Nidec Motor Corporation Employee Savings Investment Plan
St. Louis, Missouri

We were engaged to audit the financial statements and the supplemental schedule of the Nidec Motor Corporation Employee Savings Investment Plan (the Plan) as of September 30, 2011, and for the year then ended, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Vanguard Fiduciary Trust Company, the Trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of September 30, 2011, and for the year then ended, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description Of The Plan

The following description of the Nidec Motor Corporation Employee Savings Investment Plan (the Plan) is provided for financial statement purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established October 1, 2010 and is a defined contribution plan covering all eligible salaried employees of Nidec Motor Corporation (the Company or Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective October 1, 2010, the Company was formed upon purchase of the motor division of Emerson Electric Co. (Emerson). In November 2010, former employees of Emerson that began employment with the Company had their account balances transferred from the Emerson Electric Co. Employee Savings Investment Plan (Emerson Plan).

Vanguard Fiduciary Trust Company is the Plan Trustee.

Eligibility

Employees are eligible to make elective deferral contributions and participate in Company matching contributions immediately upon hire. Participants are eligible to participate in the discretionary Company contribution upon completion of 60 days of service.

The Plan includes an automatic enrollment provision. Employees who meet the eligibility requirements will be automatically enrolled in the Plan with a default contribution rate of 3%. It is the responsibility of the participant to opt out of the Plan if not interested in participating.

Contributions

Participants may make pre-tax and after-tax deferral contributions up to the lesser of 40% of eligible compensation or the Internal Revenue Service (IRS) limitation. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

The Company is required to make matching contributions equal to 100% of participant elective deferral contributions up to a maximum of 6% of eligible compensation. Participants are eligible to receive the matching contribution immediately upon participation in the Plan. Company matching contributions amounted to $2,880,781 for the year ended September 30, 2011.

The Company, at its sole discretion, may make additional contributions equal to 3% of eligible compensation. Company discretionary contributions amounted to $1,609,168 for the year ended September 30, 2011.

In addition, the Company is required to make a pension equalization benefit contribution equal to 7% of eligible compensation to certain participants, as defined in the Plan document. Pension equalization benefit contributions amounted to $2,587,028 for the year ended September 30, 2011.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contributions and allocations of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable From Participants

Participants are allowed to borrow a minimum of $500 up to $50,000 or 50% of their vested account balance, excluding certain Company contributions as defined in the Plan document. Loans must be repaid over a period not to exceed four years, extended to nine years if the loans are used to purchase a primary residence. The loans are repaid through payroll withholdings, including principal and interest at the prime rate plus 1%. Interest rates on loans currently outstanding range from 4.25% to 9.25%, with the final balance due on various dates through February 2020.

Vesting

Participants are at all times 100% vested in their elective deferral contributions and earnings thereon. Participants also become fully vested upon reaching normal retirement age (55), death or upon becoming disabled. Vesting in the Company's contributions is based on years of service. A participant vests 20% each year after one year of service, becoming fully vested after five years of service.

Forfeitures

Forfeitures of nonvested participant balances are used to reduce future Company contributions. Forfeitures available for future use at September 30, 2011 totaled $9,211. No forfeitures were used to reduce Company contributions during the year ended September 30, 2011.

Payment Of Benefits

Upon retirement, death, disability, or termination of employment, a participant may take a distribution of their vested account balance in a lump-sum payment.

In-Service Withdrawals

Active participants who reach age 59-1/2 or experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to Plan provisions and established IRS safe harbors.

Administrative Expenses

Significant administrative expenses are paid by the Company.

2. Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Investment Income Recognition

The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the collective investment trust, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

Interest income is recorded as earned on the accrual basis. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment Of Benefits

Benefits are recorded when paid.

3. Certified Financial Information

Financial information related to the investments and notes receivable from participants and earnings thereon as of and for the year ended September 30, 2011 are included in the accompanying financial statements and are based on information provided by the Trustee. This information, which has not been audited by the Plan's independent auditors, has been certified as complete and accurate by the Trustee.

The investments that represent 5% or more of the Plan's net assets available for benefits as of September 30, 2011 are as follows:

Emerson Common Stock Fund	$ 21,565,985
Vanguard Institutional Index Fund	8,053,855
Vanguard Mid-Cap Growth Fund	4,627,796
PIMCO Total Return Fund	4,838,376
Vanguard Retirement Savings Trust (at Contract Value)	18,014,656

The Plan's investments include the Emerson Common Stock Fund (the Fund), which invests primarily in the common stock of Emerson. This investment was part of the transfer of assets from the Emerson Plan. Participants are allowed to redeem shares of the Fund at anytime; however, no new contributions are allowed to be invested in the Fund.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standards are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical investments in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar investments in active markets;
- Quoted prices for identical or similar investments in inactive markets;
- Inputs other than quoted prices that are observable for the investment;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the investment has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the investment.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value:

Registered Investment Companies

Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common Stock Fund

Valued at the NAV of shares held by the Plan at year end. The NAV is determined by dividing the net assets of the Emerson Common Stock Fund (the Fund) by the number of units outstanding on the day of valuation. The Fund is comprised solely of Emerson Electric Co. common stock that is traded on an active market.

Collective Investment Trust

Valued at fair value of the underlying investments and then adjusted by the issuer to contract value. The trust invests primarily in synthetic investment contracts. Synthetic investment contracts consist of investments together with contracts under which a bank or other institution provides for benefit-responsive withdrawals by plan participants at contract value. For synthetic investment contracts, the fair value comprises the aggregate market values of the underlying investments in bond trusts, and the value of the wrap contracts, if any.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2011:

	Level 1	Level 2	Level 3	Total
Registered Investment Companies				
Money Market Fund	$ 9,216	$ —	$ —	$ 9,216
Bond Funds	7,219,280	—	—	7,219,280
Balanced Funds	13,415,903	—	—	13,415,903
Growth Funds	19,486,640	—	—	19,486,640
International Funds	1,504,085	—	—	1,504,085
Value Funds	6,829,755	—	—	6,829,755
Common Stock Fund	—	21,565,985	—	21,565,985
Collective Investment Trust				
Fixed Income Fund (a)	—	18,014,656	—	18,014,656
Total Investments At Fair Value	$ 48,464,879	$ 39,580,641	$ —	$ 88,045,520

(a) The underlying investments seek to preserve capital and provide a competitive level of income over time that is consistent with the preservation of capital. There are no unfunded commitments relating to this investment or any significant restrictions on redemptions. Redemptions can be made on any business day and do not have a redemption notice period.

There have been no changes in the methodologies used at September 30, 2011.

5. Tax Status Of Plan

The Plan Administrator has applied for, but not received, a determination letter from the IRS. The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan Administrator believes that the Plan, as amended is qualified, and the related trust is tax-exempt as of the financial statement date.

6. Party-In-Interest Transactions

Plan investments include shares of registered investment companies and a collective investment trust managed by the Trustee, as defined by the Plan and, therefore, these transactions qualify as allowable party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Effective in October 2011, the Plan was amended to change the year-end to December 31.

Management has evaluated subsequent events through July 10, 2012, the date which the financial statements were available for issue.
