We were engaged to audit the accompanying statements of net assets available for benefits of Trudell Trailers of Green Bay, Inc. Retirement and Savings Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6 which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on these accompanying financial statements and supplemental schedule as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

Note 1	Plan Description
--------	------------------

The following description of Trudell Trailers of Green Bay, Inc. Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Trudell Trailers of Green Bay, Inc. and Affiliates (the “Company”) who meet certain eligibility requirements. Employees are eligible to make deferral contributions and receive employer discretionary matching contributions after completing three months of service and attaining age 18. Employees are also eligible to receive employer profit sharing contributions if they have completed one year of service, attained age 18, and are employed as of the last day of the plan year. The Plan’s entry dates are January 1, April 1, July 1, and October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are allowed to contribute up to 100% of pretax annual compensation, as defined by the Plan, subject to limits established by the Internal Revenue Code (IRC). The Plan allows participants to roll over distributions from other qualified retirement plans. The Company provides a discretionary matching contribution based on a percentage of a participant’s contributions. The Company reinstated discretionary matching contributions in February 2011, matching 25% of the first 4% of participants’ elective deferral. Rollovers are not matched. Total discretionary matching contributions for 2011 were \$40,636. The Company may also make a discretionary profit sharing contribution at the end of the year that is allocated based on each employee’s compensation as a percentage of total eligible compensation for the year. Total discretionary profit sharing contributions for 2011 were \$125,000.

Note 1

Plan Description (Continued)

Participants' Accounts

All investments in the participants' accounts are participant-directed. The Plan allows participants to select from a variety of pooled separate accounts and guaranteed interest accounts.

Each participant's account is credited with the participant's contribution, the Company's discretionary matching and profit sharing contributions, and plan earnings (based on participant's investment election and account balance) and is reduced by withdrawals, losses (based on participant's investment election and account balance), and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their salary deferral and rollover contributions plus actual earnings/losses thereon. Vesting in the Company's discretionary matching and profit sharing contributions plus actual earnings/losses thereon is based on years of continuous service. The Company's discretionary matching and profit sharing contributions vest at the rate of 10% per year for the first two years of service and 20% per year thereafter becoming fully vested after six years of service.

Notes Receivable From Participants

Participants may borrow from their fund accounts. Notes may be made up to the lesser of \$50,000 or one-half of the participant's vested interest with a \$500 minimum. Note terms range from one to five years unless the loan qualifies as a home loan. The notes are secured by the balance in the participant's account and bear interest at a rate charged for similar notes by lending institutions as determined by the plan administrator. Interest rates on existing notes range from 5.25% to 10.25%. Principal and interest are paid ratably through biweekly payroll deductions.

Note 1

Plan Description (Continued)

Payment of Benefits

On termination of service due to death, the payment of benefits shall be made pursuant to the election of the participant or beneficiary. Distributions upon normal retirement (age 65) may be made in lump-sum distributions or annuity payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Plan benefits are also available for financial hardship withdrawal. The Plan also allows for in-service distributions upon attaining age 59½.

Forfeitures

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary matching and profit sharing contributions. At December 31, 2011 and 2010, forfeited nonvested accounts total \$0 and \$3,374, respectively. These accounts can be used to pay plan expenses or reduce future employer contributions. Any remaining balances can be allocated to participants as described by the plan documents. In 2011, \$1,475 of forfeitures were used to pay plan administrative expenses and \$11,280 was used to reduce discretionary matching and profit sharing contributions.

Note 2

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Trudell Trailers of Green Bay, Inc.

Retirement and Savings Plan

Notes to Financial Statements

Note 2

Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The investment contract is not fully benefit-responsive and, therefore, is presented in the statements of net assets available for benefits and the statement of changes in net assets available for benefits on a fair value basis.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 **Summary of Significant Accounting Policies** (Continued)

Notes Receivable From Participants

Notes receivable from participant are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan's document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses charged by John Hancock Life Insurance Company and substantially all other expenses incurred in conjunction with the Plan are paid out of plan assets. Certain third-party administrator service fees are paid by the Company.

Subsequent Events

Subsequent events have been evaluated through July 12, 2012, which is the date the financial statements were available to be issued.

Fair Value Measurements

Accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Trudell Trailers of Green Bay, Inc.

Retirement and Savings Plan

Notes to Financial Statements

Note 4

Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (e) The fund seeks to provide substantial dividend income as well as long-term capital appreciation through investments in common stocks of established companies.
- (f) The fund seeks capital appreciation. Income is secondary. The fund typically invests in common and preferred stocks, as well as debt securities and securities convertible into common stock that are, in the opinion of the fund's investment advisor, trading at prices below their intrinsic value according to, among other factors, price/earnings ratio, and cash flow. The fund may also invest in securities of companies involved in mergers, consolidations, liquidations, and reorganizations as well as corporate debt securities of any credit quality. It may also invest from time to time in foreign securities and in securities of other investment companies.

Note 6

Information Certified by Plan Trustee

- The plan administrator has elected the method of annual reporting compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's trustee, John Hancock Life Insurance Company, has certified the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:
- (a) Investments and notes receivable from participants as shown in the statements of net assets available for benefits.

Note 6

Information Certified by Plan Trustee (Continued)

- (b) Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits.
- (c) Investment information as disclosed in Note 3 and on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 7

Party-in-Interest Transactions

Plan investments are units of a guaranteed interest account and pooled separate accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Sage View Advisory Group is the investment advisor for the Plan and, therefore, the fees paid to Sage View Advisory Group qualify as party-in-interest transactions. Retirement Advantage, Inc. is the third-party administrator for the Plan and, therefore, the fees paid to Retirement Advantage, Inc. qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$20,582 for the year ended December 31, 2011.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 8

Plan Termination

The employer intends to continue the Plan indefinitely, but reserves the right to terminate the Plan at any time. In the event of termination, the account of each participant will be 100% vested and nonforfeitable. The account will be held under the Plan and continue to accrue investment earnings until it is used to provide benefits according to terms of the Plan.

Note 9

Tax-Exempt Status of the Plan

On March 31, 2008, the Internal Revenue Service (IRS) declared the prototype used by the Plan is qualified pursuant to Section 401 of the IRC. Plan management believes any amendments and events since the effective date of the last IRS determination letter do not affect the qualified status of the Plan. Accordingly, the Plan is exempt from federal and state income taxes under current provisions of their respective laws.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 10

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
