401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Lieff, Cabraser, Heimann & Bernstein 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more specific provisions.

A. General

The Plan is a defined contribution plan that was established in 1990 by Lieff, Cabraser, Heimann & Bernstein, LLP (the "Firm") to provide benefits to eligible employees as defined in the Plan document. The Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code (the "Code") and provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

B. Eligibility

All members of the Firm age 21 or older who have completed three consecutive months of service are eligible to participate, unless specifically excluded from the Plan. Plan entry dates are January 1 and July 1 after meeting eligibility requirements.

C. Participant Elective Contributions

Participants may elect to have the Firm contribute their eligible pre-tax compensation, as defined in the Plan, up to the amount allowable under the Plan document and the Code. Participants who elect to have the Firm contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in taxable compensation.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's investment directions.

D. Profit Sharing Contributions

The Firm may make discretionary contributions as defined in the Plan and as approved by the Firm's Executive Committee. Firm contributions are allocated among three rate groups based on employment status and age at year-end, as provided in the Plan document. For 2011, eligible participants received profit sharing contributions of 4.4% to 13.3% of their eligible compensation, according to rate group. Firm members must complete 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to share in the Firm's contributions.

E. Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Firm contributions and an allocation of Plan earnings or losses. Plan assets are invested based solely on instructions received from participants.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

F. Vesting and Forfeitures

Participants are immediately 100% vested in their contributions, rollover contributions and related earnings. Participants are fully vested in their accounts attributable to Firm contributions after 6 years of service. Forfeitures of terminated participants' non-vested accounts will be used to reduce future Firm contributions. Available forfeitures totaled approximately $74,000 and $41,000 at December 31, 2011 and 2010, respectively, and were applied to reduce Firm contributions for the 2011 and 2010 Plan years.

G. Payment of Benefits

Normal retirement age under the Plan is age 65. Upon termination of service, death, disability or retirement, a participant or beneficiary may choose to maintain his or her account in the Plan or to receive benefits in a lump sum amount equal to the value of the participant's vested account balance. Hardship distributions are allowed under limited circumstances as provided by the Plan. The Plan was amended effective November 1, 2010 to permit in-service withdrawals from participant profit sharing accounts to participants who meet specified eligibility conditions as defined.

H. Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participants' vested balance. Loans bear interest at a fixed rate determined at loan inception based on available market financing rates and must be repaid to the Plan within a five-year period, unless a loan is used for the purchase of a principal residence in which case the loan term may be extended. Outstanding loans at December 31, 2011 carried interest rates ranging from 5.25% to 9.80%.

I. Expenses

The Firm pays substantially all administrative costs of the Plan. Mutual fund operating expenses are incurred directly by the funds and are factored into participants' investment returns.

J. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The accounts of participants affected by a partial or complete termination of the Plan are non-forfeitable and will be determined as of the termination date, which will be treated as the valuation date.

K. Subsequent Events

Management has evaluated subsequent events through June 29, 2012, the date on which the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

B. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarifying the classification and measurement guidance on participant loans of a defined contribution pension plan. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retroactively. The Plan adopted this new guidance for the Plan year ended December 31, 2010.

C. Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 7).

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Mutual fund capital gains distributions are included in dividend income. Purchases and sales of investments are recorded on the trade-date basis.

D. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

E. Risks and Uncertainties

Investment funds provided by the Plan are exposed to various risks such as interest rate, market fluctuation and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in equity markets, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 3 - INCOME TAX STATUS

The Internal Revenue Service informed the Firm by a letter dated September 23, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Code and related state statutes, and the trust, which forms a part of the Plan, is exempt from Federal income and state franchise taxes.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the Financial Accounting Standards Board. The Plan administrator believes the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with provisions of this guidance. Information returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by authorities.

NOTE 4 - RELATED PARTY TRANSACTIONS

The TD Bank USA Money Market Deposit Account is used as the Plan clearing account and is managed by an affiliate of the trustee, TD Ameritrade Trust Company. Any purchases and sales of this fund are recorded at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibitions of party-in-interest transactions under ERISA.

NOTE 5 - CORRECTION OF OPERATIONAL ERROR

During an internal examination of Plan administrative practices, the Firm noted one transaction was inconsistent with terms of the Plan and provisions of the Code. The operational error identified by the Firm will be corrected in conformity with Internal Revenue Service approved self correction guidelines. With this voluntary correction the Firm believes the Plan is operated in compliance with qualified plan regulations.

NOTE 6 - FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Verisight Trust Company certified the current value of assets held at December 31, 2011 and investment activity for the period April 1, 2011 to December 31, 2011, and TD Ameritrade Trust Company certified the current value of assets held at December 31, 2010 and investment activity for the period January 1, 2011 to March 31, 2011 that were used in the preparation for the accompanying financial statements and supplemental schedule. The following table presents the fair value of investments that include 5% or more of the Plan's net assets available for benefits at December 31:

* Fair value is less than 5% of net assets available for benefits.

Certified dividends and interest earnings on Plan investments were $347,722 for 2011.

Certified net depreciation in fair value of Plan mutual fund investments for the 2011 Plan year (including gains and losses on investments bought and sold, as well as held during the year) was $933,490.

NOTE 7 - FAIR VALUE MEASUREMENTS

Accounting guidance establishes a hierarchy which prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market. Under the fair value hierarchy Level 1 inputs are based on quoted prices in an active market. Level 2 inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data. Level 3 inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The following tables summarize the Plan's investments at December 31 based on the inputs used to value them:
