INDEPENDENT AUDITORS' REPORT

The Trustees
Doodle Bugs! Holding Company, Inc.
401(k) Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of Doodle Bugs! Holding Company, Inc. 401(k) Plan (the Plan) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated July 25, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 6, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011 that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DOODLE BUGS! HOLDING COMPANY, INC.
401(k) PLAN
Notes to Financial Statements
December 31, 2011 and 2010

(1) Description of Plan

The following brief description of the Doodle Bugs! Holding Company, Inc. 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of Plan's provisions.

(a) General

The Plan is a defined contribution plan, established May 1, 2000, as permitted under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored by Doodle Bugs! Holding Company, Inc. (the Company). Employees who are 21 years of age and have completed one year of service, as defined, are eligible to participate in the Plan. The Plan assets are maintained in an investment trust held by State Street Bank and Trust Company (State Street).

(b) Contributions

Participants may voluntarily elect to contribute from 1% to 75% of their annual compensation, as defined, subject to the maximum annual limitations as provided by the IRC. Participants who have attained the age of 50 before the close of the year shall be eligible to make catch-up contributions. The Company will match contributions up to 4% of the participant's compensation, at a rate of 50%. Participants direct the investment of their contributions into various investment options offered by the Plan.

(c) Participant Accounts

A separate account is established for each participant. The account is credited with the participant's contributions and allocations of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on a participant's account balance, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately 100% vested in amounts attributable to their own salary deferrals. Employer matching contributions vest according to the following schedule:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	100%

(1) Description of Plan, Continued

(e) Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account. The interest rate is the prime rate plus 2% for all loans. Principal and interest is paid ratably through payroll deductions.

(f) Payment of Benefits

Benefits will be distributed in a single lump-sum payment for those participants with a vested benefit of $5,000 or less. If a participant's vested balance exceeds $5,000, a distribution may be received either in a single lump-sum or in installments over a period of not more than the participant's assumed life expectancy, or payments may be deferred until age 70½.

(g) Forfeited Accounts

Forfeitures of non-vested accounts amounted to $418 for the year ended December 31, 2011 which will be used to reduce future employer contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis and present net assets available for benefits and changes in those net assets.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its fully benefit-responsive investment contract, which is valued at contract value (note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Note 4 is a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes both the Plan's realized and unrealized gains and losses incurred during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Subsequent Events

The Plan has evaluated events after December 31, 2011, and through July 25, 2012, which is the date the financial statements were available to be issued, and determined that any events or transactions occurring during this period that would require recognition or disclosure are properly addressed in these financial statements.

(g) Reclassifications

Reclassifications have been made to certain 2010 balances to conform them with the 2011 financial statement presentation.

(3) Investments

Individual investments that represent 5% or more of the Plan's net assets at December 31, 2011 and 2010 are as follows:

		2011	2010
State Street Global Advisors S&P 500 Index Fund	$	82,222	68,755
Alger Capital Appreciation Institutional Fund		34,596	30,756
Nuveen Mid Cap Growth Opportunities Fund		31,696	31,943
Invesco Stable Asset Trust		29,061**	-
DWS Large Cap Value Fund		21,017	19,747
Oppenheimer International Growth Fund		18,499	18,312
PIMCO Total Return Fund		18,313	13,633*
Perkins Small Cap Value Fund		16,870*	18,845
Invesco Van Kampen Comstock Fund		16,342*	19,904
State Street Global Advisors Stable Value Fund		-	33,105

(3) Investments, Continued

* Less than 5%; shown for comparative purposes.

**This amount represents contract value for this investment.

During the year ended December 31, 2011, the Plan's investments in marketable securities (including investments bought, sold, as well as held during the year) depreciated in value by $8,413.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

- Mutual funds - Valued at the net asset value of shares held by the Plan at year-end.
- Common/collective trusts:

  State Street Global Advisors S&P 500 Index Fund - Valued at the net asset value of units held by the Plan at year-end.

(4) Fair Value Measurements, Continued

State Street Global Advisors Stable Value Fund - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (note 5).

Invesco Stable Asset Trust - Valued at contract value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (note 5).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total

Total assets, at fair value	$ 280,524	-	33,105	313,629

(4) Fair Value Measurements, Continued

The table below sets forth a summary of changes in the value of the Plan's level 3 assets for the year ended December 31, 2011:

	Invesco	State Street Global Advisors
Stable value fund:		
Balance at beginning of year	$ -	33,105
Net appreciation in fair value of investment	620	22
Transfers in	33,282	-
Transfers out	-	(33,282)
Purchases	2,410	155
Sales	(6,581)	-
Administrative fees	(50)	-
Balance at end of year	$ 29,681	-

Management evaluated the significance of transfers between fair value levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers between fair value levels.

(5) Stable Value Fund

State Street Global Advisors Stable Value Fund

The State Street Global Advisors Stable Value Fund is a collective investment fund that provides a stable rate of return by investing in high quality investment contracts issued by insurance companies, banks and other financial institutions as well as short-term investment products. It was replaced by the Invesco Stable Asset Trust in 2011.

Invesco Stable Asset Trust

The Plan has a fully benefit-responsive contract with Invesco National Trust Company (Invesco) in 2011. Invesco maintains the contributions in a collective trust fund (the Trust). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Trust's primary investment objectives are to provide preservation or principal, maintain a stable interest rate, and provide daily liquidity at contract value for participant withdrawals and transfers. The Trust declares income dividends daily and thereby maintains a net asset value of $1.00 per share.

(5) Stable Value Fund, Continued

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Plan. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the stable value fund at December 31, 2011 was $29,681.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination); (2) breach of the investment contract by the Plan sponsor; (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any such events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Average yields:	
Based on actual earnings	1.29%
Based on interest rate credited to participants	1.72%

(6) Financial Certification

The financial information relating to the Plan's assets at December 31, 2011 and 2010, as well as investment income and investment transactions for the year ended December 31, 2011, have been derived from the information provided by State Street, the Plan custodian, and have been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent auditors.

	2011	2010
Investments, at fair value:		
Mutual funds	$ 238,409	211,769
Common/collective trusts:		
State Street Global Advisors:

Total common/collective trusts	111,283	101,860
Total investments	$ 349,692	313,629
Investment income	$ 979	

* Represents contract value

(7) Party-In-Interest Transactions

Plan investments are managed by State Street, who is the custodian as defined by the Plan, and as such, any transactions qualify as party-in-interest. Fees paid by the Plan for administrative services amounted to $325 for the year ended December 31, 2011.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan. In the event of Plan termination, Plan assets will be allocated in accordance with the applicable provisions of ERISA.

(9) Tax Status

The Plan received a favorable tax determination letter in December 2001 from the Internal Revenue Service (IRS) indicating the features of the plan conform with the requirements of Section 401(k) of the IRC and that the Plan is exempt from income taxes under provisions of Section 501(a) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

(11) Restatement of Net Assets Available for Benefits

During 2011, management determined that certain notes receivable from participants were deemed distributions in periods prior to the year ended December 31, 2010. As a result, an adjustment was made as of December 31, 2010 in the amount of $5,775 to properly reflect notes receivable from participants.
