MILLENNIUM REHAB & CONSULTING GROUP, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2011 AND 2010

1. DESCRIPTION OF PLAN

The net assets of the Plan were transferred to a multi-employer plan as described in Note 3. The following description of the Millennium Rehab & Consulting Group, Inc. 401(k) Plan (the "Plan") provides only general information prior to the transfer of Plan net assets. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Millennium Rehab & Consulting Group, Inc. (the "Company") who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

401(k) Contributions

Participants may contribute an amount up to 100% of their compensation. The Plan also provides that the Company may, at its sole discretion, make matching contributions based on the amount a participant contributes to the Plan. The Company elected to match contributions equal to 25% of the first 6% of an employee's compensation contributed to the Plan from January 1, 2010 through September 30, 2011. From October 1, 2011 through December 31, 2011 the Company elected to match contributions equal to 25% of an employee's contribution to the Plan. Contributions are subject to certain limitations.

Profit Sharing and Other Contributions

Each year, the Company may, at its sole discretion, contribute to the Plan an amount equal to a certain percentage of employee compensation, subject to certain limitations. The Company did not authorize any profit sharing contributions for the years ended December 31, 2011 and 2010.

Participants may also contribute amounts representing distributions from other qualified plans.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, allocations of Plan earnings, and any Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. Forfeitures are utilized to reduce future Company contributions. As of December 31, 2011 and 2010 there were zero and \$29, respectively, of forfeitures available to reduce future Company contributions. During 2011 and 2010, employer contributions were reduced by \$2,135 and \$1,000, respectively, from the utilization of forfeited account balances.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in the available investment options. The Plan offers participants mutual and collective investment funds as investment options. Participants may change their investment options, subject to possible restrictions on these types of transactions.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms can range from 1-5 years or greater than five years for the purchase of a primary residence, with a maximum of five loans per participant outstanding at any one time. Participant account balances secure outstanding loans.

Payment of Benefits

On termination of service benefits are paid to the participant or their beneficiary as a lump sum payment.

Termination of the Plan

The Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation

The Plan's investments are stated at fair value using the valuation methods described in Note 6.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued interest.

Administration Expenses

Certain administrative functions are performed by officers or employees of the Company at no charge to the Plan. Other administrative expenses are paid directly by the Company.

Benefits to Participants

Benefits are recognized when paid to participants.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

In the normal course of preparing the Plan's financial statements, management reviews events that occur after the statement of net assets available for benefits date (December 31, 2011) for potential recognition or disclosure in the financial statements. Management has evaluated subsequent events through June 26, 2012, which is the date the financial statements were available to be issued.

3. TRANSFER TO MULTI-EMPLOYER PLAN

The Company elected to become a participating employer in the 401(k) Advantage, LLC 401(k) Profit Sharing Plan and Trust ("Advantage Plan"). As a result of this election, the net assets of the Plan were transferred to the Advantage Plan on December 30, 2011. Employees of the Company will be eligible to participate in the Advantage Plan subsequent to this transfer.

6. FAIR VALUE MEASUREMENTS

Investments are grouped at fair value in three levels, based on the markets in which the investments are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 - Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 - Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobservable assumptions reflect Plan estimates of assumptions that market participants would use in pricing the investment. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Valued at the net asset value ('NAV') of shares held by the Plan at year end.

Guaranteed investment account - Valued at contract value, which approximates fair value.

The following presents the balance of investments measured at fair value on a recurring basis as of December 31, 2010.

7. INCOME TAX STATUS

The Company has adopted a Prototype Non-standardized Profit Sharing Plan with a cash or deferral arrangement. The prototype sponsor received a favorable opinion letter from the Internal Revenue Service in March 2008, which stated that the prototype plan document was designed in accordance with applicable sections of the Internal Revenue Code. The plan administrator assesses the Plan's income tax status based upon evaluation of the facts, circumstances and information available and believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes is included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.
