**NOTES TO FINANCIAL STATEMENTS**

Note A – Description of Plan:

*The following description of the SiVance, LLC 401(K) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.*

General

*The Plan is a defined contribution plan covering all full-time employees of SiVance, LLC (the Company) who have met certain eligibility requirements. The Plan Administrator controls and manages the operation and administration of the Plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was adopted December 1, 2009. The purpose of the plan is to provide retirement benefits for the Company's employees.*

*The Plan is intended to be a qualified defined contribution plan that satisfies the requirements of Section 401(k) of the Internal Revenue Code. Under the Code, participants are not liable for federal income taxes on pre-tax employee contributions, company contributions or plan earnings until such time as they are partially or completely withdrawn from the Plan.*

Contributions

*Each year, participants may contribute up to 100% of pre-tax or post-tax annual compensation, as defined in the Plan document, subject to statutory limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additional voluntary contributions are not allowed. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds and a money market fund as investment options for participants. The Company has elected to make a safe harbor 401 (k) matching contribution in the amount of 100% of up to the first 3% of compensation for all eligible participants and 50% of the next 1-3% of compensation for all eligible participants. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Profit sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all participants. Participants also direct the investment of safe harbor, matching and profit sharing contributions into the investment options offered by the plan. Contributions are subject to certain limitations.*

Participant Accounts

*Each participant's account is credited with the participant's voluntary contribution and allocations of (a) the Company's matching contributions, (b) any employer discretionary profit-sharing contribution and (c) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.*

**NOTES TO FINANCIAL STATEMENTS**

Note A – Description of Plan (continued):

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balances, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions. Loans must be repaid within five years.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled \$3,139 and \$0 respectively. Forfeitures can be utilized to offset future employer contributions or to pay administrative expenses of the Plan.

Merger

Effective January 1, 2012, the Board of Directors of Milliken & Company, a controlling party of SiVance, LLC, approved the merger of this plan into the Milliken & Company 401k plan. All investments were transferred from the SiVance plan to the Milliken plan on March 22, 2012. All Company contributions became fully vested at that time.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in his or her account, a rollover, or continue his or her account until age 70-1/2. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The plan allows for hardship withdrawals under certain circumstances. The plan also permits in-service withdrawals for employee deferral contributions at age 59 ½.

Note B – Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting from information supplied by the Company and the Plan administrator.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan holds no such assets at December 31, 2011 or 2010.

**SIVANCE, LLC 401(K) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

Note B – Summary of Significant Accounting Policies (Continued):

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the plan are paid by the company or from plan forfeitures.

Subsequent Events

The plan has evaluated subsequent events through June 14, 2012, the date the financial statements were available to be issued.

Note C – Financial Information Certified by the Trustee:

The plan sponsor has elected the method of compliance by 29 CFR 2520.103-8 of the department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the amounts for the investment assets and transactions in those assets included in the accompanying financial statements and supplemental schedules as of December 31, 2011 and 2010 and for the year ended December 31, 2011, have been compiled from statements certified as complete and accurate by the trustee in accordance with DOL regulations.

During 2011, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$438,693. All investments were mutual funds.

**Note E – Fair Value Measurements:**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**Level 2** Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**SIVANCE, LLC 401(K) PROFIT SHARING PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

Note E – Fair Value Measurements (Continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Common stocks, corporate bonds and U.S. government securities:

Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds:

Valued at the net asset value (NAV) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2011 and 2010:

| Assets at Fair Value as of December 31, 2011 |               |         |         |               |

**NOTES TO FINANCIAL STATEMENTS**

Note E – Fair Value Measurements (Continued):

*Level 3 Gains and Losses:*

*There were no level 3 assets for the year ended December 31, 2011.*

Note F – Tax Status:

*The IRS has determined and informed the company by a letter dated April 2, 2010 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.*

*U.S GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.*

Note G – Risks and Uncertainties:

*The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.*

Note H – Reconciliation of Financial Statements to Schedule H of Form 5500:
