EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. DESCRIPTION OF PLAN

The following description of the Integrated Medical Professionals, PLLC Employees' Deferred Savings and Profit Sharing Plan (the "Plan") provides only general information. Users of the financial statements and supplemental schedules should refer to the Plan documents for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established to provide for contributions made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan covers substantially all employees of Integrated Medical Professionals, PLLC and its affiliate Comprehensive Practice Solutions, LLC (hereafter collectively referred to as the "Company"). The Plan is a "multiple employer" plan as described in Section 413(c) of the Internal Revenue Code, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees may participate in the Plan once they are age 21 and have one year of service (1,000 hours of service in a 12 consecutive month period).

Contributions: Eligible employees may make contributions via payroll deductions up to limits as defined in the Plan and other limits in accordance with the Code. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts.

The Company may make matching contributions to the Plan, at its discretion, equal to a specified percent of each participant's deferral amounts. In addition, the company may make an additional discretionary contribution to participants of the Plan as deemed appropriate. Contributions are subject to limitations as provided in the Code and as defined in the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's additional discretionary contribution, if any, and Plan earnings. Each participant's account is charged with Plan losses and expenses, if any. Allocations are based on participant's account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

**INTEGRATED MEDICAL PROFESSIONALS, PLLC
EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. DESCRIPTION OF PLAN (continued...)

Investment Options: Upon enrollment in the Plan, a participant may direct contributions to one or more investment options. Participants may change their investment options at any time at their discretion. See the accompany schedule of assets held for a list of investment options currently available.

Vesting: Participants are immediately vested in their contributions, voluntary rollovers, and the actual allocated earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service, with full vesting no later than six years of credited service as shown in the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures: Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested shall be forfeited. Forfeitures will be used to reduce the Company's matching contributions in the current and preceding years.

Benefit Payments: Upon reaching normal retirement age, termination of employment, death or disability, or termination of the Plan, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options. A participant may defer paying tax on some taxable payments by electing a rollover distribution.

Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

Participant Loans: Participants may, subject to certain conditions, borrow from their own accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Principal and interest are payable through weekly payroll deductions. Interest rates on participant loans approximate prevailing interest rates on bank loans of similar length of time and repayment terms. The loans are secured by the balance in the participant's account.

EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract basis.

Fair Value Measurements: The FASB Accounting Standards codification Topic 820, *Fair Value Measurements and Disclosures* (ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable market data by correlation or other means;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**INTEGRATED MEDICAL PROFESSIONALS, PLLC
EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued...)

Fair Value Measurements (continued...): The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2011 and 2010.

Accounting Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Valuation of Investments: The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the insurance company general account are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering credit worthiness of the issuer. Investments in the pooled separate accounts are valued indirectly based on observable prices for the underlying assets.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on the trade date. Income from investment in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Participant loans are valued at cost.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued...)

Payment of benefits: Benefits are recorded when paid.

Administrative Expense: The cost and expense of administering the Plan shall be paid, at the discretion of the Company, either directly by the Company or by the Plan through fees deducted from participant accounts.

Note 3. CERTIFICATION OF INVESTMENT INFORMATION

TD Ameritrade Trust Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held as of December 31, 2011 and 2010.

Note 4. INVESTMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

NOTES TO FINANCIAL STATEMENTS

Note 5. 5% INVESTMENTS

Investment balances that represent 5% or more of net assets available for benefits at December 31, 2011 are as follows:

American Century Livestrong 2025	\$ 1,446,238
American Century Livestrong 2035	1,347,045
Keeley Small Cap Value Fund	3,748,689
TD Ameritrade SDBA	6,174,252

Note 6. RECONCILIATION TO FORM 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. As of and for the year ended December 31, 2011, there were no such differences.

Note 7. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 19, 2012, which is the date the financial statements were available to be issued.

Note 8. TAX STATUS

The Plan received its latest determination letter on June 9, 2010, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter and has adopted a pre-approved Prototype Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

Note 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

**INTEGRATED MEDICAL PROFESSIONALS, PLLC
EMPLOYEES' DEFERRED SAVINGS AND PROFIT SHARING PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. PARTIES-IN-INTEREST TRANSACTIONS

Administrative fees include investment fees, third party administrative fees, and other professional services, and are based on customary charges as shall be agreed to from time to time. Certain of these expenses are absorbed by the Plan sponsor. Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.
