MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the MCMC, LLC. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferred arrangement and includes all eligible employees of MCMC, LLC., Country-Wide Independent Exams, LLC., Litigation Solutions, LLC and MCRS Holdings, Inc. (collectively the “Employer”). The Plan covers substantially all employees of the Employer who are at least 18 years of age (“Participants”). Participants are able to contribute to the Plan on the first day of the month following three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant directed.

Participant Contributions

Each year, participants may elect to defer up to 60% of their pre-tax annual compensation, as defined by the Plan, subject to dollar limits set by federal law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Subject to approval by the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Matching Contributions

Each year, the Employer, at its sole discretion, may make matching contributions to the Plan. For the purpose of determining the matching contribution, a participant must be employed by the Employer on the last day of the Plan year. For the year ended December 31, 2011, the Employer did not make any matching contributions.

Participant Accounts

Each participant’s account is credited with the Participant’s contribution and allocations of the Employer’s contribution plus earnings thereon, less administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants’ Contributions

Participants are immediately vested in their voluntary contributions plus earnings thereon.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting (Continued)

Employer Contributions

Participants vest in Employer contributions and related earnings thereon based on years of continuous service. A participant begins vesting after one year of service and is 100% vested after three years of credited service. Participants are allowed predecessor employment service for various predecessor employers as defined by the Plan document.

Payment of Benefits

In-service withdrawals from a participant's account are permitted upon reaching age 59½, as defined. Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum payment equivalent to his or her vested balance. If a participant's vested interest in their account is less than \$1,000, it shall be distributed in a lump sum as soon as practical as determined by the Plan administrator.

Hardship Withdrawals

The Plan allows for hardship withdrawals to meet a participant's immediate and heavy financial needs. Participants may withdraw from their deferral account (after exhausting the maximum amount available to the participants as a loan under the Plan) in order to satisfy any of the following immediate and heavy financial needs: (1) medical expenses incurred for the participant, their spouse, children or dependents, (2) the purchase of a principal residence, (3) to prevent eviction from or foreclosure on their principal residence, (4) to pay for post-secondary education expenses for the participant, their spouse, children or dependents, or (5) any other financial need determined to be immediate and heavy under the rules and regulations issued by the Secretary of the Treasury. The minimum hardship withdrawal is \$500, and participant deferrals are suspended for a period of six months after obtaining a hardship withdrawal.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the Plan are paid by the Employer.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the Participant's vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in the Participant's vested account and bear interest at a prevailing interest rate charged for similar loans. Participants may only have one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Forfeitures

Upon termination of service, a participant who is not 100% vested forfeits the unvested portion of his or her account. The forfeited amounts can be used to reduce future Employer contributions and to pay administrative expenses under the Plan. For the year ended December 31, 2011, no forfeitures were used to cover plan expenses. At December 31, 2011 and 2010, there were no remaining unallocated forfeiture balances.

Note 2 - Summary of Significant Accounting Policies

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from the estimates that were used.

Notes Receivable from Participants

Participant loans are required to be classified as notes receivable from participants (rather than investments) and measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distribution based upon the terms of the Plan document.

New Accounting Pronouncements

The following new accounting pronouncements were adopted during the year ended December 31, 2011:

Fair Value Disclosures

In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance which expanded the required disclosures about fair value measurements. This guidance requires information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level III fair value assets available for benefits and changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements (Continued)

Fair Value Measurements

In May 2011, the FASB issued guidance which amends Accounting Standards Codification (“ASC”) 820. This guidance required the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level I and Level II. In addition, it provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The guidance requires additional disclosure for Level III measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The Employer is currently evaluating the impact that this guidance will have on the Plan’s financial statement disclosures.

Subsequent Events

The Plan management has evaluated subsequent events through June 4, 2012, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Investments

Plan investments are held in mutual fund accounts by the Plan’s trustee, Fidelity Management Trust Company. The fair value of investments and all investment transactions, including interest and dividends and net appreciation/depreciation in fair values are certified as complete and accurate and reported to the Plan by the trustee. Information contained in the supplemental schedule is also certified by the Plan’s trustee. Participants may direct their contributions as well as Employer contributions to any of several investment options.

The following represent 5% or more of net assets available for benefits at December 31:

	2011	2010
Investments at fair value:		
Fidelity Freedom 2040 Fund	\$ 660,112	\$ 635,815
Fidelity Freedom 2025 Fund	291,957	*
Fidelity Growth Company Fund	264,670	*
Fidelity Diversified International Fund	*	276,276
Fidelity Freedom 2020 Fund	*	286,500

* Investment does not represent 5% or more of net assets available for benefits.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurement

The financial accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds

Valued at quoted market prices held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Recent market conditions have resulted in an unusually high degree of market volatility and increased the risks associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Note 6 - Exempt Party-in-Interest Transactions

Plan investments include shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to the trustee for the Plan year ended December 31, 2011 amounted to \$2,527. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Tax Status

The Plan document is a Fidelity Management Trust Company prototype using a standardized adoption agreement that received a favorable determination letter on March 31, 2008. The Plan has been amended since that date, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Employer contribution portion of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the MCMC, LLC. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferred arrangement and includes all eligible employees of MCMC, LLC., Country-Wide Independent Exams, LLC., Litigation Solutions, LLC and MCRS Holdings, Inc. (collectively the “Employer”). The Plan covers substantially all employees of the Employer who are at least 18 years of age (“Participants”). Participants are able to contribute to the Plan on the first day of the month following three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant directed.

