#### **INDEPENDENT AUDITOR'S REPORT**

To the Plan Administrator of Jerry Lee's Grocery, Inc. Retirement Savings Plan and Trust Gautier, Mississippi

We were engaged to audit the accompanying statements of net assets available for benefits of Jerry Lee's Grocery, Inc. Retirement Savings Plan and Trust (the Plan) as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by John Hancock Life Insurance Company (U.S.A.), the trustee of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

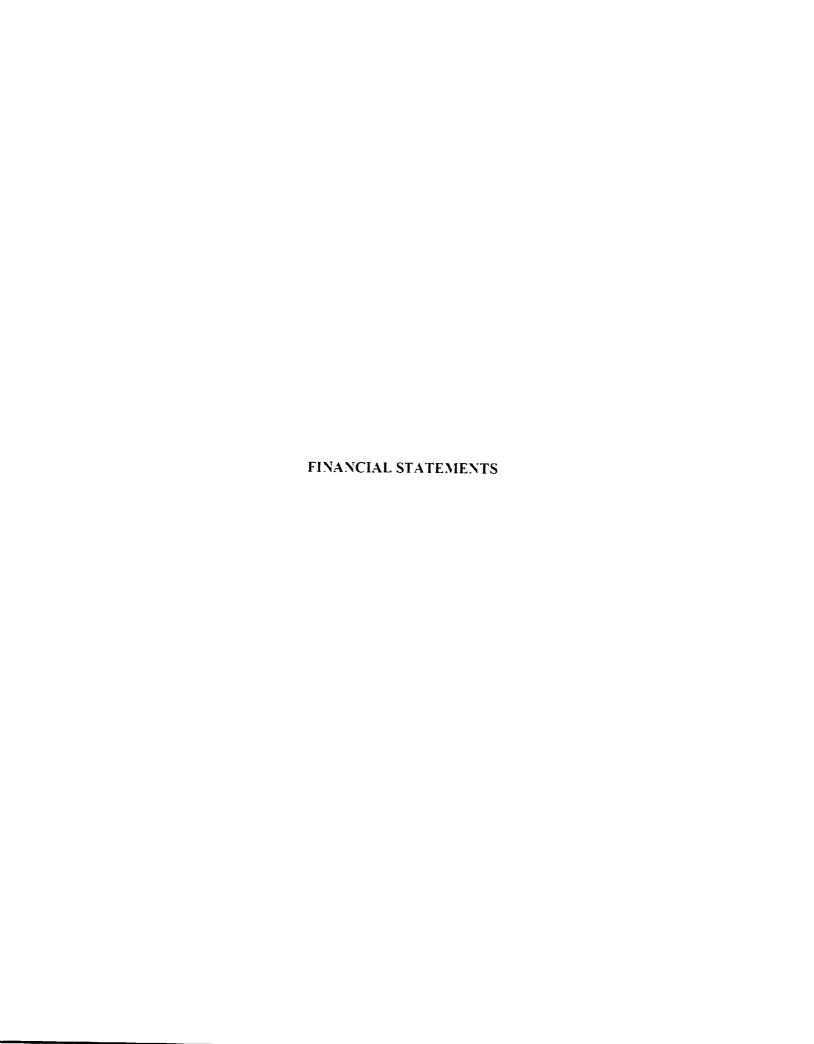

Because of the significant of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole as of or for the year ended December 31, 2011. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Jerry Lee's Grocery, Inc.
Retirement Savings Plan and Trust

We have audited the statement of net assets available for benefits of Jerry Lee's Grocery, Inc. Retirement Savings Plan and Trust as of December 31, 2010, and in our report dated June 13, 2011, we expressed our opinion that such financial statements present fairly, in all material respects, the financial status of Jerry Lee's Grocery, Inc. Retirement Savings Plan and Trust as of December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

#### NOTES TO FINANCIAL STATEMENTS

#### A. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution Plan covering substantially all full-time employees of Jerry Lee's Grocery, Inc. (Company) who are age twenty-one or older, worked a minimum of 1,000 hours during a Plan year, and have one year of continuous service. Plan entry dates are January 1 and July 1 of each year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Participants may elect to defer any amount of pretax annual compensation, subject to regulatory limitations, as defined by the Plan. The employer matches fifty percent of the first six percent of base compensation that a participant contributes to the Plan. Participant contributions in excess of six percent of the participant's total compensation are not matched.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any, Plan earnings (losses), any appreciation or depreciation of the funds invested, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

#### Payment of Benefits

All distributions from the Plan are made in a single lump-sum payment.

#### A. DESCRIPTION OF PLAN (CONTINUED)

#### Forfeited Accounts

Forfeited, non-vested accounts are used to reduce future employer contributions. For years ending December 31, 2011 and 2010, employer contributions were reduced by \$-0- and \$346, respectively, from forfeited non-vested accounts. On December 31, 2011 and 2010, the balance of unallocated, forfeited accounts was \$1,377 and \$-0-, respectively.

#### **B. SUMMARY OF ACCOUNTING POLICIES**

#### **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting.

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Cash Equivalents**

Investments which are readily convertible to cash and not susceptible to market fluctuations are considered to be cash equivalents.

#### Reclassifications

Certain amounts in the 2010 financial statements have been reclassified for comparative purposes to conform to current year presentation.

#### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

#### Pooled Separate Accounts

Variable annuity contracts provide participant-directed investments through a number of pooled separate accounts with underlying mutual funds. The value of the contract is determined by the value of the underlying mutual funds plus any distributions received from the mutual funds and less any charges assessed by the contracts.

