## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee  
Integrated Medical Systems International, Inc.  
401(k) Profit Sharing Plan  
Birmingham, AL

We were engaged to audit the accompanying statements of net assets available for benefits of the Integrated Medical Systems International, Inc. 401(k) Profit Sharing Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and the supplemental schedules, Schedule H, Line 4i - Schedule of Assets Held (at End of Year) and Schedule H, Line 4j - Schedule of Reportable Transactions as of and for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**AS OF DECEMBER 31, 2011 AND 2010 AND**  
**FOR THE YEAR ENDED DECEMBER 31, 2011**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of Integrated Medical Systems International, Inc. 401(k) Profit Sharing Plan (the Plan) have been prepared in accordance with accounting principles generally accepted in the United States of America.

Financial Statement Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments and Investment Income

Investments are stated at fair value. See Note H for a discussion of fair value measurements. The Plan presents, in the statement of changes in net assets, the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments.

Payment of Benefits

Upon termination of service due to death, disability, retirement or separation of service, a participant may elect to receive either a lump-sum distribution equal to the participant's vested interest in his or her account or installment payments under various options. The Plan also permits withdrawals from the Plan due to circumstances of financial hardship, in accordance with provisions specified in the Plan document. Benefits are recorded when paid.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially

affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Evaluation of Subsequent Events

The Company has evaluated subsequent events through June 25, 2012, which is the date the financial statements were available to be issued and concluded no events or transactions occurred during that period requiring recognition or disclosure.

**NOTE B - DESCRIPTION OF PLAN**

General

The Plan is a defined contribution plan established by Integrated Medical Systems International, Inc. (the Sponsor) under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401 (k) of the IRC; for the benefit of eligible employees of the Sponsor. To be eligible to participate in the Plan, an employee must have completed at least six months of service and have attained eighteen (18) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Eligible employees may elect to contribute up to 87 percent of pretax annual compensation, as defined by the Plan, subject to certain limitations under the IRC, with the contributions and earnings thereon being nontaxable, until withdrawn from the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the years ended December 31, 2011 and 2010, the Sponsor made a matching contribution of 40 percent of the first six percent of base compensation which a participant contributed to the Plan. An additional profit sharing amount may be contributed at the option of the Sponsor's Board of Directors.

**NOTE B - DESCRIPTION OF PLAN - CONTINUED**

Participants' Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as an allocation of plan earnings. The allocation of plan earnings is based on the proportion that each participant's account balance has to the total of all participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their vested account balance up to the lesser of \$50,000 or 50 percent of their account balance. The minimum loan amount is \$1,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%. A loan will provide a fixed rate of interest equal to the prime interest rate plus one percent. The Plan Administrator will determine whether the interest rate is commercially reasonable at the time it approves the loan. The loan must provide at least quarterly payments under a level amortization schedule not to exceed five years. If the purpose of the loan is to acquire a primary residence of the participant, the period of repayment may not exceed 15 years. Only one loan may be outstanding at any time. Principal and interest are paid through payroll deductions.

Forfeitures

Forfeitures by non-vested participants first reduce the Plan's ordinary and necessary administration expenses for the Plan year and any remaining forfeitures offset the matching contribution and reduce non-elective contributions. At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$21,175 and \$26,716, respectively.

Administrative Expenses

Administrative expenses recorded in the Plan represent investment advisory, professional and other recordkeeping fees paid directly from the Plan. Investment advisory and professional fees are paid from forfeitures. Loan fees and other administrative fees related to benefit payments and contract administration are deducted directly from the participants' accounts.

**NOTE H - FAIR VALUE OF ASSETS AND LIABILITIES**

In accordance with the *Fair Value Measurements and Disclosures* section of the ASC, a framework for measuring fair value was established. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1

measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the plan at year end.

*Participant Loans:* Valued at book value which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
