INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Justrite Manufacturing 401k Plan

We were engaged to audit the accompany statements of net assets available for benefits of Justrite Manufacturing 401k Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedules listed in the accompanying tables of contents. These financial statements and supplemental schedules are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. PLAN DESCRIPTION

The following description of the Justrite Manufacturing 401k Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) feature sponsored by Justrite Manufacturing Company, LLC (the "Company") covering all employees who have completed three months of service and are age eighteen or older. Entry dates are the first day of the first, fourth, seventh and tenth months of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company serves as the Plan Trustee.

Contributions

Each year, participants may contribute an amount equal to a percentage of compensation (1% to 90%) not to exceed the maximum limitation set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 25 investment options.

For union and non-union employees, the Company makes matching contributions. For union employees, the matching contribution is equal to 50% of a participant's elective deferral which does not exceed 6% of the participant's compensation according to the union contract that expires November 15, 2015. For non-union employees, the matching contribution is equal to 100% of the first 3% of the applicable active participant's compensation contributed to the Plan and 50% of the next 2% of the applicable active participant's compensation contributed to the Plan.

For union and non-union employees, the Company also makes non-matching contributions based upon a discretionary formula. For each Plan year until amended by the employer, the allocation formula for non-matching contributions for eligible union employees will be $0.40 per hour regardless of years of vesting service according to the union contract that expires November 15, 2015. The non-matching contributions for eligible non-union employees are determined annually by the employer as a percentage of a participant's compensation, for the applicable Plan year. The percent of the Company's non-matching contribution will be based on company performance compared to the annual operating plan. The goals are set at the beginning of each applicable Plan year. The Company's non-matching contribution for non-union employees was $0 for the years ended December 31, 2011 and 2010.

1. **PLAN DESCRIPTION** (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and non-matching contribution portion of their accounts plus earnings is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Loan terms generally range from two to five years, but may be extended for the purchase of a primary residence. The loans are secured by the participant's vested account balance and bear a reasonable rate of interest as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified period of time, not exceeding a participant's life expectancy or joint life expectancy of a participant and participant's designated beneficiary. An eligible rollover distribution is also permitted. If the value of a participant's account is less than $1,000, a lump sum distribution will be made without regard to the consent of the participant as soon as administratively feasible.

The Plan also allows for in-service distributions once a participant has attained age 59 1/2, which may be made only from accounts which are 100% vested.

1. PLAN DESCRIPTION (Continued)

Forfeited Accounts

Forfeitures are used to reduce administrative expenses and then allocated to participant accounts as defined in the Plan. At December 31, 2011 and 2010, forfeited non-vested accounts totaled $5,608 and $20,961, respectively. For the years ended December 31, 2011 and 2010, forfeitures of $23,463 and $0 were used or allocated to participant accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net gains and losses from investment transactions are computed by the Plan trustee. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Trustee and investment fees are paid by the participants and are credited to each participant's account based upon the pro-rata share of total assets of the Plan. Other Plan expenses are paid by the Company. Distribution and loan fees are charged by the Trustee against the participant account incurring the distribution or loan.

Subsequent Events

The Company has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through July 27, 2012, the day the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Fidelity Management Trust Company (the "Trustee") has certified the completeness and accuracy of certain information which management used in preparing the financial statements, supplemental schedules and accompanying notes for the plan years ending December 31, 2011 and 2010. Accordingly, this information was not audited. The following is a summary of information, which the Trustee furnished:

a. Investments of the Plan at the beginning of the year and at the end of the year at market values.
b. All items of income and expense related to Plan investments.
c. All transactions for the years ended December 31, 2011 and 2010.

4. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets at December 31,:

	2011	2010
Fidelity Investments - Freedom 2015	$ 631,067	$ 429,248
Fidelity Investments - Freedom 2020	1,489,357	1,556,322
Fidelity Investments - Freedom 2025	1,122,934	1,022,645
Fidelity Investments - Freedom 2030	465,904	410,527
Fidelity Investments - Freedom 2035	*	385,556
Fidelity Retirement Money Market	*	324,734

* Not 5% or more of Plan's net assets at reporting date

During 2011 and 2010, the Plan's mutual fund investments (including gains and losses on investments in mutual funds bought and sold, as well as held during the year) appreciated (depreciated) in value by ($389,681) and $558,321, respectively.

5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under accounting standards are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds: Valued at the quoted net asset value of shares held by the Plan at year end.

5. FAIR VALUE MEASUREMENTS (Continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

	Investments at Fair Value as of December 31, 2011

Total investments at fair value	$ 6,292,436	$ -	$ -	$ 6,292,436

There were no significant transfers between Level 1 and Level 2 investments during the year ended December 31, 2011.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed Fidelity Management & Research Company, the Prototype Sponsor, by a letter dated March 31, 2008, that the Plan, as then designed, is in accordance with applicable requirements of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by a plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for periods prior to 2008.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the Trustee and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustees for administration services amounted to $3,692 and $2,762 for the years ended December 31, 2011 and 2010, respectively.

SUPPLEMENTARY SCHEDULES
