SPRINGFIELD, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
September 30, 2011 and 2010

Note 1 – Description of Plan

The following brief description of the Springfield, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

a. General – The Plan is a defined contribution plan that covers all employees of Springfield, Inc. (Company) who have six months of service and are age twenty-one or older. Entry into the Plan occurs semi-annually on the first day of the Plan year and the first day of the seventh month of the Plan year following the date an employee meets the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

b. Contributions – Each year participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Rollover contributions amounted to approximately $3,600 for the plan year ended September 30, 2011. There were no rollover contributions for the plan year ended September 30, 2010. The Company may make a discretionary matching or profit sharing contribution. The Company made a matching contribution of the participant's elected deferral for the first one and one half percent of the participant's eligible compensation for the year ended September 30, 2011 and September 30, 2010, respectively. Such profit sharing contribution, if any, shall be allocated to each participant based on compensation, as defined in the Plan. No discretionary profit sharing contributions were made for the years ended September 30, 2011 and 20010. Contributions are subject to certain limitations.

c. Participants' accounts – Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contribution, and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portions of their accounts plus actual earnings thereon occurs at the rate of 20% for each year of service after one year of service. A participant is 100 percent vested after six years of credited service. Vesting of 100 percent of a participant's employer contributions and earnings thereon also occurs upon death, disability of the participant or attainment of age 65 (normal retirement).

e. Investment options – Upon enrollment into the plan, participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers eighteen investment options for participants. Participants may change their investment options daily. The Plan is intended to be an ERISA Section 404 (c) plan.

Note 1 – Description of Plan (continued)

f. Payment of benefits – Upon termination of service due to retirement, death, disability, or separation from service, participants may receive benefits in a lump sum or installments, in accordance with the Plan. Also, upon retirement, disability, or separation from service, participants may elect to continue their account as permitted by the Internal Revenue Code. Participants are also allowed to make hardship withdrawals in certain circumstances.

g. Forfeited accounts – At September 30, 2011 and 2010, forfeited nonvested accounts amounted to approximately $1,400 and $100, respectively. Forfeited amounts will be used to reduce future employer contributions. Forfeited nonvested accounts used to reduce employer contributions were approximately $1,400 and $100 for the plan years ended September 30, 2011 and 2010, respectively.

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

a. Basis of accounting – The accompanying financial statements are prepared on the accrual basis of accounting.

b. Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

c. Current accounting developments – In January 2010, the FASB issued guidance which expands the required disclosures about fair value measurements. In particular, this guidance requires (i) separate disclosure of the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements along with the reasons for such transfers, (ii) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements, (iii) fair value measurement disclosures for each class of assets and liabilities and (iv) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level 2 or Level 3. This guidance was effective for periods beginning after December 15, 2009 except for (ii) above which was effective for fiscal years beginning after December 15, 2010. The Plan has adopted this guidance for the 2011 Plan year with no material impact on the Plan's financial statements.

Note 2 – Summary of Significant Accounting Policies (continued)

d. Investment valuation and income recognition – The Plan's investments are stated at fair value. The fair values of units in registered investment companies are valued at the fair value of the underlying assets. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade date basis.

e. Net appreciation (depreciation) in fair value of investments – The earnings, expenses, realized gains or losses and unrealized appreciation (depreciation) are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of registered investment companies.

f. Administrative expenses – The direct costs of administering the Plan are paid by the Company.

Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

g. Payment of benefits – Benefit payments to participants is recorded when paid.

h. Subsequent events – Subsequent events have been evaluated through July 3, 2012, which represents the date of the financial statements were available to be issued. Subsequent events after that date have not been evaluated.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair Value Measurements at Reporting Date Using:
September 30, 2011	Total	(Level 1)
Money market fund	$ 534,178	$ 534,178

Total	$2,928,440	$2,928,440

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures* (formerly SFAS No. 157, *Fair Value Measurements*), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets, that the plan has the ability to access, and have the highest priority. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable

Note 3 – Fair Value Measurements (continued)

for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

There have been no changes in methodology used at September 30, 2011 and 2010.

Note 4 – Investments

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by MG Trust Company, L.L.C., the custodian of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedules.

Investments that represent 5% or more of the Plan's net assets are separately identified.

Note 4 – Investments (continued)

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) $(67,141) and $175,125, respectively, as follows:

	2010	2011
Dividends	$ 14,860	$ 9,102
Net appreciation (depreciation) in fair value of registered investment companies	(82,001)	166,023
Total investment income	$(67,141)	$175,125

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6 – Tax Status

The Plan adopted the CPI Qualified Plan Consultants, Inc Defined Contribution Prototype Plan and Trust. CPI received acknowledgement from the Internal Revenue Service in March 2008, indicating the prototype, as designed, was exempt from federal income tax. The IRS permits the Plan to rely on their approval of the CPI prototype plan. The Plan has since adopted the IRS Model Amendment relating to several tax law changes. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed tax positions taken by the Plan, and has concluded that as of September 30, 2011, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8 – Related Party Transactions

MG Trust Company, L.L.C. (MG) is the custodian as defined by the Plan and transactions with MG qualify as party-in-interest transactions. CPI Qualified Plan Consultants, Inc. (CPI) is the record keeper and transactions with CPI qualify as party-in-interest transactions.
