SPRINT NEXTEL 401(k) PLAN
Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following brief description of the Sprint Nextel 401(k) Plan (the Plan) provides only general information. For more complete information participants should refer to the Plan document and the Summary Plan Description, which can be obtained by calling the Employee Help Line at 800-697-6000.

General

The Plan is a defined contribution plan established by Sprint Nextel Corporation (the Company) and adopted by substantially all of its subsidiaries. The Plan includes a qualified cash or deferred arrangement as defined in section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Sprint Nextel 401(k) Plan was originally adopted on January 1, 1984 as the Sprint Retirement Savings Plan (SRSP) which was subsequently changed to the Sprint Nextel 401(k) Plan, effective in 2006. The Plan was a continuation of the United Telecom Savings Plan for the exclusive benefit of eligible employees of Sprint Corporation (now Sprint Nextel Corporation) and most of its subsidiaries.

Effective October 10, 1989, the United Telecommunications, Inc. Employee Stock Ownership Plan, now referred to as the TRASOP Account, was merged into the Plan. The TRASOP Account was a defined contribution plan that invested in common stock of the Company. Effective November 1, 2000, the Centel Employee Stock Ownership Plan ("CESOP") related to non-bargaining unit employees was merged into the Plan. Under the Sprint Nextel 401(k) Plan, separate plan provisions relate solely to the Plan, the TRASOP Account and the CESOP Account. Additional information on the TRASOP and CESOP Accounts may be obtained by referring to the Plan document or by calling the Employee Help Line at 800-697-6000. In April 2004, the Sprint FON Stock Fund and the Sprint PCS Stock Fund were combined into one Company Stock Fund as a result of the Company returning to a single tracking stock.

Subsequent events were evaluated for disclosure through July 6, 2012, the date on which the financial statements were available to be issued.

Plan Information

Eligibility

Participation in the Plan is voluntary. Individuals employed by certain of the Company's subsidiaries who are not under the age of 18 and who are not represented by a collective bargaining unit are eligible to participate upon the date of hire.

Contributions

Effective January 1, 2008, a Roth 401(k) feature was added to the Plan. This feature allows employees to make after-tax contributions to the Sprint Nextel 401(k) plan. The qualified contributions and the earnings thereon would not be taxed upon distribution.

Participants may contribute up to 80% of their eligible pay in pre-tax, Roth and after-tax contributions. Total pre-tax and Roth participant contributions may not exceed annual limitations defined in the IRC of \$16,500 for the 2011 plan year. The percentage that may be contributed by participants who meet the definition of a highly compensated employee as defined in the IRC is periodically recalculated in order to maintain compliance with the nondiscrimination provisions of the IRC. Employee contributions in excess of the percentage calculated to maintain nondiscrimination compliance, as discussed above, are recognized as a liability of the Plan as of the measurement date of the financial statements. Subject to certain limitations and restrictions, the Plan permits participants to make rollover contributions from other plans qualified under Section 401 of the IRC.

In 2011, the Company reinstated a fixed matching contribution equal to the lesser of 50% of the participants' contribution or 2% of the participants' eligible compensation. In addition to the fixed matching contribution, the Company provides the potential for a discretionary performance-based matching contribution, as determined by the Board of Directors of the Company, based upon a formula related to the profitability of the Company. If such discretionary contribution is made, the amount of the Company contribution will be allocated to each participant as one dollar of matching contribution for each dollar of employee pre-tax and Roth contribution (in aggregate) up to a maximum of 4% of eligible pay for the plan year. For 2011, the fixed matching contribution was \$30.7 million and the discretionary performance-based matching contribution was \$20.2 million.

SPRINT NEXTEL 401(k) PLAN
Notes to Financial Statements – (Continued)

Eligible participants may make catch-up contributions. To be eligible to make catch-up contributions, a participant must be age 50 by the end of the applicable plan year and must contribute the maximum elective contribution for that plan year. The pre-tax catch-up contribution limit was \$5,500 for the 2011 plan year.

Investment Funds

Participants direct their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time. Participants may also execute a transfer of funds on any day the New York Stock Exchange is open. Other limitations on transfers between funds apply in certain circumstances. The Company matching contribution will be invested into the same funds at the same percentages that the employees choose to contribute.

