Bell Microproducts
401(k) Plan**

We were engaged to audit the financial statements and supplemental schedule of the Bell Microproducts 401(k) Plan (the Plan) as of and for the period ended January 17, 2012, and as of and for the years ended December 31, 2011 and 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), as amended, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, Prudential), the custodian and trustee of the Plan, respectively, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Prudential held the Plan's investment assets and executed investment transactions. The Plan Administrator obtained certifications from Prudential as of and for the period ended January 17, 2012, and as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by Prudential is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Prudential, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BELL MICROPRODUCTS
401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
JANUARY 17, 2012 AND DECEMBER 31, 2011 AND 2010

NOTE 1 - THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES

General - The following description of the Bell Microproducts 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan was a defined contribution plan that was established in 1989 by Bell Microproducts, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan was designed to be qualified under the applicable requirements of the Internal Revenue Code (the Code), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On July 6, 2010, Avnet, Inc. (Avnet) acquired the Company and all its wholly-owned subsidiaries. Effective December 31, 2010, the Board of Directors of Avnet elected to freeze the Plan and no participants were eligible to make contributions into the Plan. In addition, all accounts under the Plan for eligible participants were 100% vested in their accounts.

On January 17, 2012, all Plan assets were transferred out of the Plan. See Note 7 for more information.

Administration - The Company appointed the Avnet 401(k) Committee (the Committee) to manage the operation and administration of the Plan effective January 1, 2011. The Company had contracted with Prudential Retirement to process and maintain the records of participant data, and Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. (collectively, Prudential), to act as the custodian and trustee of the Plan, respectively. Substantially all expenses incurred for administering the Plan were paid by the Company.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Basis of accounting - The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Forfeited accounts - At December 31, 2010, total forfeited nonvested accounts were approximately $57,000. Forfeitures could be used to reduce future employer contributions, pay Plan administrative expenses or reinstate participant accounts. Forfeitures utilized to pay Plan administrative expenses for the years ended December 31, 2011 and 2010 amounted to approximately $12,000 and $8,000, respectively.

Forfeitures used to reinstate participant account balances were approximately $50,000 for the year ended December 31, 2011.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the period.

The Plan's investment in the Guaranteed Long-Term Account, a pooled separate account, as reported by Prudential approximates and is reported in the financial statements at fair value.

Payment of benefits - Benefits were recorded when paid.

Notes receivable from participants - Notes receivable from participants (notes receivable) were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable were reclassified as distributions based upon the terms of the Plan document.

Income taxes - The Plan had adopted a prototype plan that had received an opinion letter from the Internal Revenue Service. The Company believes that the Plan was operated in accordance with, and qualified under, the applicable requirements of the Code and related state statutes, and that the trust, which formed a part of the Plan, was exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. No uncertain positions have been identified that would require recognition of a liability (or asset) or disclosure in the financial statements as of December 31, 2011 and January 17, 2012. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

Risks and uncertainties - The Plan provided for various investment options in any combination of investment securities offered by the Plan. Investment securities were exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it was at least reasonably possible that changes in market values, interest rates or other factors in the near term could have materially affected participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent events - The Plan has evaluated subsequent events through July 12, 2012, which is the date the financial statements were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENTS

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010. There were no assets in the Plan at January 17, 2012.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: Valued at the NAV of units held by the Plan at year end.

Guaranteed investment contract: Valued at fair value based on deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The guaranteed investment contract is an evergreen product that does not have a maturity date; thus, when calculating fair value, it is impossible to discount unknown cash flows with unknown timing and unknown maturity. In fact, for the guaranteed investment contract, the only reasonably known cash flow would be cash received upon the termination of the contract by the Committee and any such cash flows would be received by the Plan within 90 days, and as a result, the fair value of the guaranteed investment contract is contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at fair value as of December 31, 2011

The following sets forth additional disclosures for the fair value measurement of significant investments held by the Plan in pooled separate accounts (which calculate NAV per share) as of December 31, 2011 and 2010:

All level 2 investments had a daily redemption frequency, a daily redemption notice period and no unfunded commitments.

Bond fund:

The Mid Cap Growth/Artisan Partners Fund is advised by Artisan Partners Limited Partnership, and invests primarily in the common stocks of medium-sized companies. It seeks to achieve maximum long-term capital growth in excess of the Russell Midcap Growth and Russell Midcap Indexes, while managing portfolio risk.

Growth funds:

The Small Cap Growth/TimesSquare Fund is advised by TimesSquare Capital management, LLC. It seeks to achieve long-term capital appreciation.

The Janus Adviser Balanced Account is advised by Janus Capital Management LLC, and is managed by the investment manager in a manner substantially similar to the Janus Balanced Fund. It seeks long-term capital growth consistent with preservation of capital and balanced by current income.

The T. Rowe Price Growth Stock Fund is advised by T. Rowe Price Associates, Inc., and is managed by the investment manager in a manner substantially similar to the T. Rowe Price Growth Stock Mutual Fund. It seeks to provide long-term growth of capital and, secondarily, increasing dividend income by investing primarily in common stocks of well-established growth companies. Because of the higher valuations/lower dividend yields of growth stocks, fund prices could decline further in down markets than non growth-focused funds.

The Oppenheimer Global Strategic Fund is advised by OFI Institutional Asset Management, Inc., and is managed by the investment manager in a manner substantially similar to the Oppenheimer Global Fund. It seeks capital appreciation by investing primarily in common stocks of the U.S. and foreign companies.

Blend fund:

The Dryden S&P 500® Index Fund is constructed to reflect the composition of the S&P 500® Index. It seeks to provide long-term growth of capital and income.

Value fund:

The Wells Fargo Small Cap Value Strategy Fund is advised by Wells Fargo Capital Management, Inc. and is managed by the investment manager in a manner substantially similar to the Wells Fargo Advantage Small Cap Value Fund. It seems capital growth by investing primarily in the undervalued stock of small capitalization companies.

NOTE 3 - GUARANTEED INVESTMENT CONTRACTS

In 2005, the Plan entered into a fully benefit-responsive investment contract with Prudential. Prudential maintained the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

Because the guaranteed investment contract was fully benefit-responsive, contract value was the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer, but it may not have been less than 1.5%. Such interest rates were reviewed on a semi-annual basis for resetting.

The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Rates were as follows at December 31:

	2011	2010
Average yields:		
Based on actual earnings	2.6%	2.85%
Based on interest rate credited to participants	2.6%	2.85%

The Guaranteed Investment Contract also sought to provide interest crediting rates which were determined using many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account.

There were no surrender charges associated with the Guaranteed Investment Contract as a result of all Plan assets being transferred out of the Plan, as discussed in Note 7.

NOTE 4 - RELATED PARTY TRANSACTIONS

Certain Plan investments were managed by Prudential, the trustee and custodian of the Plan. Any purchases and sales of these funds were performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, were permitted under the provisions of the Plan and were specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 - PARTICIPATION AND BENEFITS

Participant contributions - Participants could have elected to have the Company contribute their eligible pre-tax compensation to the Plan up to the amount allowable under the Plan document and current income tax regulations. Effective January 1, 2010, the Plan also permitted the automatic enrollment of eligible employees in the Plan with a contribution of 3% of eligible compensation, unless the employee affirmatively elected otherwise. Participants who elected to have the Company contribute a portion of their compensation to the Plan agreed to accept an equivalent reduction in taxable compensation. Contributions withheld were invested in accordance with the participant's direction.

Participants were also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions were deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

As a result of the acquisition of the Company described in Note 1, all participant contributions to the Plan were frozen commencing January 1, 2011.

Employer contributions - The Company was allowed to make discretionary matching contributions. No employer matching contributions were made for the years ended December 31, 2011 and 2010 and for the period ended January 17, 2012.

Vesting - Participants were immediately vested in their contributions. Participants were fully vested in the employer's discretionary matching contributions allocated to their account after four years of credited service. Effective December 31, 2010, participants became immediately vested in all accounts (Note 1).

Participant accounts - Each participant's account was credited with the participant's contribution, Plan earnings or losses and an allocation of the Company's contribution and forfeitures, if any. Allocation of the Company's contribution was based on participant contributions, as defined in the Plan.

Payment of benefits - Upon termination, the participants or beneficiaries could have elected to leave their account balance in the Plan, or could have received their total benefits in a lump sum amount or installments equal to the value of the participant's vested interest in their account, or in the form of a life annuity. The Plan allowed for the automatic distribution of participant vested account balances that did not exceed $5,000.

Notes receivable from participants - The Plan allowed participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The notes receivable were secured by the participant's vested balance. Such notes receivable bore interest at the available market financing rates and had to be repaid to the Plan within a five-year period, unless the note receivable was used for the purchase of a principal residence in which case the maximum repayment period could have been longer. The specific terms and conditions of such notes receivable were established by the Committee. Outstanding notes receivable at December 31, 2011 carried interest rates ranging from 4.25% to 9.25%. There were no notes receivable outstanding at January 17, 2012.

NOTE 6 - CERTIFIED INFORMATION

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2011 and 2010, and net appreciation, interest and dividends for the period ended January 17, 2012 and for the years ended December 31, 2011 and 2010, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Prudential in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following presents the fair values of investment funds that represent 5% or more of the Plan's net assets at December 31:

	2011	2010
Prudential Retirement Insurance and Annuity Company:		
Guaranteed Long-Term Account	$6,835,177	$9,555,973
Dryden S&P 500 Index Fund	3,294,284	4,407,442

Prudential Bank & Trust, F.S.B.:		
Blackrock Equity Dividend Fund	2,372,565	3,426,859

* Less than 5% at year end

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	Period ended January 17, 2012	Years ended December 31, 2011	2010
Pooled separate accounts	$ 55,627	$123,021	$4,485,240
Mutual funds	648,923	(294,521)	529,842
	$704,550	($171,500)	$5,015,082

NOTE 7 - PLAN MERGER/TRANSFER

In conjunction with the purchase of the Company by Avnet, Plan participants who still had balances as of January 17, 2012 had their balances transferred out as follows:

Participants or former employees in the Plan were eligible from either Bell Microproducts, Inc. or ProSys (a wholly-owned subsidiary of Bell Microproducts, Inc.); in turn, the ProSys division was divided into two parts: the "New" ProSys and "Old" ProSys where "New" ProSys held approximately 48% of the total common stock of "Old" ProSys. In January 2011, as a result of the Company's purchase by Avnet, "New" ProSys sold their holdings in "Old" ProSys to Applied Computer Solutions, Inc. When all Plan assets were transferred out on January 17, 2012, approximately $30,700,000 was transferred from the Plan to the Avnet 401(k) Plan for and on behalf of participants who were employees or former employees of either Bell Microproducts, Inc. or "New" ProSys. Approximately $1,900,000 was transferred from the Plan to the Applied Computer Solutions, Inc. 401(k) & Profit Sharing Plan for and on behalf of participants who were employees or former employees of "Old" ProSys.
