To the Trustees of the Symetrics Industries, LLC
Employee Retirement Plan
1615 W. NASA Boulevard
Melbourne, FL 32901

Gentlemen:

We have conducted a DOL limited-scope audit of the financial statements the Symetrics Industries, LLC Employee Retirement Plan ("the Plan") for the year ended December 31, 2011 and have issued our report thereon dated July 5, 2012. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 4, 2012. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2011. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the valuation of notes receivable from participants is based on the unpaid principal balance of such notes. We evaluated the key factors and assumptions used to develop the valuation of notes receivable from

participants in determining that it is reasonable in relation to the financial statements taken as a whole.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was that the Plan has substantially complied with the provisions of ERISA and with the Plan document.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Our audit procedures indicated that there were no such misstatements that were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 5, 2012.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a

consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the Trustees of the Symetrics Industries, LLC Employee Retirement Plan and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul Heidbrink", with a stylized, flowing script.

INDEPENDENT AUDITOR'S REPORT

To the Administrator and Participants of Symetrics Industries, LLC
Employee Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Symetrics Industries, LLC Employee Retirement Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SYMETRICS INDUSTRIES, LLC EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

1 DESCRIPTION OF PLAN

The following description of Symetrics Industries, LLC Employee Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of Symetrics Industries, LLC (the “Company”) and its affiliate, PhotoTelesis, LP (“PhotoTelesis”), an entity related through common ownership. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and is administered by a trustee appointed by the Board of Directors of the Company. The Plan was established effective May 1, 1998.

Eligibility

Employees who have attained age 18 are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 15% of annual compensation, as defined in the Plan, up to an annual maximum of \$16,500 with certain excess contributions allowed for employees over age limits defined in the Internal Revenue Code (the “Code”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching or discretionary contributions that are determined annually. It is the Company’s current policy to match 100% of employees’ contributions up to 6% of annual compensation.

Investment options

Upon enrollment in the Plan, a participant may direct participant and employer contributions into a variety of investment options. The Plan currently offers various mutual funds and an insurance company investment contract as investment options. Participants may change their investment options at their discretion.

Participant accounts

Each participant’s account is credited with the participant’s contribution, allocations of the Company’s contributions and Plan earnings and charged with an allocation of administrative

SYMETRICS INDUSTRIES, LLC EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

In the event a participant's employment is terminated for reasons other than retirement, disability or death, such participant is entitled to a termination of employment benefit in an amount equal to his vested interest as of the date of benefit distribution.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms may not exceed five years, unless used to acquire the principal residence of the participant. The loans are secured by the balance in the participant's account and bear interest at prime plus 1% which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. The number of outstanding loans for a participant is limited to three.

SYMETRICS INDUSTRIES, LLC EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of employment with the Company. Forfeitures remain in the Plan for the benefit of other participants and are allocated in the same manner as the employer's contribution. During 2011, \$28,077 of forfeited non-vested accounts were so allocated.

Distributions

Distributions of vested account balances are eligible to be made within a reasonable time after the occurrence of one of the following events:

- Normal retirement (the date on which a participant attains the age of 65 years).
- Termination of employment.
- Death or disability.
- Termination of the Plan.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements are prepared on the accrual basis of accounting and are presented in conformity with accounting principles generally accepted in the United States of America ("U. S. GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of estimates

The preparation of financial statements in conformity with U. S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

SYMETRICS INDUSTRIES, LLC EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Company pays substantially all expenses of the administration of the Plan. Any costs associated with the investment of a participant's account are charged to the respective participant's account.

Income taxes

The Plan has received a determination letter from the IRS dated April 28, 1998, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U. S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods

in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Subsequent events

The Plan administrator has evaluated events and transactions for potential recognition or disclosure through July 5, 2012, the date the financial statements were available to be issued.

3 INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodian as of December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Investments at fair value:		
Pooled separate accounts	\$ 7,881,313	\$ 7,692,280
Guaranteed investment contract	596,950	490,322
Notes receivable from participants	323,682	237,454
Total	<u>\$ 8,801,945</u>	<u>\$ 8,420,056</u>

The custodian's certification also applies to investment transactions and income for the year ended December 31, 2011 and the supplemental schedule of assets held as of December 31, 2011.

Net investment income for the year ended December 31, 2011 is as follows:

Net depreciation in fair value of investments	\$ (127,927)
Interest	<u>20,722</u>
Net investment loss	<u>\$ (107,205)</u>

As of December 31, 2011, investments representing 5% or more of the net assets available for benefits include the following: Principal Guaranteed Interest Account, Principal MidCap Blend Fund, Principal Government and HQ Fund, Principal Money Market Account, Principal MidCap Value I Fund, Principal LifeTime 2020 Fund and Principal LifeTime 2030 Fund.

As of December 31, 2010, investments representing 5% or more of the net assets available for benefits include the following: Principal Guaranteed Interest Account, Principal MidCap Blend Fund, Principal Government and HQ Fund, Principal Money Market Account, Principal

International SmallCap Fund, Principal MidCap Value I Fund, Principal MidCap Growth III Fund, and Principal LifeTime 2030 Fund.

4 PARTY-IN-INTEREST TRANSACTIONS

As of December 31, 2011 and 2010, \$8,478,263 and \$8,182,602, respectively, of the Plan's net assets available for benefits were invested in funds under control of the Plan custodian.

During the year ended December 31, 2011, \$5,923 was paid to the Plan custodian from Plan assets for administrative expenses.

5 FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

SYMETRICS INDUSTRIES, LLC EMPLOYEE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued at net asset value ("NAV") and categorized as a Level 2 fair value measurement.

As a practical expedient, NAV per share is permitted by FASB ASC 820 to estimate the fair value of an investment as long as the investment does not already have a readily determinable fair value (i.e. it's available on a domestic stock exchange or is a mutual fund with a published price), it's calculated in a manner consistent with the measurement principles of investment company reporting as of the reporting entity's measurement date and there are no plans to redeem the investments at amounts different from NAV. The Plan administrator has determined that the Plan's pooled separate accounts currently meet these requirements.

Guaranteed investment contract: Valued at contract value minus early withdrawal charges and categorized as a Level 3 fair value measurement (see Note 6).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6 GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Plan has entered into a benefit-responsive guaranteed investment contract with Principal Life Insurance Company ("Principal"). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to the contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Certain events limit the ability of the Plan to transact at contract value with the issuer, but the Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The fair value of the investment contract at December 31, 2011 and 2010 was \$596,950 and \$490,322, respectively. The weighted average yield on all accounts under the guaranteed investment contract with annual maturities from December 31, 2011 to 2015 based on actual earnings credited to participants was 2.21% for the year ended December 31, 2011.

7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (continued)

Various claims arising in the ordinary course of the Plan's operations may be filed against the Plan. Since the ultimate effect of such litigation cannot be ascertained at this time, no provision for losses has been recorded in these financial statements.

8 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.