As of January 1, 2006, no participant contributions or employer matching contributions may be invested in the Company Stock Fund, TRASOP Account or CESOP Account (collectively "Company Stock Fund") and no investment exchanges may be made into the Company Stock Fund. However, participants are allowed to transfer money out of the Company Stock Fund.

Vesting

Participants are 100% vested in their participant contribution accounts at all times. All Company matching contributions made after December 31, 2005 are 100% vested. Company matching contributions made prior to January 1, 2006 were based on a graded vesting schedule which is: 20% vested after two years of service, 40% vested after three years of service, 60% vested after four years of service and 100% vested after five years of continuous service with the Company. If a participant's employment with the Company was terminated and, at termination, the participant had unvested amounts in the Plan and was subsequently rehired within five years from the termination date, that participant was allowed to return to the same point in the vesting schedule as at the time of employment termination. Upon rehiring, any Company matching contributions the participant previously forfeited would be restored if the participant either:

- maintained their account balance in the Plan the entire time they were not employed by the Company; or
- after termination received a distribution of their vested amount, and after being rehired, repays to their account in the Plan the full amount of the previous distribution no later than five years after the date the distribution was made.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow up to the lesser of (1) one-half of the total estimated fair value of their vested account balance, (2) \$50,000 reduced by the highest outstanding balance of the participant's initial loan from the Plan during the one-year period ending on the date the second loan is made, or (3) the total estimated fair value of their pre-tax, Roth, and after-tax participant contributions, including rollover contributions. The minimum required borrowing is \$1,000.

Participants may have no more than two loans outstanding from the Plan at a time. Amounts borrowed by participants must be repaid within five years of each borrowing and no sooner than six months; however, effective January 1, 2012, the minimum loan duration requirement of six months was eliminated. In the event that the proceeds of the loan are used to acquire a participant's principal residence, the maximum repayment period is 25 years. The loans are secured by the balances in the participants' accounts. The interest rate charged on loans is set by Sprint Nextel's Employee Benefits Committee. As of December 31, 2011, outstanding loans were being charged interest rates ranging between 3.25% and 10.0%. Upon retirement, termination, disability, or death the employee (or designated beneficiary) has 60 days to voluntarily repay their loan. If the loan is not repaid within those 60 days, it will be considered in default and deemed distributed.

Withdrawals

Participants may withdraw the vested balance of their account when they retire, terminate employment with the Company, reach age 59 1/2, meet "hardship" requirements defined in the IRC, or become permanently disabled. In-service withdrawals may be made from the participant's vested portion of the Company matching contribution that has been held by the Plan for two full calendar years following the year of contribution. In-service withdrawals may only be requested twice a year. The minimum in-service withdrawal is the lesser of \$1,000 or 50% of the maximum amount that is available for withdrawal but must be at least \$100.

SPRINT NEXTEL 401(k) PLAN
Notes to Financial Statements – (Continued)

Forfeitures

Withdrawing participants who did not meet the vesting guidelines for contributions made prior to January 1, 2006 forfeited their non-vested portion of the Company contribution. At December 31, 2011 and 2010, forfeited non-vested account balances totaled \$3.1 million and \$5.3 million, respectively. In 2011, a portion of these forfeited accounts was used to reinstate previously forfeited account balances and to pay reasonable and approved Plan expenses. Forfeited accounts can also be used to reduce future Company contribution requirements.

Participant Accounts

A separate account is maintained for each participant in the Plan. Each participant's account is adjusted for (a) Company contributions on behalf of the participant, (b) the participant's contributions to the Plan, including rollover contributions, (c) the participant's share of any investment income or loss, (d) withdrawals, (e) loans, (f) forfeitures of Company contributions made prior to January 1, 2006 due to the participant's withdrawal from the Plan, and (g) reinstatement of forfeitures.

Administration and Plan Expenses

The Sprint Nextel Employee Benefits Committee (Plan Administrator) is the named fiduciary of the Plan and is responsible for the administrative and financial activities of the Plan. Plan expenses generally consist of administrative expenses paid to the Fidelity Management Trust Company (Trustee).

Termination

Although the Company has not expressed any intention to terminate the Plan, it reserves the right to amend or terminate the Plan at any time. Should the entire Plan terminate, the accounts of all participants will become non-forfeitable as of the date of termination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER ITEMS

The following is a summary of the significant accounting policies of the Plan:

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments of the Plan are stated at fair value which is determined using quoted market prices, if available, or estimated fair values (Note 4). Purchases and sales of securities are recorded on the trade dates. Dividend income is recorded on the ex-dividend date. Interest income from all the investments is recorded as earned on an accrual basis. Net realized gains and losses are recorded in the accompanying financial statements based on the settlement amount of investments at the time of sale or valuation, and net unrealized gains and losses are recorded based on the estimated fair value of the underlying investment at the measurement date.

