Independent Auditor's Report

To the Plan Administrator
Impact Confections 401(k) Plan
Littleton, Colorado

We were engaged to audit the accompanying statements of net assets available for benefits of Impact Confections 401(k) Plan (the Plan) as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule, Schedule H, Line 4(i) — Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified or provided by Principal Trust Company (Principal), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that Principal holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from Principal regarding the completeness and accuracy of the information summarized in Note 4 that was provided to the Plan Administrator by Principal as of and for the year ended December 31, 2011, and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 12 to the financial statements, in late 2011, the Plan Sponsor downsized its operations which resulted in a partial plan termination.

Note 1. Description of the Plan

The following description of Impact Confections, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan whereby eligible employees of Impact Confections, Inc. and its wholly-owned subsidiary, Melster Candies, Inc. (collectively, the Company), are permitted to make contributions that are tax-deferred under Section 401(k) of the Internal Revenue Code (the Code). The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees become eligible for participation at the age of eighteen and upon completing 30 days of service, as defined by the Plan.

Vesting: Participant contributions plus actual earnings are immediately fully vested and nonforfeitable. Employer contributions vest to participants based upon years of service. Participants are vested in employer contributions based upon the following schedule:

Years of Service	Vesting Percentage
Any service less than 1 year	None
1 year, but less than 2	25%
2 years, but less than 3	50%
3 years, but less than 4	75%
4 years or more	100%

Contributions: Each year, participants may elect to contribute up to 50% of pretax compensation subject to certain maximum limitations imposed by the Internal Revenue Code ($16,500 for 2011). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the Internal Revenue Code ($5,500 for 2011). Participants may also contribute amounts representing distributions from other qualified plans.

The Plan requires matching contributions equal to a percentage of the participant's deferral contributions, as determined by the Company. In 2011, the Company made a matching contribution equal to 50% of the participant's deferral contributions, not to exceed 4% of the employees' pretax compensation.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment options: Participants must direct their contributions to selected investments as made available and determined by the Plan sponsor. Participants may change their investment options any time throughout the year via internet or direct phone access to the custodian.

Forfeitures: Forfeitures by terminated employees of nonvested employer contribution amounts are retained by the Plan and are used to reduce administrative expenses of the Plan. Any forfeiture left after paying plan expenses are reallocated. At December 31, 2011 and 2010, unused forfeited nonvested employer contributions amounted to approximately $0 and $5,800, respectively. During the year ended December 31, 2011, approximately $8,200 from forfeited nonvested accounts was reallocated to participants and administrative expenses were reduced by approximately $2,400 from forfeited nonvested accounts. During 2011, participants forfeited nonvested employer contributions totaled approximately $4,800.

Note 1. Description of the Plan (Continued)

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or receive annual installments; however, withdrawals of funds from his or her account must begin upon attaining age 70½ . For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes receivable from participants: Participants may borrow from their participant accounts a minimum of $1,000 to a maximum of the lesser of $50,000 or 50% of their vested account balance. The number of outstanding loans for a participant shall be limited to two. Loan terms range from 1-5 years or up to 30 years if used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with the rates offered by commercial lending institutions. Interest rates on outstanding participant loans ranged from 5.25% to 10.25% as of December 31, 2011. Principal and interest is paid ratably through weekly payroll deductions.

Reclassification: Certain reclassifications have been made to the prior year statement of net assets available for benefits to conform to current year presentation. These reclassifications had no effect on the ending net assets available for benefits.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan’s management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: All expenses incurred in the administration of the Plan are paid by the Company. Certain asset management fees are paid by the Plan and allocated to participants' accounts on a quarterly basis.

Income taxes: Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan’s tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

Note 2. Summary of Significant Accounting Policies (Continued)

Subsequent events: The plan administrator has evaluated subsequent events for potential recognition or disclosure through July 24, 2012, the date on which the financial statements were available to be issued.

Recent accounting pronouncements: In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*. This amendment requires new disclosures and reasons for transfers of financial assets and liabilities between Level 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. The guidance related to Level 3 measurements was effective for periods beginning on or after December 15, 2010. The adoption of the guidance related to Level 3 measurements did not have a material impact on the Plan's financial statements. With respect to matters other than Level 3 measurements, the amendment was effective for periods beginning on or after December 15, 2009, and the adoption of these provisions of ASU 2010-06 did not have a material impact on the Plan's financial statements.

