REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of Power 401(k) Retirement Plan and Trust
Schaumburg, Illinois

We were engaged to audit the financial statements and supplemental schedule of the Power 401(k) Retirement Plan and Trust as of December 31, 2011 and 2010 and for the year ended December 31, 2011, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Charles Schwab Bank (f/k/a Charles Schwab Trust Company), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule as a whole. The information included in the supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Power 401(k) Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan, as amended and restated July 1, 2009, is a defined contribution plan maintained for the benefit of eligible employees of Power Construction Company, LLC, and Power Contracting and Engineering Corp. (collectively, the "Companies"). The Plan is subject to the provisions for the Employee Retirement Income Security Act ("ERISA") of 1974, as amended.

Participation: Eligible employees can participate in the Plan on a non-matching basis, beginning the month following their initial date of employment and on a matching basis, six months subsequent to their initial date of employment, as defined by the Plan. The Plan has adopted automatic enrollment for all eligible employees who have not declined enrollment.

Contributions: The Plan is designed as a qualified cash deferred arrangement pursuant to Section 401(k) of the Internal Revenue Code and provides for the following contributions, which are to be maintained in separate accounts for each participant:

Employee's Elective Deferrals: Employee contributions made by the Companies at the direction of the employee in amounts up to 90% of the employee's compensation (as defined) and which amounts are deducted from the employee's direct compensation (and are excluded from the employee's reportable wages for the year). The automatic enrollment is set up to defer 3% automatically from the employee's compensation. The aggregate amount of the employee-directed contributions cannot exceed the statutory limits of $16,500 in 2011 (as adjusted from time to time pursuant to Section 402 (g)(5) of the Internal Revenue Code). Participants who are age 50 or older could contribute an additional $5,500 in 2011.

Employee's Rollover Contributions: Employees may contribute amounts rolled over from other qualified plans.

Employer's Matching Contributions: The Companies match 50% of each participant's eligible elective deferrals. However, in applying the match, only salary reductions up to 6% of payroll period compensation (as defined) are considered.

Employer's Discretionary Contributions: The Companies may, at their own discretion, make additional contributions to the Plan to be allocated to the accounts of eligible participants. The Companies declared no such contributions for 2011.

Administration of the Plan: The Companies use Charles Schwab Bank (f/k/a Charles Schwab Trust Company) as the trustee and third-party administrator of the Plan.

Participant Accounts: Each participant's account is credited with an allocation of (a) the participant's contribution, (b) the Company's contributions, and (c) the Plan's earnings. Allocations are based on participant contributions, account balances, or compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments: All investments, including employer matching contributions and employee discretionary contributions, are participant-directed into various investment options offered by the Plan.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: Participants may make withdrawals from their accounts upon reaching the age of 59½ or by determining that a financial hardship, as defined, has been incurred. Payments of benefits are made to participants, or their beneficiaries, upon death, retirement, disability, or termination. Benefits are payable in a lump sum or by other methods as described in the Plan.

Vesting: Participants are fully vested in their elective cash deferral contributions. Vesting of employer matching contributions and employer discretionary contributions occurs at a rate of 20% per year of service. Participants are fully vested after five years, or upon normal or early retirement, death, or permanent disability. In the event of termination of employment before full vesting has occurred, the nonvested portion of the employer contribution shall be used to reduce the Plan's ordinary and necessary administrative expenses, or shall be used to reduce the employer's contribution for the Plan year.

Administrative Expenses: The Plan's administrative, audit, and custodial expenses were paid directly by the Companies. Certain other expenses are paid by the Plan.

Notes Receivable from Participants: Notes receivables from participants are made in accordance with the Plan provisions and ERISA regulations whereby interest is calculated and charged to the individual participant. All notes are to be repaid over a maximum period of 60 months through employee payroll deductions. Notes bear interest at the prime rate of interest and are secured by the participants' account balance. Participants may borrow from accounts a minimum loan amount of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. A participant can have no more than two outstanding notes at any time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Methods: The accounting principles and procedures followed by the Plan conform to accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for plan benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for plan benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risk and Uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by, Charles Schwab Bank (f/k/a Charles Schwab Trust Company), the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The effect of a change in valuation technique or its application on a fair value estimate is accounted for prospectively as a change in accounting estimate. When evaluating indications of fair value resulting from the use of multiple valuation techniques, the Plan is to select the point within the resulting range of reasonable estimates of fair value that is most representative of fair value under current market conditions. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
>
> Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
>
> Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective trust funds, other than stable value funds: The fair values of participation units held in collective trust funds, other than stable value funds, are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). The investment objectives of the Schwab Institutional Large Cap Value Trust Fund seeks to provide long-term growth of principal and income and to achieve a reasonable current income by investing primarily in a diversified portfolio of common stocks, which appear to be temporarily undervalued by the stock market, but have a favorable outlook for long-term growth. The investment objectives of the life cycle funds seek to provide total return for investors retiring in or near the year specified for the fund by investing in a combination of domestic and international equities, fixed income securities and stable value investments. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund seeks to maintain principal value, protect against market price volatility, obtain consistent income return, and provide liquidity for benefit payments and withdrawals. The fund invests primarily in investment contracts issued by insurance companies, banks and other financial institutions, and other instruments authorized by the Amended and Restated Declaration of Trust of the Charles Schwab Stable Value Fund. Some alternative investment contracts are managed on an evergreen, or constant duration, basis. An evergreen contract has no predetermined maturity and the asset portfolio is managed to a target duration. The fund provides for daily redemptions by the Plan at reported net asset value per share.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

NOTE 5 - INCOME TAX STATUS

The Internal Revenue Service (IRS) issued an opinion letter dated May 23, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has since been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Subsequent to December 31, 2010, the Internal Revenue Service (IRS) issued a favorable determination letter dated January 25, 2011 indicating that the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor's regulations as any fiduciary of the Plan, any party rending services to the Plan, the employer, and certain others. Certain plan investments at December 31, 2011 and 2010 were managed by Charles Schwab Bank, the trustee and third-party administrator of the Plan, and therefore these investments qualify as party-in-interest investments. Certain professional and administrative fees related to the operation of the Plan were paid by the Companies. Investment management fees of $21,772 were paid by the Plan to Charles Schwab Bank for the year ended December 31, 2011 and thus qualify as a party-in-interest transaction. Professional and other administrative fees are paid by the Company. Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1, which qualify as party-in-interest transactions.

(Continued)

NOTE 7 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed an intention to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested to the extent of the balance in their separate account.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements at December 31, 2011 and 2010 to the Form 5500:

	2011	2010
Net assets available for plan benefits per the financial statements	$ 23,780,445	$ 23,088,249
Deficiency of contract value over estimated fair value of investment in stable value fund	9,028	31,876
Net assets per the Form 5500	$ 23,789,473	$ 23,120,125

The following is a reconciliation of the change in net assets available for plan benefits for the year ended December 31, 2011 per the financial statements to the net income reported in the 2011 Form 5500:

Increase in net assets available for plan benefits per the financial statements	$ 692,196
Change in excess of contract value over estimated fair value of investment in stable value fund	(22,848)
Net income per the Form 5500	$ 669,348

NOTE 9 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through June 28, 2012, which is the date the financial statements were available to be issued.