Risks and Uncertainties

At December 31, 2011 and 2010, a portion of the Plan's assets were in shares of Sprint Nextel Corporation common stock. The value of this common stock is subject to fluctuations related to corporate, industry, economic and market factors. At year end 2011 and 2010, Sprint Nextel Corporation common stock closed at \$2.34 and \$4.23 per share, respectively. New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued authoritative guidance regarding *Improving Disclosures about Fair Value Measurements*, which requires new and amended disclosure requirements for classes of assets and liabilities, inputs and valuation techniques and transfers between levels of fair value measurements. This guidance was effective for the annual reporting period ending December 31, 2010, except for certain additional disclosures related to activity in the reconciliation of fair values measured using unobservable inputs which were not effective until the reporting period ending December 31, 2011. The disclosure requirements effective for the reporting periods ended December 31, 2011 and 2010, did not have a material effect on the Plan's financial statements.

In May 2011, the FASB issued authoritative guidance regarding *Fair Value Measurement: Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, which resulted in common requirements for measuring fair value and for disclosing information about fair value measurements, including a consistent definition of the term "fair value." The amendments are effective for the reporting period ending December 31, 2012 and are not expected to have a material effect on the Plan's financial statements.

3. INVESTMENTS

The Plan's investments are held by the Trustee. All 2011 and 2010 investment information disclosed in the accompanying financial statements and schedule, including investments held as of December 31, 2011 and 2010 and net unrealized and realized gains (losses) in the fair value of investments, interest, dividends, other investment income and expenses for the year ended December 31, 2011 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee. Accordingly, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investment information certified by the Trustee as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and the supplemental schedule.

The following table presents the Plan investments, including those that represent 5% or more of the Plan's net assets available for benefits:

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value for assets and liabilities, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. The methods used to determine the fair market value may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair value hierarchy requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. There are three levels of inputs that are used to measure fair value:

- Quoted prices in active markets for identical assets or liabilities;
- Inputs other than quoted prices in active markets for identical assets or liabilities that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for investments measured at fair value. The Plan had no investments measured at fair value using unobservable inputs. Methodologies used at December 31, 2011 are consistent with the prior year.

- Company Stock Fund: Valued at the converted price of units held by the Plan, which is calculated indirectly using quoted prices in the active markets.
- Mutual funds: Valued at the Net Asset Value (NAV) quoted in active markets for shares held by the Plan at year end.
- Managed accounts (various investments): Consist of funds, common collective trusts and investment portfolios where the NAV is not available on the open market. The fair value may be calculated using other observable inputs or alternative valuation methods from internal or external sources utilizing quotes in active markets either directly or indirectly.
- Managed accounts (common stock): Valued at the closing price reported in active markets on which the individual securities are traded.
- Self-Directed accounts: Consist of mutual funds and exchange traded funds valued at the closing price reported in active markets on which the individual securities are traded.

5. LITIGATION PROCEEDS

In 2011, the Plan received a secondary distribution of proceeds, totaling \$378,000, related to a previous class action settlement resulting from litigation involving the Company's share recombination of the FON and PCS tracking stock. In April 2012, a pro-rata share of the proceeds, net of administrative processing fees, was allocated to participants affected, including \$154,000 which was transferred to the Embarq 401(k) plan on behalf of Sprint participants who became Embarq employees following the Company's spin-off of its local telecommunications business.

6. RELATED PARTY TRANSACTIONS

Certain plan investments are shares of funds managed by Fidelity Investments Institutional Operations Company. Fidelity Management Trust Company is the Plan Trustee, as defined by the Plan. In addition, certain plan investments include shares of Sprint Nextel Corporation common stock. Sprint Nextel Corporation is the Plan Sponsor. Therefore, these transactions qualify as party-in-interest transactions.

7. INCOME TAX STATUS

The Plan obtained its latest determination letter dated March 7, 2012, in which the Internal Revenue Service stated that the Plan, as then designed, is compliant with the applicable requirements of the IRC. As a result, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.