Participant Contributions

Each year, participants may elect to defer up to 60% of their pre-tax annual compensation, as defined by the Plan, subject to dollar limits set by federal law. Participants who have reached the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. Subject to approval by the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Matching Contributions

Each year, the Employer, at its sole discretion, may make matching contributions to the Plan. For the purpose of determining the matching contribution, a participant must be employed by the Employer on the last day of the Plan year. For the year ended December 31, 2011, the Employer did not make any matching contributions.

Participant Accounts

Each participant’s account is credited with the Participant’s contribution and allocations of the Employer’s contribution plus earnings thereon, less administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants’ Contributions

Participants are immediately vested in their voluntary contributions plus earnings thereon.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting (Continued)

Employer Contributions

Participants vest in Employer contributions and related earnings thereon based on years of continuous service. A participant begins vesting after one year of service and is 100% vested after three years of credited service. Participants are allowed predecessor employment service for various predecessor employers as defined by the Plan document.

Payment of Benefits

In-service withdrawals from a participant's account are permitted upon reaching age 59½, as defined. Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum payment equivalent to his or her vested balance. If a participant's vested interest in their account is less than \$1,000, it shall be distributed in a lump sum as soon as practical as determined by the Plan administrator.

Hardship Withdrawals

The Plan allows for hardship withdrawals to meet a participant's immediate and heavy financial needs. Participants may withdraw from their deferral account (after exhausting the maximum amount available to the participants as a loan under the Plan) in order to satisfy any of the following immediate and heavy financial needs: (1) medical expenses incurred for the participant, their spouse, children or dependents, (2) the purchase of a principal residence, (3) to prevent eviction from or foreclosure on their principal residence, (4) to pay for post-secondary education expenses for the participant, their spouse, children or dependents, or (5) any other financial need determined to be immediate and heavy under the rules and regulations issued by the Secretary of the Treasury. The minimum hardship withdrawal is \$500, and participant deferrals are suspended for a period of six months after obtaining a hardship withdrawal.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Except for loan origination fees associated with notes receivable from participants, all administrative expenses of maintaining the Plan are paid by the Employer.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the Participant's vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in the Participant's vested account and bear interest at a prevailing interest rate charged for similar loans. Participants may only have one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Forfeitures

Upon termination of service, a participant who is not 100% vested forfeits the unvested portion of his or her account. The forfeited amounts can be used to reduce future Employer contributions and to pay administrative expenses under the Plan. For the year ended December 31, 2011, no forfeitures were used to cover plan expenses. At December 31, 2011 and 2010, there were no remaining unallocated forfeiture balances.

Note 2 - Summary of Significant Accounting Policies

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from the estimates that were used.

Notes Receivable from Participants

Participant loans are required to be classified as notes receivable from participants (rather than investments) and measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distribution based upon the terms of the Plan document.

New Accounting Pronouncements

The following new accounting pronouncements were adopted during the year ended December 31, 2011:

Fair Value Disclosures

In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance which expanded the required disclosures about fair value measurements. This guidance requires information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level III fair value assets available for benefits and changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

New Accounting Pronouncements (Continued)

Fair Value Measurements

In May 2011, the FASB issued guidance which amends Accounting Standards Codification (“ASC”) 820. This guidance required the categorization by level for items that are only required to be disclosed at fair value and information about transfers between Level I and Level II. In addition, it provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The guidance requires additional disclosure for Level III measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. The new guidance is effective for reporting periods beginning after December 15, 2011. The Employer is currently evaluating the impact that this guidance will have on the Plan’s financial statement disclosures.

Subsequent Events

The Plan management has evaluated subsequent events through June 4, 2012, the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Investments

Plan investments are held in mutual fund accounts by the Plan’s trustee, Fidelity Management Trust Company. The fair value of investments and all investment transactions, including interest and dividends and net appreciation/depreciation in fair values are certified as complete and accurate and reported to the Plan by the trustee. Information contained in the supplemental schedule is also certified by the Plan’s trustee. Participants may direct their contributions as well as Employer contributions to any of several investment options.

The following represent 5% or more of net assets available for benefits at December 31:

	2011	2010
Investments at fair value:		
Fidelity Freedom 2040 Fund	\$ 660,112	\$ 635,815
Fidelity Freedom 2025 Fund	291,957	*
Fidelity Growth Company Fund	264,670	*
Fidelity Diversified International Fund	*	276,276
Fidelity Freedom 2020 Fund	*	286,500

* Investment does not represent 5% or more of net assets available for benefits.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurement

The financial accounting standards provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds

Valued at quoted market prices held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MCMC, LLC. 401(k) PROFIT SHARING PLAN

Notes to Financial Statements

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Recent market conditions have resulted in an unusually high degree of market volatility and increased the risks associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.

Note 6 - Exempt Party-in-Interest Transactions

Plan investments include shares of mutual funds managed by Fidelity Investments. Fidelity Management Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to the trustee for the Plan year ended December 31, 2011 amounted to \$2,527. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7 - Tax Status

The Plan document is a Fidelity Management Trust Company prototype using a standardized adoption agreement that received a favorable determination letter on March 31, 2008. The Plan has been amended since that date, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Employer contribution portion of their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

2011 excess contributions	<u>17,707</u>
Net loss per Form 5500	\$ <u>(325,088)</u>

Note 10 - Excess Contributions

At December 31, 2011, \$17,707 has been included in the Plan's Statements of Net Assets Available for Benefits as excess contributions.
