To the Trustees of
the DanHil Containers II, Ltd. 401(k) Profit Sharing Plan

I was engaged to audit the financial statements of DanHil Containers II, Ltd. 401(k) Profit Sharing Plan as of September 30, 2011 and 2010, and for the year ended September 30, 2011, and the supplemental schedules as of and for the year ended September 30, 2011, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended September 30, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not s required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and schedules, other that that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DANHIL CONTAINERS II, LTD. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

September 30, 2011 and 2010

1. DESCRIPTION OF PLAN

The following description of the DanHil Containers II, Ltd.. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company includes DanHil Containers II, Ltd., a Texas Corporation, together with its wholly-owned subsidiary.

Plan Amendments

The Plan was originally effective October 1, 1993 and was amended and restated in its entirety effective October 1, 2009 to comply with the Economic Growth and Tax Reconciliation Act of 2001 (EGTRRA).

Contributions

Each year, participants may contribute up to 19% of pretax annual compensation, as defined in the Plan. An employee can change his or her contribution amount on October 1, the first day of the plan year, or April 1, the first day of the seventh month of the plan year. Participants who have reached age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified deferred compensation plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nineteen mutual funds and a fixed income fund as investment options for participants. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. The matching contribution is invested in the same manner as the employee's elective contributions. Additional discretionary amounts may be contributed by the Company at the option of the Company's board of directors. For the year ended September 30, 2011, the Company made a discretionary contribution of $10,000. Contributions are subject to certain limitations determined under the Internal Revenue Code (IRC).

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with (a) any withdrawals or payments from the participant's account and (b) the participant's proportionate share of any decrease in the fair market value of the Fund since the last valuation date. Allocations of the Company's discretionary contribution are based on participants' compensation and allocations of plan earnings are directed by the participants according to their investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Benefits vest on a graded scale of 20% after two years and 20% after each of years three through six, so that a participant is 100% vested after six years of credited service.

Participants Notes Receivable

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested interest in the plan. For participants with vested account balances of $20,000 or less, the maximum loan shall not exceed the lesser of $10,000 or 100% of the vested balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range up to five years except in the case of a loan used from purchasing a principal residence for the participant, in which case the loan term is set by the Employer and is based on maturity dates quoted by local commercial banks for similar loans. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. The interest rate for the current year was 8.0%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship distributions are permitted in amounts up to the lesser of 100% of the participant's vested interest or the amount necessary to satisfy the participant's heavy financial need. In-service distributions are permitted for participants who have reached either age 59-1/2 or Normal Retirement Age.

Forfeited Accounts

At September 30, 2011, and 2010, forfeited nonvested accounts totaled $1,432 and $2,931, respectively. Forfeitures related to the Company's contribution are first used to pay administrative costs and any remaining forfeitures are used to reduce employer contributions. For 2011, employer contributions were reduced by $1,634 from forfeited nonvested accounts and administrative costs of $756 were paid from forfeited nonvested accounts.

Administrative Costs

Certain administrative costs incurred by the Plan are absorbed by the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Date of Management's Review

Management has evaluated subsequent events through June 22, 2012, the date which the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ form those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold during the year and on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, level 2 inputs consist of observable inputs other than quoted prices included in Level 1, for example quoted market-based prices for similar assets or liabilities; and level 3 consists of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 or Level 3 inputs available to the Plan.

Level 1 Fair Value Measurements

The fair value of investments in registered investment companies is based on quoted net asset values of the shares held by the Plan at year-end.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the accounts of participants are vested and become nonforfeitable.

5. DISTRIBUTIONS PAYABLE

At September 30, 2011 and 2010, net assets available for plan benefits included $99,165 and $103,072, respectively, for distributions to participants who have withdrawn from the Plan prior to the end of the Plan year.

The Plan is subject to certain nondiscrimination testing to ensure that contributions to the Plan by highly-compensated participants do not exceed average deferral and contribution percentages for non-highly-compensated participants. For the year ended September 30, 2011, excess deferrals and contributions by highly-compensated participants amounted to $6,351. The excess amounts were distributed to the applicable participants within 2-1/2 months after the September 30, 2011 year-end.

6. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from the data that has been prepared and certified to as complete and accurate by the trustee.

Pioneer Growth Opportunity – 61,919.61 and 40,497.92 units, respectively	101,578	67,608

8. TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's

tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan had taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of September 30, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years beginning prior to October 1, 2007.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2011 and 2010 to Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$1,749,763	$1,594,293
Discretionary contribution by Company	-	(10,252)
Net assets available for benefits per the Form 5500	$1,749,763	$1,584,041

The following is a reconciliation of the employer contribution per the financial statements for the year ended September 30, 2011 to Form 5500:

Employer contribution per the financial statements	$38,342
Add: Discretionary contribution by Company accrued In prior year but received in current year	10,252
Employer contribution per the Form 5500	$48,594

10. RISKS AND UNCERTAINTIES

The Plan's investments represent units of participation in funds which, in turn, represent underlying shares in various registered investment companies. Such underlying shares are exposed to a number of risks such as interest rate, market, and credit risks. Due to the

level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. SUBSEQUENT EVENTS

Subsequent events have been evaluated through June 22, 2012, the date the financial statements were available to be issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages
