100% vested.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as further described in Note 5, *Fair Value Measurements and Disclosures*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

SM Energy Company 401(k) Profit Sharing Plan

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Interest income is recorded as earned on the accrual basis. Dividend income (and capital gains) is recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan Document.

Contributions

Participant contributions and related Company matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid by year end.

Subsequent Events

Plan management has evaluated subsequent events through May 30, 2012, which is the date the financial statements were available to be issued.

5. FAIR VALUE MEASUREMENTS AND DISCLOSURES

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets the Plan has the ability to access for identical assets and liabilities. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly (quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable). Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual and Money Market Funds: Valued at quoted market prices in active markets that the Plan has the ability to access, which represent the net asset value of shares held by the Plan at year-end, and are Level 1 investments.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and a money market fund managed by Fidelity. Fidelity is the Trustee and recordkeeper, as defined by the Plan. The Plan pays certain Fidelity fees from plan assets. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Notes receivable from participants qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan for certain investment management fees were deducted from the net assets value of shares of the mutual funds held by the Plan.

7. INCOME TAX STATUS

The Company adopted a Fidelity Volume Submitter Plan Document, which received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, indicating that the Volume Submitter plan and trust are designed in accordance with the applicable sections of the IRC. The Plan

7. INCOME TAX STATUS (CONTINUED)

has been amended since adopting the Volume Submitter Plan Document, however, the plan administrator believes that the Plan is currently designed and operated in compliance with applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests through its mutual funds in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term could materially affect the amounts reported in the accompanying Statements of Net Assets Available for Plan Benefits and participant accounts.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

Title I of ERISA requires that all participant contributions be submitted to the Plan as soon as administratively possible, but no later than the 15th business day of the month following the month being withheld from participant compensation. Failure to remit employee contributions into the Plan on a timely basis is considered a non-exempt transaction with a party-in-interest.

During 2011, the Company erroneously failed to timely remit contributions of \$195,089, including lost earnings, to the Plan. The Company has calculated lost earnings and has made the required corrections to participants' accounts. See accompanying Schedule of Delinquent Participant Contributions for the year ended December 31, 2011.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Participant loans are reported as notes receivable from participants in the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes and reporting on the supplemental Schedule of Assets (Held at End of Year) they are shown as investments.
