Independent Auditors' Report

To the Plan Administrator of
the Ennis Industries Group, L.P. 401(k) Plan

We were engaged to audit the financial statements of Ennis Industries Group, L.P. 401(k) Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of and for the year ended December 31, 2011, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Standard Insurance Company, the contractual custodian of the Plan assets, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the contractual custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the contractual custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the contractual custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the contractual custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Ennis Industries Group, LP 401 (k) Plan
Notes to Financial Statements
(Participant Directed)
December 31, 2011 and 2010

1. Description of Plan

On April 1, 2007, Ennis Steel Industries, Inc. and Shawnee Steel Company ("Employer") established the Ennis Industries Group, L.P. 401(k) Plan (the "Plan"). The following description of the Ennis Industries Group, L.P. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Participation

The Plan is a defined contribution Plan covering all full time employees. Each employee will be eligible to participate in the Plan after completing ninety days of service and attaining the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan defined actual entry dates are May 1, and November 1 of each year, subsequent to fulfilling the eligibility requirements. This is a participant directed plan.

Employee Contributions

An Employee eligible to participate in the Plan shall fill out a payroll reduction form as a condition of participation in the Plan. The salary reduction agreement may not be effective earlier than the Employee's Plan entry date. The Employee may reduce his or her compensation for contributions to the Plan by a percentage not less than one percent (1%) but not more than fifteen percent (15%) up to a specified limit each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty one mutual funds and an insurance investment contract as investment options for participants.

Employer Contributions

The Employer matches 100% of each participant's elective contributions up to 3% of the participant's compensation for the Plan year plus 50% of the participant's elective contributions on the next 2% of compensation. For purposes of a Plan allocation based on compensation, "compensation" means the total compensation participants received from the employer during the period of actual participation in the Plan for the year.

The Plan may require the Employer to make a contribution on the participants' behalf which is in addition to its discretionary contribution. This guaranteed minimum contribution is necessary if the Plan is top heavy and the amount of employer contributions and forfeitures allocated to participant accounts for the Plan Year falls below a certain percentage (usually 3%) of participant compensation for the Plan year. If the Plan requires the Plan Sponsor to make an additional contribution, the Advisory Committee will allocate the additional contribution.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. With limited exceptions, participants must complete 1,000 hours of service during a Plan year to share in the allocation of the Employer's contribution for that Plan year. Employment on the last day of the Plan year is a condition to sharing in the Employer's contribution.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account, bear interest rates that range from 3.25 percent to 8.25 percent according to the prime rate plus one percent, which is credited to the participant's account. Principal and interest is paid ratably through weekly payroll deductions.

Payment of Benefits

The distribution of the vested balance of a participant will be made in the following forms:

1) in a lump sum; or
2) direct rollover to an IRA or another plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts and earnings thereon is based on years of continuous service as follows:

Year of Service	Percent Vested
1	20
2	40
3	60
4	80
5 or more	100

One year of service credit for purposes of the vesting schedule will include all Plan years during which the participant worked at least 1,000 hours for the Plan Sponsor. Years of service before the effective date of the Plan are excluded for vesting purposes.

Retirement

Normal retirement is age 65. Early retirement is any time after age 55 and before age 65.

1. Description of Plan (continued)

Funding Policy

It is the policy of the Employer to forward to Standard Insurance Company the employee salary deferral and the Employer match each pay period (weekly).

Administration

Ennis Steel Industries, Inc. (the "Company") is the Plan Administrator. The Company has designated Donna Wisdom to assist in the duties of Plan Administrator. The Plan Administrator has authority to control and manage the operation and administration of the Plan according to its terms and provisions, and has all powers necessary to accomplish these purposes.

Internal Revenue Service Determination Letter

The Plan is a Defined Contribution Prototype Plan. The prototype Plan has received a favorable determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Generally, the three prior years remain open for federal income tax examination.

Plan Termination

Although the Plan Sponsor has expressed no intent to do so, the Plan Sponsor has the right to terminate the Plan at its discretion. In the event of Plan termination, participants become 100% vested in all their accounts.

Forfeited Accounts

Forfeitures may be used to reduce future Employer matching contributions.

2. Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

2. Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

Investments are reported at fair value, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

It is the policy of the Plan to pay routine administrative expenses for the Plan. These expenses include among other things, contract administrator, investment advisory and management fees. It is the policy of the Plan Sponsor to pay the remaining expenses, including audit fees.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

3. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Insurance company mutual fund pools: The fair value of each unit of participation or NAV is based on the fair value of the specific fund pool divided by the number of outstanding units.

Stable asset fund: The Stable asset fund is not actively traded and significant other observable inputs are not available. Fair value is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	2011	2010
	Level 3	Level 3
Insurance company mutual fund pools	$ 1,622,555	$ 2,112,970
Stable asset fund	1,811,744	1,136,361
	$ 3,434,299	$ 3,249,331

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2011 and 2010:

	2011		2010	
	Stable Asset Fund	Mutual Fund Pools	Stable Asset Fund	Mutual Fund Pools
Balance, beginning of year	$ 1,136,361	$ 2,112,970	$ 1,126,936	$ 1,785,689
Gain (losses), net	36,393	(3,638)	31,762	290,080
Purchases, sales, issuances, and settlements (net)	638,990	(486,777)	(22,337)	37,201
Balance, end of year	$ 1,811,744	$ 1,622,555	$ 1,136,361	$ 2,112,970

The Stable Asset Fund is credited interest monthly based on forecasts of the investments underlying the contracts. Based on these rates and the margins required by Standard Insurance an approved crediting rate is established for the month. The average yield for the 2011 and 2010 Plan years was 2.71% and 2.85%, respectively. The average yield adjusted to reflect the actual interest rate credited approximates the previous stated rates.

4. Investments Certified by Standard Insurance Company

The investments of the Plan are participant directed and consist of insurance company mutual fund pools. The following information included in these financial statements was certified by Standard Insurance Company. Standard Insurance Company certifies the investment valuation and activities including net appreciation of investments are complete and accurate.

The following presents the Plan's investments that equal or exceed 5% of Plan assets.

	2011	2010
Stable Asset Fund II	$ 1,734,995	$ 1,103,263
Vanguard Wellington Admiral	230,183	240,163
Vanguard 500 Index Signal	172,153	201,950
T. Rowe Price Growth Stock	278,493	289,799
Munder Mid Cap Core Growth Y	-	260,256
Harbor International Instl	271,796	410,967

Investments in mutual funds reflected above are through Standard Insurance Company mutual fund pools. Stable Asset Fund II is at contract value.

5. Reconciliation to Form 5500

There are no material differences between the Form 5500 and these financial statements.

6. Separated Participants with Deferred Vested Benefits

At December 31, 2011 and 2010, there were five and two separated participants with deferred vested benefits which totaled $55,232 and $3,395, respectively.

7. Contingencies

The Employer currently holds group annuity contracts through the Stable Assets Fund II with Standard Insurance Company. If contracts are surrendered prematurely in their entirety, there could be market value adjustment charges and surrender charges. However, management does not believe that such an event is probable at this time.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by Standard Insurance Company. Standard Insurance Company is the custodian as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions.

9. Subsequent Events

The Employer has evaluated subsequent events through July 17, 2012, the date which the financial statements were available to be issued. The Employer has no subsequent events to report.
