WABASH VALLEY SERVICE COMPANY RETIREMENT SAVINGS PLAN
GRAYVILLE, ILLINOIS

NOTES TO FINANCIAL STATEMENTS

NOTE 1: Description of Plan

The following description of the Wabash Valley Service Company ("Company") Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General - The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service (at least 1,000 hours of service per Plan year) and are age twenty-one or older. Plan entry dates are semi-annually, either the first day of the first month of the Plan year or the first day of the seventh month of the Plan year. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions - Under the Plan, the participant may elect to have the Company contribute a portion of compensation, in the form of a salary reduction, to the Plan. The amount of this contribution is limited to 15% of compensation, subject to the limits imposed by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also permits participants to make rollover contributions in accordance with the IRC. There were no rollover contributions during either the 2011 or 2010 Plan year.

The Company may make matching contributions equal to a discretionary percentage of salary deferrals and may make a discretionary contribution with the amount, if any, to be determined by the Company each year. All contributions are made to an account in custody of the Trustee. There were no discretionary profit-sharing contributions to the Plan for the year ended December 31, 2011 or 2010.

c. Participant Accounts - Each participant's account is credited with participant's contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company discretionary contributions are as follows:

Years of Service	Percentage Vested
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

e. Investment Options - Upon enrollment in the Plan a participant may direct employee contributions to any of twenty different registered investment funds.

f. Forfeited Accounts – Forfeitures are used to reduce Company discretionary contributions.

g. Payment of Benefits - On termination of service, death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested account. Distributions may also be requested by a participant to alleviate a participant's severe and immediate financial hardship. Normal retirement age under the Plan is 65. Participants may also withdraw their contributions, as described in the Plan or upon their attainment of age 59-1/2.

NOTE 2: Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles general accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when incurred.

Operating Expenses

All expenses of maintaining the plan are paid by the Company.

NOTE 3: Investments

The fair values of the investments are based on quoted market prices (Level 1 Fair Value Measurement).

The following individual investments which are held by the Plan's Trustee, American Funds represents 5% or more of the Plan's net assets at December 31:

Investments at Fair Value	2011	2010
American Funds:		
EuroPacific Growth Fund	$ 460,078	$ 531,603
The Growth Fund of America	738,544	825,495
SMALLCAP World Fund		183,517
Capital World Growth and Income Fund	260,457	292,347
Washington Mutual Investors Fund	324,696	359,628
Income Fund of America	814,473	921,541

NOTES TO FINANCIAL STATEMENTS

The Plan provides for various investments that in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4: Reportable Transactions

Reportable transactions, as defined by the United States Department of Labor Regulations on Annual Reporting Requirements under the Employee Retirement Income Security Act of 1974, are those individual transactions or a series of related transactions which involve amounts in excess of five percent of the current value of Plan assets at the beginning of the Plan year, except for certain types of transactions which are specifically excluded from the reporting requirement. There were no reportable transactions for the years ended December 31, 2011 and 2010.

NOTE 5: Fair Value Measurements

Various inputs are used to determine the fair value of the Plan's investments. These inputs are summarized in the three broad levels listed below:

Level 1 - Quoted prices in active markets for identical securities.

Level 2 - Observable inputs other than Level 1 quoted prices (including, but not limited to, quoted prices for similar securities, interest rates, prepayment speeds, and credit risk).

Level 3 - Unobservable inputs.

Observable inputs are those based on market data obtained from sources independent of the trust, and unobservable inputs reflect the trustee's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with investments at that level. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Registered Investment Companies – Valued at quoted market prices which represents the net asset value of shares held by the Plan at year end.

Money Market Funds – Valued at $1 share price which represents the net asset value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

The following table summarizes the Plan's investments, based on the inputs used to determine their fair values on December 31, 2011:

Description	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Registered Investment Companies	$ 3,118,708	$0	$0
Money Market Funds	$ 283,008	$0	$0

NOTE 6: Information Prepared and Certified By Trustee

The Plan administrator has received from Capital Bank and Trust certifications of investment information and data in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust, the Trustee of the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule at December 31, 2011 and 2010, is complete and accurate:

- Investments, as shown in the statement of net assets available for benefits as of December 31, 2011 and 2010.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2011.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 7: Related-Party Transactions

Certain Plan investments are managed by American Funds, an affiliate of the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

NOTE 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 9: Tax Status

The Plan has received an opinion letter from the Internal Revenue Service ("IRS") dated December 15, 1992, stating that the written form of the underlying non-standardized prototype plan document is qualified under Section 401(a) of the IRC and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving this letter; however, the Plan administrator believes that the Plan is being operated, in all material respects, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

NOTE 10: Subsequent Events

Subsequent events have been evaluated through June 26, 2012 which is the date the financial statements were available to be issued. Subsequent events have not been evaluated past that date.
