WISCONSIN FILM & BAG, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE A - PLAN DESCRIPTION

The following brief description of the Wisconsin Film & Bag, Inc. Retirement Savings Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

1. General

The Plan is a defined contribution pension plan covering substantially all employees of Wisconsin Film & Bag, Inc. ("Company") who have obtained the age of 21. Effective February 20, 2009, the Plan was amended to allow temporary employees who complete a year of service to become eligible to join the plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

2. Contributions

The Plan permits employees to contribute to the Plan with "pre-tax" dollars and "after-tax" dollars. Participants can elect to contribute to the Plan by means of a salary reduction agreement from 1% to 75% of their compensation up to the maximum allowable by the Internal Revenue Service ("IRS"). The Company will then match the participant's contributions. The Company match is equal to 50% of the participant's contributions up to a maximum of 6% of the participant's compensation. In addition, the Company can make a discretionary contribution in an amount determined annually by the Board of Directors. There were no discretionary contributions made for the years ended December 31, 2011 and 2010.

3. Vesting

Participants are at all times fully vested in the value of their accounts attributable to their voluntary contributions.

Participants become 10% vested in the Company's contributions for each year of service up to two years of service and are additionally vested at 20% for each year of additional service up to six years of service, at which time participants are fully vested.

4. Benefits

On termination of service due to death, disability or retirement, the participant or beneficiary is entitled to receive as benefits the entire amount credited to his or her accounts as of that date. Upon a participant's termination from employment with the Company for a reason other than death, disability or retirement, the participant is entitled to the vested balance in his or her account.

NOTE A - PLAN DESCRIPTION - Continued

5. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions, along with an allocation of Plan earnings and Company discretionary contributions. Allocations are based on participant earnings or account balances as defined in the Plan's provisions.

6. Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the excess of the participant's highest outstanding loan balance during the twelve-month period ending on the date of the loan over the participant's current outstanding loan balance on the date of the loan or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

7. Forfeited Accounts

Forfeited non-vested accounts from employer matching and profit sharing contributions reduce Company contributions to the Plan. Forfeitures of terminated participant's non-vested account balances of $6,625 and $2,931 were used to reduce Company contributions in 2011 and 2010, respectively. At December 31, 2011 and 2010, the outstanding balance of forfeited non-vested accounts was $11,256 and $5,569, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

2. Basis of Accounting

The financial statements of the Plan are prepared on an accrual basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefits are recorded when paid.

5. Administrative Expenses

The Plan pays certain plan administrative costs. Other expenses are paid by the Company.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - Continued

7. New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued new accounting rules related to the disclosure requirements for fair value measurements. The new accounting rules required new disclosures regarding significant transfers between Levels 1 and 2 of the fair value hierarchy and the activity within Level 3 of the fair value hierarchy. The new accounting rules also clarified existing disclosures regarding the level of disaggregation of assets or liabilities and the valuation techniques and inputs used to measure fair value. The new accounting rules were effective for the Plan's first fiscal year beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the rollforward of activity in Level 3 fair value measurements. Those disclosures were effective for fiscal years beginning after December 15, 2010. Since this new guidance only amends the disclosure requirements, it did not impact the statement of net assets available for benefits or statement of changes in net assets available for benefits.

NOTE C - INVESTMENTS

The Plan's investments are held by a bank-administered trust fund. Individual investments exceeding 5% of the net assets available for benefits are as follows, as of December 31:

Net appreciation (depreciation) in fair value of investments is as follows for the year ended December 31:

	2011	2010
Collective trust funds	$ (22,537)	$ 120,849
Mutual funds	(43,907)	404,695
	$ (66,444)	$ 525,544

NOTE C - INVESTMENTS - Continued

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE D - FAIR VALUE MEASUREMENTS

There is a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three Levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement Level within the fair value hierarchy is based on the lowest Level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end, as determined by reference to quoted market prices.

Collective trust funds: Value based on contractual terms of the underlying investment contracts.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2011

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate NAV per share (or its equivalent) as of December 31, 2011 and 2010:

Investment type	Fair value at 12/31/2011	Fair value at 12/31/2010	Unfunded commitments	Redemption frequency	Redemption notice period
Collective trust funds					
BMO Aggressive Balanced Fund (a)	$ 275,312	$ 260,235	$ -	Daily	Daily

BMO Employee Benefit Stable Principal Fund (d)	207,090	289,513	-	Daily	Daily

(a) The Aggressive Balanced Fund seeks to achieve total investment return from income and capital appreciation. The fund is primarily invested in stocks. The fund also invests in bonds.

(b) The Diversified Stock Fund seeks to achieve investment return primarily from capital appreciation and secondarily from income. The fund is invested in stocks.

(c) The Growth Balanced Fund and the Moderate Balanced Fund seek to achieve total investment return from income and capital appreciation. The funds are invested in both stocks and bonds.

(d) The objective of the Stable Principal Fund is to seek safety of principal while generating a level of current income generally exceeding that of a money market fund. The fund seeks to maintain a stable $1.00 unit value. The fund is primarily invested in traditional and synthetic guaranteed investment contracts, government securities, registered first tier money market mutual funds and long-term corporate debt. The fund also participates in securities lending. As with any investment fund, there is no assurance that the Stable Principal Fund will achieve its investment objective; the unit value could fluctuate or decline.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become fully vested upon termination of the Plan.

NOTE F - INCOME TAX STATUS

The Company is a participating employer in the Marshall & Ilsley Trust Company Defined Contribution Volume Submitter Profit Sharing Plan approved by the IRS. The prototype plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE G - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Marshall & Ilsley Trust Company. Marshall & Ilsley Trust Company is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE H - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2011 and 2010.

- Investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010.

- Schedule H, Line 4(i) - schedule of assets (held at end of year), as of December 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.
