Note 1. Description of the Plan:

The following description of the MEI Associate Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering substantially all full-time employees of MEI, Inc. Participation in the Plan is immediate with automatic employee contributions on or about the third pay period.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Each pay period, participants may contribute up to 75% of eligible earnings, as defined by the Plan. Participants may elect to contribute a portion of their current pay to a salary deferral account on a pre-tax basis. Participants may also make after-tax and Roth contributions, subject to both FICA tax and income taxes. Participants may contribute a maximum of \$16,500 for the years ended December 31, 2011 and 2010. There is no age requirement for purposes of pre-tax and after-tax contributions. Participants who are age 50 or older may elect to contribute additional amounts (“catch-up contributions”) to the Plan. The additional amounts may be contributed regardless of any other limitations on amounts contributed to the Plan. The maximum “catch-up contribution” allowed is \$5,500 for the years ended December 31, 2011 and 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common/collective trust as investments options for participants.

Participants are also eligible for matching and Company contributions after they have attained age 21 and completed one year of service. Once eligible, the Company will make matching contributions each pay period equal to 100% of pre-tax and Roth contributions, up to 6% of the participant’s eligible earnings. Once eligible, the Company will also make Company contributions each pay period equal to 6% of the participant’s eligible earnings.

Note 1. Description of the Plan (continued):

Payment of benefits:

On termination of service for any reason (retirement, termination, disability or death), participants may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or, if the vested interest exceeds \$5,000, installment payments. Additionally, if the vested account balance exceeds \$5,000, the participant may choose to receive either a) a lump sum payment of the after-tax contribution account with the remaining account balance paid in one of the Plan's installment options, or b) a partial lump sum payment of the account balance and leave the remaining balance in the Plan until a later date. Account balances not in excess of \$1,000 will automatically receive a lump sum payment, unless a direct rollover is elected by the participant. If the account balance is at least \$1,000 but does not exceed \$5,000, the account balance will be rolled into an IRA designated by the Plan administrator, unless a cash payment or other direct rollover is elected by the participant.

Participant accounts:

Each participant's account is credited with the participant's elective pre-tax contribution, after-tax contribution (if applicable), and allocations of 1) Company contributions, matching contributions, and 2) Plan earnings, and charged with an allocation of certain applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance (taking into account amounts not available for loans, such as any after-tax contributions and after-tax rollover contributions). Loans must be fully repaid through payroll deductions within 5 years, unless the loan is used to acquire a principal residence, in which case the repayment period may be longer. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing market rates. No more than four (two non-principal residence and two principal residence) loans may be outstanding to a participant at any one time. Interest rates range from 4.25% to 9.25%.

Vesting:

Participants are vested immediately in their contributions (including rollover contributions) and matching contributions plus earnings thereon. Participants will become 100% vested in Company contribution amounts after they have completed 3 years of service.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2011 AND 2010

Note 1. Description of the Plan (continued):

Forfeited accounts:

At December 31, 2011 and 2010, forfeited non-vested accounts (all of which were unallocated) totaled \$48,754 and \$1,394, respectively. Forfeitures will be used to reduce future Company contributions. Forfeitures applied for the years ended December 31, 2011 and 2010 were \$20,000 and \$62,000, respectively.

Note 2. Summary of significant accounting policies:

Basis of accounting:

The financial statements are prepared under the accrual method of accounting.

New accounting standards:

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*, which requires a greater level of disaggregated information and expanded disclosures about valuation techniques and inputs to fair value measurements. Adoption of ASU 2010-06 had no material impact on the Plan's financial statements.

In May 2011, FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. The objective of this update is to improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs), by changing the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and disclosing information about fair value measurements. The amendments include those that clarify FASB's intent about the application of existing fair value measurement and disclosure requirements and those that change a particular principle or requirement for measuring fair value or for disclosing information about fair value measurements. For nonpublic entities, the amendments are effective for annual periods beginning after December 15, 2011. ASU 2011-04 is not expected to have a material impact on the Plan's financial statements when adopted.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2011 AND 2010

Note 2. Summary of significant accounting policies (continued):

Notes receivable from participants:

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Administrative expenses:

Aside from loan fees and purchase and redemption fees for certain funds, administrative expenses are paid by the Company.

Reclassifications:

Certain reclassifications have been made to the prior year financial statements in order for them to be in conformity with the current year presentation.

Note 5. Fair value measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1: Securities traded on an active market.

Level 2: Securities not traded on an active market but observable market inputs are readily available.

Level 3: Securities not traded on an active market and observable market inputs are not readily available.

Note 5. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds:	Valued at the net asset value (NAV) of shares held by the Plan at year end.
Vanguard Retirement Savings Trust (common / collective trust):	Valued at the NAV of units held by the Plan in the trust at year end. 100% of trust's investments are in a master trust and are valued at the unit (contract) value of the master trust (i.e., \$1.00). Contract value of the master trust approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31:

	<u>2011</u>	<u>2010</u>
Level 1: Mutual funds:		
Short-term reserves	\$ 48,754	\$ 1,394
Bond funds	3,790,500	2,988,174
Balanced funds	15,712,063	15,147,702
Domestic stock funds	10,227,301	10,244,062
International stock funds	<u>4,572,091</u>	<u>5,272,379</u>
Total mutual funds:	34,350,709	33,653,711
Level 2: Vanguard Retirement Savings Trust (common / collective trust)	<u>3,509,824</u>	<u>2,343,599</u>
	<u>\$37,860,533</u>	<u>\$35,997,310</u>

Transfers in and (out) of the common/collective trust for 2011 were \$2,191,057 and (\$1,080,519), respectively. Transfers in and (out) of the common/collective trust for 2010 were \$1,741,954 and (\$600,834), respectively.

Note 6. Related party transactions:

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company (VFTC). VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$5,653 and \$4,562 for the years ended December 31, 2011 and 2010, respectively.

Note 7. Risks and uncertainties:

The Plan invests in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Tax status:

The Plan obtained its latest determination letter on May 16, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 10. Subsequent events:

Subsequent events were evaluated through July 12, 2012, which is the date the financial statements were available to be issued.
