The Plan Administrator and Participants
Rochester Precision Optics 401(k) Plan

We were engaged to audit the financial statements of Rochester Precision Optics 401(k) Plan as of December 31, 2011, and for the year then ended, and the supplemental schedule as of December 31, 2011, as listed in the table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by TD Bank N.A., the trustee of the Plan, except for comparing the investment information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the 2011 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of Rochester Precision Optics 401(k) Plan as of December 31, 2010. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Rochester Precision Optics 401(k) Plan

Notes to Financial Statements

December 31, 2011

1. Description of Plan

The following description of the Rochester Precision Optics 401(k) Plan (Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established March 10, 2006, is a defined contribution plan covering all eligible employees of Rochester Precision Optics (the Company) who are age 21 and have met the service requirements of 60 days of service for deferrals and one year of service to participate in the matching contribution. Employees are eligible to participate in the Plan on the last day of each month following 60 days of service. The employee is eligible to participate in matching and nonelective employer contributions the first day of each plan year quarter after completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions and Funding

Each year, participants may contribute up to 100% of their respective pretax annual compensation, subject to limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan is a safe harbor 401(k) Plan. The Company matching contribution is equal to 100% of the employee contributions that are not in excess of 4% of eligible compensation, as defined in the Plan.

The Company may also make an additional discretionary profit sharing contribution to eligible participants. The Company contributed $-0- in 2011.

See Report of Independent Auditors and Accountants.

1. Description of Plan (continued)

Participants Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings (losses), and charged with applicable loan and/or withdrawal charges. Allocations are based on participant salary deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, the safe harbor matching contribution, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 20% vested after two years of credited service, 40% after three years, 60% after four years, 80% after five years, and is 100% vested after the completion of six or more years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Only one loan per participant is allowed to be outstanding at any time. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to 2% above the prime rate. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, or upon death, disability or retirement, a participant may receive a lump-sum or installment amounts equal to the vested value of his or her account.

1. Description of Plan (continued)

Forfeited Accounts

Participants who leave the employment of the Company forfeit the nonvested portion of their accounts. Forfeitures are used to offset future Company contributions to the Plan. At December 31, 2011 and 2010, forfeitures available totaled $-0- and $-0-, respectively. Forfeitures used to reduce employer contributions during the year ended December 31, 2011 amounted to $-0-.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board Accounting Standards Codification Topic 946-210-45, *Other Presentation Matters – Fully Benefit-Responsive Investment Contracts (FSP)*, investments held by a defined contribution plan are required to be reported at fair value (Federated–Capital Preservation Fund). However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would received if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The fair value of participation units owned by the Plan in the collective investment fund (Federated Capital Preservation Fund) is based on the fair value of the underlying investments. Mutual funds are valued at the net asset value of shares held by the Plan at year-end.

The FSP defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts held by defined contribution health and welfare and pension plans. As required by the FSP, the Federated Capital Preservation Fund which holds fully benefit-responsive investment contracts is reported at fair value in the Plan's statement of net assets available for benefits, with a corresponding adjustment to reflect such investment at contract value at December 31, 2011 and 2010. The Company is required to provide a twelve month notice in the event the Plan exits this investment. The average yield, of this fund, was approximately 1.29% in 2011.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, certain management fees and operating expenses are reflected as a reduction of investment return for such investments.

2. Summary of Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS*, (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2011, and net appreciation (depreciation) in fair value of mutual funds, interest income and investment expenses for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

3. Investments (continued)

The fair value of individual investments that represent 5% or more of the Plan's net assets available for benefits is as follows:

	December 31	
	2011	**2010**
Federated Capital Preservation Fund	**$ 1,066,119**	$ 685,363
Manning & Napier Pro-Blend Moderate Term Fund	**478,943**	*

4. Fair Value Measurements

ASC Topic 820, "Fair Value Measurements" (ASC Topic 820) defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

4. Fair Value Measurements (continued)

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Inputs are quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

There have been no changes in the valuation methodologies (Note 2) used at December 31, 2011 and 2010.

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2011.

	Level 1	Level 2	Level 3
Mutual funds:			
Domestic equity investments	$ 1,903,130	$	$
Fixed income investments	601,512		
Lifestyle investments	478,943		
International investments	268,764		
Short-term investments	37,961		
	$ 3,290,310		
Collective investment fund		$ 1,066,119	

4. Fair Value Measurements (continued)

The following table sets forth by level within the fair value hierarchy the Plan's investment assets and liabilities, if any, as of December 31, 2010.

	Level 1	Level 2	Level 3
Mutual funds:			
Domestic equity investments	$ 1,856,196	$	$
Fixed income investments	379,327		
International investments	372,365		
	$ 2,607,888		
Collective investment fund		$ 685,363	

5. Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Income Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code, and therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2008-6 and Announcement 2005-16 the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

See Report of Independent Auditors and Accountants.

6. Income Tax Status (continued)

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements.

7. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee are considered party-in-interest transactions.

8. Differences Between the Financial Statements and Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31	
	2011	**2010**
Net assets available for benefits per Form 5500	**$ 4,500,644**	$ 3,402,422
Plus:		
Participant contribution receivable	–	4,620
Employer contribution receivable	–	1,816
	–	6,436
Net assets available for benefits per the financial statements	**$ 4,500,644**	$ 3,408,858

9. Subsequent Events

The Company has evaluated all subsequent events through July 26, 2012, the date the financial statements were available to be issued. During this period, there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.

See Report of Independent Auditors and Accountants.
