# POLYMEDCO, INC. 401(K) SAVINGS PLAN

## NOTES TO FINANCIAL STATEMENTS
## DECEMBER 31, 2011 AND 2010

### 1. DESCRIPTION OF THE PLAN

The following brief description of the Polymedco, Inc. 401(K) Savings Plan (the "Plan") provides only general information. Participants should refer to the summary plan description or the plan document for complete information.

***General*** – The Plan is a participant directed, defined contribution plan covering all eligible employees of Polymedco, Inc. (the "Company"). All full-time employees who have met certain age requirements are automatically enrolled in the Plan to defer 4% of pre-tax compensation beginning on the first day after the second month following the date the employee is hired, unless they complete a waiver to either choose a different contribution percentage or not participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In November 2010, Reliance Trust Company (the "Trustee") succeeded JP Morgan Chase Bank N.A. (the "Former Trustee") as the Plan's trustee.

***Contributions*** – Employees who are eligible and elect to participate in the Plan may contribute through payroll deductions, 90% of their pre-tax income up to a statutory maximum of $16,500 for 2011. Certain eligible participants (age 50 and over) are permitted to contribute an additional $5,500 as catch-up contributions, resulting in a total pre-tax contribution of $22,000 for 2011.

The Company contributes to the Plan, on behalf of each, an amount equal to 50% of the first 4% and 25% of the next 2% of his or her base compensation that the participant contributes to the Plan. The maximum matching contribution is $6,125.

The Company may make a profit-sharing contribution in an amount determined by the board of directors. Profit-sharing contributions shall be allocated to each eligible participant based on the ratio that such participant's compensation, as defined, bears to the total compensation paid to all eligible participants. No profit-sharing contributions were made for 2011.

***Rollovers*** – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and Plan provisions.

***Participant Accounts*** – A separate account is maintained for each participant. Each participant's account is credited with his or her contribution, the Company's matching contribution and an allocation of Plan earnings or losses. Allocations of earnings or losses are based on the proportion that each participant's account bears to the total of all participant account balances. Participants may change their investment elections at any time through the Plan's recordkeeper.

***Vesting*** – Plan participants are fully vested in their contributions plus actual earnings thereon. In addition, participants vest in employer matching contributions at a rate of 20% per year after two years of service, with 100% vesting after six years of service.

A participant will be 100% vested in the Company contributions if he or she attains age 65, incurs a total and permanent disability or dies while employed by the Company.

## 1. DESCRIPTION OF THE PLAN (continued)

***Benefit Payments*** – Under the Plan, normal retirement age is 65. On termination of service due to death, disability, retirement or termination of employment, a participant shall have the option to leave the balance in the plan, receive an annuity payment over their life expectancy, or a lump-sum amount equal to the full value of the participant's account balance. Prior to age 65, in-service withdrawals from the Plan are allowed for unusual hardship and upon attaining the age of 59 1/2.

In the event a participant's employment is terminated, the participant's accumulated vested benefits will be distributed to the participant in accordance with the provisions of the Plan. A participant's account in excess of his or her vested interest shall be forfeited upon termination.

***Notes Receivable from Participants*** – Participants may borrow from their individual account balances in accordance with the Plan's provisions. The maximum amount of any loan is the lesser of (a) $50,000 or (b) one-half the value of the participant's vested account but not less than $1,000. Loans are collateralized by the participant's vested account. All loans bear an interest rate as determined by the plan administrator and must be repaid in five years unless used for the purchase of the participant's principal residence (for which the repayment period may be extended to ten years).

***Forfeited Accounts*** – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions and pay expenses of the Plan. For the year ended December 31, 2011, forfeitures utilized to reduce employer contributions totaled $30,351. At December 31, 2011, unallocated forfeitures totaled $69.

***Administrative Expenses*** – The Plan provides for all administrative expenses, except certain loan transaction fees, to be paid either by the Company or the Plan, solely at the discretion of the Company.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

***Basis of Accounting*** – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

***Use of Estimates*** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported and related disclosures. Actual results could differ from those estimates.

***Valuation of Investments and Income Recognition*** – The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Mutual funds are valued at the quoted market price, which represents the net asset value of shares held by the Plan at year-end. Investments in the Invesco Stable Asset Trust are a common/collective trust sponsored by Invesco National Trust Company ("Invesco"), are stated at fair value determined by the investment managers based on the fair value of the underlying securities and funds in the accounts. Fair value of the guaranteed interest account is determined by discounting the expected cash flows from payments that the Plan would receive in the event of discontinuance of the contract as of the Plan year end date, based on current yields of similar investments with comparable durations. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contact value for credit risk of the contract issuer or otherwise.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

***Valuation of Investments and Income Recognition (continued)*** – Loans to participants, which are secured by the borrowing participant's vested account balance, are valued at outstanding loan balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. The accompanying Statement of Changes in Net Assets Available for Benefits presents net depreciation in fair value of investments, which includes unrealized gains and losses on investments held at December 31, 2011, realized gains and losses on investments sold during the year then ended and management and operating expenses associated with the Plan's investments in mutual funds and common/collective trust accounts.

***Investment Options*** – Upon enrollment in the Plan, a participant may direct employee contributions in increments among various investment options. Participants may change their investment options on any normal business day.

***Payment of Benefits*** – Benefit payments to participants are recorded when paid.

## 3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, investments, contributions and net appreciation in the fair value of investments, interest and dividends, interest from participants' loans, distributions to participants, and administrative expenses were certified as complete and accurate by Reliance Trust Company as of December 31, 2011 and for the year ended December 31, 2011 and was not subjected to any auditing procedures performed by the independent public accountants.

The following table presents the current value of the Plan's investments that represent 5% or more of the Plan's net assets at December 31:

| | 2011 | 2010 |
|---|---|---|
| Thornburg International Value Fund | $ 527,946 | $ 454,583 |
| Blackrock Large Capital Core Fund | ** | 485,505 |

(*) Permitted party-in-interest
(**) Not in excess of 5% at December 31, 2011 and 2010

## 3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

During the year ended December 31, 2011, the Plan's investments in the mutual funds and the common/collective trust (including gains and losses on investments bought and sold, as well as held, during the year) depreciated in value by $411,291. Dividend and interest income from mutual funds and common/collective trust for the year ended December 31, 2011 was $224,370. Interest income on participant loans for the year ended December 31, 2011 was $4,351.

As of December 31, 2011, the Plan holds a benefit-responsive investment contract with Invesco. Invesco maintains the contributions in a general account. Invesco enters into wrapper agreements with wrap providers. A wrapper agreement is a derivative instrument that is designed to minimize the risk of investment losses and under most circumstances maintain a constant net asset value per share.

If the market value of the covered assets is less than their book value, the wrapper agreements are assets of the Invesco with a value equal to the difference which will generally result in future interest crediting rates that are lower than current market yields. Conversely, if the market value of the covered asset is more than their book value, this generally results in a deduction from market value to contract value and future crediting rates that are higher than current market yields. The book value of the wrapper agreement is equal to the purchase price of covered assets less the sale price of covered assets sold to cover share redemptions plus interest accrued at the crediting rate.

Invesco enters into wrapper contracts (also known as synthetic GICs). In a synthetic GIC structure, the underlying investments are owned by Invesco for plan participants. Invesco enters into wrapper contracts from high-quality insurance companies or banks that serve to substantially offset the price fluctuations in the underlying investments caused by movements in interest rates. Each wrapper contract obligates the wrapper provider to maintain the "contract value" of the underlying investments. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals (as specified in the wrapper contract). Under the terms of the wrapper contract, the realized and unrealized gains and losses on the underlying investments are, in effect, amortized over the duration of the underlying investments through adjustments to the future contract interest crediting rate (which is the rate earned by participants in the underlying investments).

The wrapper contract provides that the adjustments to the interest crediting rate will not result in a interest crediting rate that is less than zero. This minimizes the risk of loss with respect to principal and interest. In general, if the contract value of the wrapper contract exceeds the market value of the underlying investments (including accrued interest), the wrapper provider becomes obligated to pay that difference to Invesco in the event that shareholder redemptions result in a total contract liquidation. In the event that there are partial shareholder redemptions that would otherwise cause the contract's crediting rate to fall below zero percent, the wrapper provider is obligated to contribute Invesco an amount necessary to maintain the contract's crediting rate of at least zero percent. The circumstance under which payments are made and the timing of payments between the Trust and the wrapper provider may vary based on the terms of the wrapper contract.

For the year ended December 31, 2011, the average yield earned and the actual interest rate credited to participants, was 1.287% and 1.722%, respectively. The contract value and fair value of the Plan's Invesco Stable Asset Trust as of December 31, 2011 amounted to $252,350 and $257,651, respectively, which have been certified as accurate and complete by Reliance Trust Company.

## 4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. A fair value hierarchy has been established which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Three levels of inputs are described below that may be used to measure fair value:

- Level 1 — Quoted prices in active markets for identical assets or liabilities.
- Level 2 — Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2011:

| | Level 1 | Level 2 | Level 3 | Total |

## 5. FEDERAL INCOME TAX STATUS

The Plan's administrator adopted a prototype non-standardized 401 (k) plan with cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

## 6. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the right to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

## 7. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through June 29, 2012, the date which the financial statements were available to be issued.

## 8. RISK AND UNCERTAINTIES

The Plan invests in various securities including mutual funds and common/collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The Plan's exposure to concentration of credit risk is limited by diversification of investments across all participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into various financial instruments.

A portion of the underlying assets of the common/collective trust in which the Plan has invested may include derivative financial instruments. The Plan does not own any of these instruments directly. These instruments are used primarily to hedge exposures associated with currency exchange rates, interest rates, and other factors which may affect the value of securities.

## 9. RECONCILIATION TO 5500

No material differences exist between the 5500 and the audited financial statements.