In May 2011, the FASB issued ASU 2011-04, *Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Note 3. Investment Contracts With Insurance Company

The Plan entered into investment contracts with Principal Trust Company (Principal) under which the Plan deposits a portion of its annual contributions. Principal maintains the contributions in an unallocated fund to which it adds interest at a fixed rate according to when the contributions were deposited. The rates are guaranteed annually but are subject to change. When changed, the new rate applies to funds deposited from the date of the change. These contracts are non benefit-responsive and are included in the financial statements at fair value. These contracts pay contract value for a benefit event such as termination, death, disability or retirement. However, this value is subject to a surrender charge when funds are withdrawn prior to maturity for a non-benefit event.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield were 0.82%% and 1.23% during the years ended December 31, 2011 and 2010, respectively. The crediting interest rate is based on an agreed upon formula with the issuer, but may not be less than 0.60%, 0.74%, 0.86% and 1.08% for the four contracts that mature on December 31, 2012, 2013, 2014 and 2015, respectively. Such interest rates are reviewed on a periodic basis for resetting.

Note 4. Information Certified and Provided by Principal

The following is a summary of the plan's asset information as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by Principal and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Principal that information provided to the Plan Administrator by Principal related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the assets listed below.

Single Plan assets representing 5% or more of the Plan's net assets as of December 31, 2011 and 2010 are separately identified as follows:

	2011	2010
Investments in pooled separate accounts:		
Principal Money Market	**$ 346,806**	$ 241,836
Principal Bond & Mortgage	**445,244**	296,345
Principal Large-Cap S&P 500 Index	**141,346**	186,045
Principal Lifetime 2030	**422,457**	397,034
Principal Mid-Cap Value I*	**94,551**	118,748
Principal Lg-Cap Growth II*	**70,468**	154,526
Principal International I*	**109,973**	139,870
Other pooled separate accounts	**537,578**	576,040
Guaranteed interest accounts	**45,064**	46,728
Notes receivable from participants	**166,063**	189,438
Total assets	**$ 2,379,550**	$ 2,346,610

*Investment represents less than 5% of the Plan's net assets at December 31, 2011.

Principal also certified to the completeness and accuracy of $23,309 of net depreciation in fair value of investments and $11,574 of interest related to the aforementioned assets for the year ended December 31, 2011.

Note 5. Fair Value Measurements

ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated from by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Accordingly, the fair value of these assets is established using Level 3 inputs.

Pooled separate accounts: Pooled separate accounts invest in mutual funds and are primarily valued at the net asset value (NAV) per share based on quoted market values of the underlying investments. Accordingly, the fair value of these assets is established using Level 2 and 3 inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Description	Level 1	Level 2	Level 3	Total
2011:

Balance, end of year	**$ 45,064**	**$ -**

Note 6. Administration of Plan Assets

Certain administrative functions are performed by officers or employees of the Company; however, such officers and employees receive no compensation from the Plan.

Note 7. Party-In-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations (DOL) as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, transactions conducted by Principal, the trustee of the Plan, and Principal Life Insurance Company qualify as party-in-interest transactions.

Note 8. Income Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Plan Termination

While it has expressed no intention to do so, the Company has the right to terminate the Plan. In the event of termination of the Plan, the participants become fully vested in their entire account balances and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

Note 10. Risks and Uncertainties

The Plan may invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Excess Contributions Payable

The liabilities of $0 and $3,714 as of December 31, 2011 and 2010, respectively, relate to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provision of the Plan.

Note 12. Partial Plan Termination

In late 2011, the Company downsized its operations which resulted in a partial plan termination. This affected 26 participants, 10 of whom have taken distributions from the plan of approximately $56,000 in the current year. Approximately $94,000 remains payable to affected participants. All participants affected by the partial plan termination became 100% vested in their accounts.

Note 13. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2011 and 2010:

	2011	2010
Net assets available for plan benefits per the financial statements	**$ 2,379,550**	$ 2,346,111
Plus current year excess contributions payable	**-**	3,714
Less current year other receivable	**-**	(3,215)
Adjustment from fair value to contract value for guaranteed interest accounts	**-**	(370)
Differences in:		
Investments	**166,063**	189,438
Receivables - notes receivable from participants	**(166,063)**	(189,438)
Net assets available for plan benefits per the Form 5500	**$ 2,379,550**	$ 2,346,240

The following is a reconciliation of the net increase in plan assets as reported on the statement of changes in net assets per the financial statements to the Form 5500 for the year ended December 31, 2011:

Net increase in plan assets per the financial statements	$ 33,439
Plus prior year other receivable	3,215
Less prior year excess contributions payable	(3,714)
Plus prior year change in adjustment from fair value to contract value for guaranteed interest accounts	370
Net increase in plan assets available for plan benefits per the Form 5500	$ 33,310

Note 14. Subsequent Event

In the first quarter of 2012, the Company incurred a reduction in its workforce. Because this was part of a series of events commencing in late 2011 (See Note 12), partial Plan termination treatment is applicable to all participants who lost their jobs due to lay-off and elimination of their position. Vesting for all participants whose termination resulted in the partial Plan termination was accelerated such that the account balances of each affected employee immediately became 100% vested and nonforfeitable.