#### **B.** SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

#### **Investment Valuation and Income Recognition**

#### **Securities**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Operating Expenses**

All expenses of maintaining the Plan are paid by the Plan.

#### Date of Management's Review

Management has evaluated subsequent events through July 5, 2012, the date at which the financial statements were available to be issued.

#### C. INVESTMENTS

The plan's investments at year end consist of pooled separate accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals. Fund account value represents contributions made into the fund, plus earnings, less Plan withdrawals. The following table represents the fair value of the Plan's investments at December 31, 2011, those that represent 5 percent or more of the Plan's net assets are separately indentified.

#### D. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses the appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 3 inputs were used for the Plan, because Level 1 and Level 2 inputs were available.

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include
  - Ouoted prices for similar assets or liabilities in active markets:
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

#### D. FAIR VALUE MEASUREMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Certificates of deposit do not meet the definition of a security in FASB ASC 820.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Pooled separate accounts*: Valued at the value of the underlying assets owned by the pooled accounts. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

U.S. government securities, corporate stocks, corporate bonds, preferred trust securities and municipal bonds: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011.

#### E. ALTERNATIVE METHOD OF COMPLIANCE

As noted by the independent auditor's report, the plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the custodian for the year ended December 31, 2011, except for comparing information contained therein, as summarized below, to information included in the financial statements. The following information included in the accompanying December 31, 2011 financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

#### E. ALTERNATIVE METHOD OF COMPLIANCE (CONTINUED)

iii) The information listed in the supplemental schedule on page 14.

A full scope audit was performed for the year ended December 31, 2010. The Plan changed custodians and now uses John Hancock who has certified all investments as of and for the year ended December 31, 2011.

#### F. TAX STATUS

The Company has adopted a prototype Plan. The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter dated January 31, 2006 from the Internal Revenue Service, and the Plan sponsor believes that the Plan continues to qualify and to operate as designed.

The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax council believe that the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of American require Plan management to evaluate tax positions taken by the plan to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no auditors for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

#### G. PLAN TERMINATION

Although it has not expressed any intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to receive all amounts included in their accounts as of the date of termination.

#### H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, such changes could materially affect the amounts reported in the statements of net assets available for benefits.

#### I. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by John Hancock Asset Management. John Hancock is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions and have been noted in the supplemental schedule on page 14.

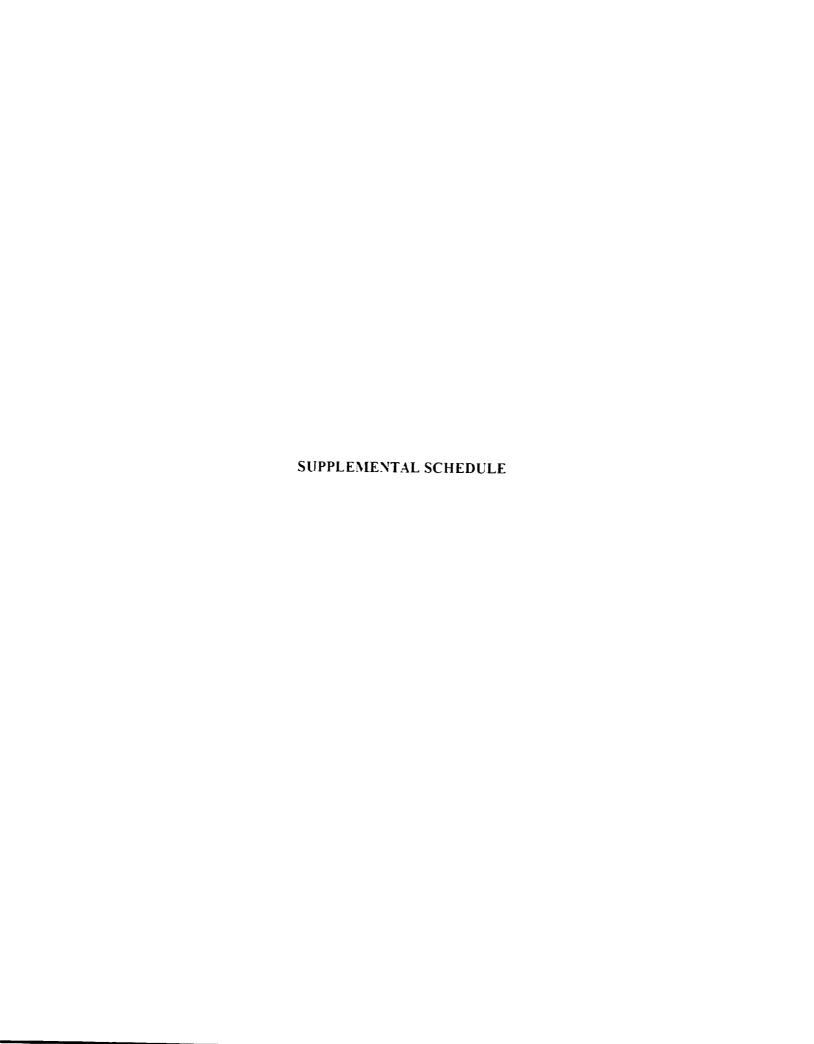

#### J. RECONCILIATION OF FORM 5500 TO THE FINANCIAL STATEMENTS

The following is a reconciliation of net assets available for benefits per the financial statements (accrual basis) to Schedule H of Form 5500 (cash basis) at December 31, 2011 and 2010:
