## Report of Independent Auditors

To the Participants and Administrator of the  
Crestview Aerospace Corporation 401(k) Profit Sharing Plan:

We were engaged to audit the financial statements of Crestview Aerospace Corporation 401(k) Profit Sharing Plan (the "Plan") as of September 27, 2011 (date of merger) and December 31, 2010 and for the period January 1, 2011 through September 27, 2011, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Life Insurance Company the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of September 27, 2011 and December 31, 2010 and for the period January 1, 2011 through September 27, 2011, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

On September 27, 2011, the Plan merged with and into the L-3 Communications Master Savings Plan.

**Notes to Financial Statements**

**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Crestview Aerospace Corporation 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan’s provisions.

***General***

The Plan was a defined-contribution plan covering all eligible employees of L-3 Crestview Aerospace (the “Company”) who had six months of service and were age eighteen or older. After eligibility requirements have been met, employees were able to enroll in the Plan on the first available semi-annual entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective June 29, 2006, the Crestview Aerospace Corporation shareholders sold 100% of its outstanding common stock to L-3 Communications Corporation and now conducts operations under the name L-3 Crestview Aerospace.

On September 27, 2011, the Plan merged with and into the L-3 Communications Master Savings Plan (the “MSP”).

***Contributions***

Contributions were made by the Company on behalf of the employee participants who agreed to have deductions made from their eligible compensation. Participants were permitted to defer a percentage of their pay into an elective deferral account on a pre-tax basis, subject to the limitations specified in the Internal Revenue Code (IRC). Contributions were limited by Federal Tax legislation; the limit for 2011 401(k) employee contributions was \$16,500 per participant under fifty years of age and \$22,000 for participants fifty years of age and over. Participants could roll over amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer contributions were comprised of two components: a discretionary contribution and an employer-matching contribution. Discretionary contributions were at the option of the Company, and none were made for the period ended September 27, 2011. The employer contribution matched up to 2% of each participant’s voluntary contribution.

***Participant Accounts***

Each participant’s account was credited with the participant’s contribution and the Company’s matching contribution, Plan earnings, and charges for an allocation of fees or administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant’s vested account.

Under the provisions of the Plan, a participant who terminated employment before becoming vested forfeited the unvested amounts when any vested amounts were distributed or, if later, upon the occurrence of five one-year consecutive breaks in

**Notes to Financial Statements**

service. The non-vested portion was transferred to the Company forfeiture account. If a terminated participant was re-employed by the Company before five consecutive one-year breaks in service, his or her forfeited account was reinstated only if he or she repaid any previously distributed vested amounts. Forfeitures were held in investments selected by the Plan administrator until used to pay administrative expenses or to reduce employer contributions. Forfeited balances of terminated participants' non-vested accounts could also be used to reduce future Company contributions. At December 31, 2010, the forfeited non-vested accounts totaled \$12,888. There were no forfeitures used to reduce Company contributions in 2011.

***Vesting***

Participants were immediately vested in their contributions, and actual earnings thereon. The portion of a participant's accrued benefit attributable to the Company's matching contributions, and discretionary contributions were vested to the extent designated below:

Years of service	Percentage Vested
1	25%
2	50%
3	75%
4	100%

***Benefit Payments***

Participants were entitled to the full value of their vested accounts upon occurrence of termination of employment due to death, disability, or normal retirement (age 65). On termination of service, a participant was entitled to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or as a direct rollover into an IRA or another plan. For account balances greater than \$1,000, the participant had the option to remain in the Plan until normal retirement.

***Participant Loans***

Participant loans were not allowed under the Plan.

***Administrative Expenses***

The Company generally paid all administrative expenses of the Plan except for certain expenses, primarily brokerage fees.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The financial statements of the Plan were prepared under the accrual method of accounting, except for the recording of benefit payments as discussed below.

***Investment Valuation and Income Recognition***

The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net depreciation in the fair value of the Plan's investments, which consists of realized gains and losses and the unrealized appreciation (depreciation) of those individual investments. Investment income was recorded as earned. Purchases and sales of investments were accounted for on a trade-date basis. Interest income was recorded as earned. Dividends were reported on the ex-dividend date. See Note 5 for a description of the valuation methodologies for the Plan.

***Payment of Benefits***

Benefits were recorded when paid.

***Use of Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results will differ from those estimates.

***Risks and Uncertainties***

The Plan provided for various investment options, which in turn invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

***Accounting Standards Issued and Not Yet Implemented***

In May 2011, the FASB issued a revised accounting standard for fair value measurement and disclosure. The revisions clarified how to measure fair value and required additional disclosures as follows: 1) transfers between Level 1 and Level 2 of the fair value hierarchy, 2) the valuation process used and the sensitivity of a fair value measurement categorized within Level 3 of the fair value hierarchy to changes in unobservable inputs, and 3) the categorization by level of the fair value hierarchy for items that are not measured at fair value in the Statements of Net Assets Available for Benefits, but for which the fair value of such items is required to be disclosed. The

**Notes to Financial Statements**

revised accounting standard is effective for annual periods beginning after December 15, 2011, and is not expected to have an impact on the Plan's Net Assets Available for Benefits or disclosure requirements.

***Subsequent Events***

The Plan evaluated events after the Statement of Net Assets available for Benefits date through June 27, 2012, the date the financial statements were available to be issued.

**NOTE 3 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN**

The Plan's investments were held by Nationwide Life Insurance Company (Nationwide), the Plan's custodian. Financial information relating to these investments, including investment value, interest and dividend income, and net depreciation in fair value, is included in the accompanying financial statements and notes, based on information provided by the custodian.

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator obtained a certification from the custodian of the Plan that all of the information provided by them was complete and accurate. The amounts included in the financial statements for investments, at fair value, interest and dividend income and net depreciation in fair value of investments, were provided and certified as complete and accurate by the Plan's custodian as of December 31, 2010 and for the period ended September 27, 2011. The incorporation of this financial information in the accompanying financial statements was based solely upon that certification and was not audited by the Plan's independent auditors.

The following investment information was included in the information certified by Nationwide, and was used by the Plan administrator in the preparation of the financial statements in compliance with ERISA:

- a. Total investments of \$7,464,293 as of December 31, 2010, and
- b. Net depreciation in the fair market value of investments of \$517,208 and interest income of \$21,393 for the period ended September 27, 2011.

**NOTE 4 – INVESTMENTS EXCEEDING 5% OF NET ASSETS**

The following table presents the fair value of investments that represent 5 percent or more of the Plan's net assets as of December 31, 2010:

	<u><b>2010</b></u>

During 2011, the Plan's investments (including realized gains and losses on investments bought and sold as well as unrealized gains and losses on investments held during the year) depreciated in value by \$517,208 as follows:

	<u><b>2011</b></u>
Mutual funds.....	\$ 498,818
Fixed contract.....	18,390
Total.....	<u>\$ 517,208</u>

**NOTE 5 – FAIR VALUE MEASUREMENTS**

The plan applied the provisions of the accounting standard on fair value measurements. The provisions of the standard were applicable to all of the Plan's assets and liabilities that were measured and recorded at fair value. This standard established a new framework for measuring fair value and expands related disclosures. This standard defines fair value as the price that would be received for an asset or the exit price that would be paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants. It establishes a fair value hierarchy that gives the highest priority to observable inputs and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described below:

- Level 1: Quoted market prices available in active markets for identical assets or liabilities as of the reporting date. The Plan's Level 1 assets include mutual funds, which are investments in registered investment companies, whose fair values are derived from quoted net asset values (NAVs) available in active markets at the close of a trading day.

**CRESTVIEW AEROSPACE CORPORATION**  
**401(k) PROFIT SHARING PLAN**

**Notes to Financial Statements**

- Level 2: Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. The Plan's Level 2 assets include its money market fund, an institutional mutual fund that computes a daily NAV.
- Level 3: Pricing inputs that are generally unobservable inputs and not corroborated by market data. The Plan's Level 3 assets include its fixed contract, which guarantees both principal and interest. For 2011 and 2010, the fixed interest rate was 3.10% and 3.30%, respectively, which was reset annually and credited daily. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. A contract holder could request a payout in installments, at contract value, over a number of years, or as a lump sum distribution with a market value adjustment (MVA) for distributions exceeding 20% of the annual book value installment limit. The MVA was determined by Nationwide in accordance with uniform procedures applicable to all contracts in this class. The fixed contract did not have a maturity date. There was no provision for a distribution at any specified value at any specified future date and the fixed contract continues until all assets have been distributed. For 2011, the fixed contract was recorded at fair value, which includes the MVA as discussed above.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2010:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total
<b>December 31, 2010:</b>				
Mutual funds.....	\$ 6,515,169	\$ -	\$ -	\$ 6,515,169

Total investments measured at fair value .....	<u>\$ 6,515,169</u>	<u>\$ 37,570</u>	<u>\$ 911,554</u>	<u>\$ 7,464,293</u>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the period ended September 27, 2011.

**Notes to Financial Statements**

**NOTE 6 – RELATED PARTY TRANSACTION**

Nationwide managed certain Plan investments that total \$1,633,701 as of December 31, 2010. Nationwide was the custodian as defined by the Plan and, therefore, these transactions qualified as related party transactions.

**NOTE 7 – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company had the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would have become 100% vested in their accounts.

**NOTE 8 – TAX STATUS**

The prototype Plan and related trust were designed in accordance with and intended to qualify under the IRC. The Company had received a determination letter dated February 29, 2008, with respect to plan qualification for this specific Plan. The Plan Administrator believes that the Plan had been designed and was being operated in such a way as to be qualified under Section 401 of the IRC.

U.S. GAAP required plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator had analyzed the tax positions by the Plan, and had concluded that as of September 27, 2011, there were no uncertain tax positions taken or expected to be taken that would have required recognition of a liability or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress. The Plan Administrator believes it was no longer subject to income tax examinations for years prior to 2008.
