The Administrative Committee
The Adirondack Trust Company
Employee Stock Ownership Plan:

We have audited the accompanying statements of net assets available for benefits of The Adirondack Trust Company Employee Stock Ownership Plan as of December 31, 2011 and 2010 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Adirondack Trust Company Employee Stock Ownership Plan as of December 31, 2011 and 2010, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information included in Schedule H - Financial Information (IRS Form 5500) for the year ended December 31, 2011 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Plan Description and Basis of Presentation

The following description of the Adirondack Trust Company Employee Stock Ownership Plan is provided for general information purposes only. Participants should refer to the "Plan Document" for complete information.

A. **General** - The Adirondack Trust Company (Company) established The Adirondack Trust Company Employee Stock Ownership Plan (Plan) effective as of January 1, 1977. On January 27, 2010, the Plan was amended and operates, in relevant part, as an employee stock ownership plan (ESOP) and as a 401(k) Plan, and is designed to comply with the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions for the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by an Employee Benefits Administration Committee comprising up to five persons appointed by The Adirondack Trust Company's Board of Directors.

Employees of the Company are eligible to participate in the ESOP portion of the Plan after one year of service providing they worked at least 1,000 hours during such plan year and have attained age 21. As of February 1, 2010, employees of the Company are eligible to participate in the 401(k) portion of the Plan after three months of service providing they have attained age 21.

B. **Participant Accounts** - Each participant's employer account is credited with an allocation of (a) the Employer's contribution (b) Employee's contribution (c) Plan earnings, and (d) forfeitures of terminated participants' nonvested accounts. Generally, the Employer's contribution and any forfeitures are allocated to each eligible participant in proportion to compensation. Investment earnings or losses (including net appreciation or depreciation) are allocated on the basis of the participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's accounts.

For the years ended December 31, 2011 and 2010, all available assets were allocated to participant's accounts.

C. **Vesting** - Participants are vested based on the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	100%

Participants who reach their normal retirement age, generally age 65, will become fully vested.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

1. Plan Description and Basis of Presentation, Continued

D. **Forfeited Accounts** - Forfeitures are created when a participant terminates employment prior to becoming fully vested. If, after five years, the participant does not rejoin the plan, the forfeited amount is reallocated to eligible participants in the same way as employer contributions are allocated. At December 31, 2011 and 2010 forfeitures reallocated to participants totaled $4,903 and $74,509, respectively.

E. **Payment of Dividends** - Employees who are vested members may elect to receive The Adirondack Trust Company and 473 Broadway Holding Corporation dividends earned. This election will reduce the participant's amount available at retirement.

F. **Voting Rights** - Participants are entitled to exercise voting rights attributable to the shares of The Adirondack Trust Company stock allocated to their account. If a participant does not timely exercise the right to vote Company stock, the trustee will vote such Company stock.

G. **Notes Receivable from Participants** – Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of the participant's vested account balance. The notes are secured by the participant's vested account balance and bear interest rates as determined by the Plan's administrator by reviewing the interest rate charged for similar types of notes by other lenders. In general, the terms of the note may not exceed five years and are required to be paid by payroll deductions or automated clearing house system for electronic funds transfer (ACH).

H. **Payment of Benefits** - No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or under the prescribed circumstances in the event of financial hardship. Distributions are made in cash or, if a participant elects, in the form of Company common stock plus cash for any fractional share.

I. **Diversification** - After ten years of service as a participant and attaining the age of 55, a participant has the right to direct the investment portion of their ESOP account attributable to stock. All ESOP participants may diversify cash balances into an Adirondack Trust Company CD or certain mutual funds. Participants may diversify the 401(k) portion of their account regardless of age or years of service into certain mutual funds.

J. **Termination** - The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

1. Plan Description and Basis of Presentation, Continued

K. Put Option - Under provisions of the Plan the participant or beneficiary will have two put options. The put options are rights to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay in cash or in installments over a period of five years or in some cases not in excess of ten years.

2. Summary of Significant Accounting Policies

A. Investment Valuation and Income Recognition - Investments held in the Plan are valued at fair value on December 31, 2011 and 2010. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Dividend income is recorded on the payment due date.

Purchases and sales of securities are recorded on a trade-date basis.

B. Financial Statements - The financial statements are prepared using the accrual method of accounting.

C. Payment of Benefits - Benefits are recorded when paid.

D. Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

E. Cash - The Plan classifies cash on hand and cash in savings and checking accounts as cash. The Plan's cash is exposed to concentrations of credit risk. At times, such amounts may be in excess of the FDIC insurance limit.

F. Reclassification - Certain prior year amounts have been reclassified to current period presentation.

3. Tax Status

The Plan obtained its latest determination letter on July 17, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

3. Tax Status, Continued

Generally accepted accounting principles clarify the accounting and recognition for income tax positions taken or expected to be taken in the Plan's annual informational filings with various taxing authorities. The Plan's Administrator evaluates its tax positions and believes their estimates are appropriate based on current facts and circumstances.

The Plan's tax filings are subject to audit by various taxing authorities. The Plan's open audit periods are 2008-2011.

4. Administration of Plan Assets

The Plan's assets, which consist principally of The Adirondack Trust Company and 473 Broadway Holding Corporation common stock, are held by the Trustee of the Plan. The Adirondack Trust Company is a commercial bank serving customers primarily in northern Saratoga County, New York and surrounding towns and a wholly owned subsidiary that engages in insurance agency activities. 473 Broadway Holding Corporation is a one-bank holding company with operations and headquarters in Saratoga Springs, New York.

Contributions are held and managed by the Trustee, who invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. During the years ended December 31, 2011 and 2010, The Adirondack Trust Company absorbed substantially all administrative costs of the Plan.

5. Fair Value Measurements

The Plan records purchased investments at their fair value. Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure value into three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. The fair value of mutual funds and corporate common stock are based on quoted market prices. Certificates of Deposit are valued at cost plus accrued interest.
- Level 2 inputs consist of observable inputs other than quoted prices for identical assets. The Plan did not hold Level 2 investments.
- Level 3 inputs are unobservable for the investments and include situations where there is little, if any, market activity for the investment. The values of the Adirondack Trust Company stock and 473 Broadway Holding Corporation stock are based on annual independent appraisals.

5. Fair Value Measurements, Continued

The fair value measurement for each investment is based on the lowest level of observable input for that investment. When available the Plan measures assets using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The following table represents the Plan's fair value hierarchy for those assets measured at fair value as of December 31, 2011:
