Caleris 401(k) Safe Harbor Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Caleris 401(k) Safe Harbor Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the supplemental Schedule H, line 4i – Schedule of Assets Held At End of Year as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note A, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian, as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CALERIS 401(K) SAFE HARBOR PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend rate. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Information Prepared and Certified by the Plan's Custodian - The following information included in these financial statements and the supplemental schedule was obtained from data that was prepared and certified to be complete and accurate by the Plan's custodian, Principal Life Insurance Company:

- Investments, at fair value, excluding participant loans
- Investments representing 5% or more of total plan assets
- Investment income, including realized and unrealized gains (losses) on investments
- Supplemental schedule of assets held at end of year

Administrative Expenses - The employer pays for certain costs associated with the administration of the Plan. Loan origination fees associated with notes receivable from participants are deducted from the participant's account.

NOTES TO FINANCIAL STATEMENTS

NOTE B - DESCRIPTION OF PLAN

The following description of the Caleris 401(k) Safe Harbor Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Caleris, Inc. (the Company) who have completed six months of service and are 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may contribute up to one hundred percent of their eligible compensation, as defined in the Plan. Participants may make contributions up to the dollar limit set by law or as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investments options offered by the Plan. The Company contributes to a safe harbor qualified match. For the years ended December 31, 2011 and 2010, the Company's matching percentage was 100% up to 3% of eligible wages, plus a match of 50% from 3% of eligible wages up to 5% of eligible wages. The Company may make discretionary contributions to the Plan. No discretionary contributions were made to the Plan for the years ended December 31, 2011 and 2010.

Participant Accounts - Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions and qualified Safe Harbor matching contributions and investment earnings thereon. Vesting for all other employer contributions is based on years of continuous service. A participant is fully vested after six years of credited service.

Notes Receivable From Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's account balance. Loan terms may not exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the plan administrator. Interest rates ranged from 5.25% to 7.00% at December 31, 2011. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum payment equal to the value of the participant's vested interest in his or her account or a rollover into another qualified investment. Hardship and in-service distributions are permitted if certain criteria are met.

Forfeitures - At December 31, 2011 and 2010, there were no forfeited unallocated invested accounts. During the years ended December 31, 2011 and 2010, there were no forfeitures used to reduce employer contributions or pay administration expenses.

CALERIS 401(K) SAFE HARBOR PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE C - INVESTMENTS

The Plan has invested its assets in various pooled separate investment accounts (SIA) owned by Principal Life Insurance Company (Principal), and guaranteed interest contracts with Principal. Participants are allocated units of the SIA and not specific securities. The value of SIA units is the net fair value of the underlying assets of the investment securities held by the SIA. Unit values are determined daily to reflect investment income and any realized or unrealized capital appreciation or depreciation of the investments held by the SIA. Guaranteed interest contracts are presented at fair value (see Note D).

Following are investments that represented five percent or more of the Plan's fair value of net assets at December 31, 2011:

	<u>2011</u>	<u>2010</u>
Pooled Separate Investment Accounts at fair value:		
Principal Money Market Separate Account	\$ 101,280	\$ 96,808
Principal International Emerging Markets Separate Account	72,267	80,547
Principal Diversified International Separate Account	53,930	57,065
Principal Lifetime 2010 Separate Account	50,468	21,535
Principal Lifetime 2020 Separate Account	61,941	52,422
Principal Lifetime 2030 Separate Account	119,847	98,636
Principal Lifetime 2040 Separate Account	120,411	113,897
Principal SmallCap Value II Separate Account	46,279	46,281
Principal Real Estate Securities Separate Account	59,451	50,187
Guaranteed Interest Contracts – Principal Life Insurance Company	52,853	46,615

The Plan's investments (including investments bought, sold and held during each year) appreciated (depreciated) in value for the year ended December 31, 2011, as follows:

	<u>2011</u>	<u>2010</u>
Pooled Separate Investment Accounts	\$ (34,407)	\$ 92,490
Guaranteed Interest Account	(58)	330
Net appreciation (depreciation) in fair value of investments	<u>\$ (34,465)</u>	<u>\$ 92,820</u>

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds investment contracts with Principal. Principal maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at fair market value as reported to the Plan by Principal. The contracts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible market adjustment when the funds are withdrawn prior to maturity. Therefore, the contracts are not considered to be benefit responsive. The value of the contracts, included as a component of investments, totaled \$52,853 and \$46,615 at December 31, 2011 and 2010, respectively.

CALERIS 401(K) SAFE HARBOR PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE E - FAIR VALUE MEASUREMENTS

Professional standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

- Pooled Separate Accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year end, except for the Principal U.S. Property Separate account which was valued by unobservable level 3 pricing units during 2010.
- Guaranteed interest contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service, dated March 18, 2008, as to the prototype plan's qualified status under the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, the plan administrator and management believe that the Plan and its underlying trust are designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain income tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes that it is no longer subject to income tax examinations for years prior to 2008.
