To the Administrative Committee  
GWP 401(k) Profit Sharing Plan  
Seattle, WA

We were engaged to audit the accompanying statements of net assets available for benefits of GWP 401(k) Profit Sharing Retirement Plan (the Plan) as of December 31, 2011 and 2010, the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and the supplemental schedule of assets held for investment purposes as of December 31, 2011. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified to by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule other than that derived from the information certified to by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Note 1. Description of Plan**

The following description of GWP 401(k) Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

*General*

The Employer established this defined contribution plan effective July 1, 2007 covering substantially all employees of Western Peterbilt, Inc. and its affiliates, which are wholly owned subsidiaries of GWP Holdings, LLC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

*Eligibility*

There are no age or time of service requirements to participate in the Plan. The Plan does not include employees who are governed by a collective bargaining agreement. For new employees hired after October 2011, and for eligible employees who have not made a salary reduction election, 3% will be automatically deducted from the employee's salary. Employees may elect to opt out of the automatic deduction.

*Contributions*

Participants – A participant may elect to defer a portion of their compensation not to exceed the maximum amount deductible under the Internal Revenue Code on a pre-tax basis, an after-tax Roth basis, or a combination of both.

Matching – Effective July 1, 2009, the Employer may make a discretionary matching contribution, determined by the Employer each year. No discretionary matching contribution was made for the years ended December 31, 2011 and 2010.

Top heavy – Each plan year, the Employer may make additional contributions to meet IRS discrimination requirements. There were no top heavy contributions for the Plan years ended December 31, 2011 and 2010.

*Participant Accounts*

Each participant's account is credited with the participant's contributions, an Employer contribution as defined above, and an allocation of Plan earnings, if any, and charged with the participant's share of investment expenses. The Plan's earnings and investment expenses are charged according to the participant's relative account balances in the investment options. Certain fees, if applicable, are also charged to participant accounts.

**Note 1. Description of Plan (cont)**

*Vesting*

Participants are vested immediately in their deferral contributions plus actual earnings thereon. Benefits from employer contributions are 100% vested after three years of credited service.

*Notes Receivable from Participants*

Active participants may take a loan from their vested balance. The maximum loan amount is the lesser of 50% of the participant's vested balance or \$50,000. The minimum loan amount is \$1,000. Loans will be subject to interest rates charged for similar types of loans by other lenders. The maximum loan term is five years or an extended repayment term for the purchase of a primary residence.

*Payment of Benefits*

Retirement – If a participant remains employed with the Employer until retirement, they will receive the total amount credited to their account. The Plan considers retirement age to be 65.

Disability – In the event a participant becomes disabled and terminates employment due to the disability, the participant's account shall be fully vested and the participant will be eligible to receive their benefits.

Death – If a participant should die while employed by the Employer, their account shall be fully vested and will be paid to their designated beneficiary.

Termination – The vested portion of the participant's account will be paid as soon as administratively feasible after the participant terminates employment.

Vested benefits of \$1,000 or less will be paid out in a lump-sum distribution. Vested benefits of less than \$5,000, but greater than \$1,000, will be paid in a direct rollover to an individual retirement plan designated by the Plan administrator. Vested benefits in excess of \$5,000 will be distributed either by rollover to a qualified plan of the participant's direction, or in a lump-sum payment upon request of the participant.

*Forfeitures*

Forfeited balances of terminated participants' non-vested accounts will be used to reinstate previously forfeited participant account balances, pay any administrative expenses of the Plan, or reduce future employer contributions. Forfeitures for the years ended December 31, 2011 and 2010 were \$4,371 and \$8,117, respectively, and were used to pay administrative fees.

**Note 2. Summary of Accounting Principles**

*Basis of Accounting*

The financial reports of the Plan are prepared under the accrual method of accounting.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value as determined by the trustee using various outside pricing sources. See note 7 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation or depreciation in fair value is the net gain or loss on disposition of investments plus the net unrealized increase or decrease in fair value during the year.

*Payment of Benefits*

Benefits are recorded when paid.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Delinquent loans for the Plan year ended December 31, 2010 were \$1,280. There were no delinquent loans for the Plan year ended December 31, 2011.

*Administrative Fees*

Certain administrative expenses are paid by the Employer.

*Subsequent Events*

The Plan has evaluated subsequent events through June 7, 2012, which is the date the financial statements were available to be issued. Subsequent to year end, the Plan's management has not identified any subsequent events requiring financial statement disclosure.

**Note 3. Party in Interest Transactions**

Fidelity Management Trust Company and its affiliates may provide various services to the Plan, including trustee services, recordkeeping, and investment management. These transactions, therefore, qualify as party-in-interest transactions. Fees paid to Fidelity Management Trust Company and its affiliates for investment management are deducted against investment returns.

**Note 4. Information Prepared and Certified by Trustee**

The Plan's management has obtained certification from the trustee, Fidelity Management Trust Company, that the following information provided by the trustee and included in the Plan's financial statements and supplemental schedules is complete and accurate in accordance with section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

1. Amounts included as investments and notes receivable from participants in the statements of net assets available for benefits at December 31, 2011 and 2010, and supplemental schedules at December 31, 2011.
2. Additions and deductions to net assets included in the statement of changes in net assets available for benefits for the year ended December 31, 2011 and 2010.

**Note 6. Fair Value Measurements**

The guidance establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States and expands disclosures about fair value measurements. It also establishes a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as quoted prices (unadjusted) in active markets for identical assets or liabilities that may be accessed at the measurement date; Level 2, defined as inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3, defined as unobservable inputs in which little or no market data exists, thereby requiring an entity to develop its own assumptions.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.  
Money Market Fund: Valued at cost, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

	Assets at Fair Value as of December 31, 2011			
	Total	Level 1	Level 2	Level 3

**Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**Note 8. Tax Status**

The Company adopted a standardized prototype retirement plan prepared by Fidelity Management & Research Company. The Internal Revenue Service has determined and informed Fidelity Management & Research Company dated December 5, 2001, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**Note 9. Risks and Uncertainties**

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.
