## NOTE A--DESCRIPTION OF PLAN

The following brief description of the SWD, Inc. Defined Contribution Plan and Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is sponsored by SWD, Inc. (the "Company") for employees that meet specific eligibility requirements. The Plan, designated as a defined contribution plan, was originally established on July 1, 1983, was restated January 29, 2010, and recently amended, effective January 1, 2011 (see Note J). The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA").

### Contributions

Eligible participants may elect to contribute pre-tax annual compensation to the Plan by means of a salary deferral agreement. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans in accordance with the Plan provisions.

The Company may make discretionary matching contributions based on a participant's contributions to the Plan in accordance with Plan provisions.

The Company may contribute a safe-harbor contribution of 3%, based on a participant's compensation, subject to statutory limits, for the Plan year, to those who have completed the eligibility requirements.

To be eligible for elective contributions and to receive a share in the Company's discretionary matching contribution and safe-harbor contribution, participants must be twenty-one years or older and have completed one year of continuous employment. Employees must be employed on the last day of the Plan year to be eligible to share in the discretionary matching contributions.

Salary deferral contributions are funded proximate to the withholding date. Discretionary and safe-harbor contributions, if any, are funded annually after the close of the Plan year and within statutory time frames. All contributions invested are directed by the participant into various investment options offered by the Plan.

### Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's contribution, if any, (b) Plan earnings or losses, (c) forfeitures of terminated participants' nonvested accounts, and (d) charged with an allocation of administrative expenses. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTE A--DESCRIPTION OF PLAN-continued**

**Investment Options**

Upon enrollment in the Plan, participants direct their contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Custodian as the default investment. The Plan currently offers various mutual funds or insurance investment contracts as investment options for participants.

**Vesting**

Participants are immediately vested in their voluntary contributions and the Company's safe-harbor contributions plus actual earnings thereon. Vesting in the Company's discretionary matching portion of their accounts plus actual earnings thereon is based on years of credited service as follows:

| Years of Credited Service | Vested Percentage |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability become 100% vested in their account balances.

**Payment of Benefits**

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100% of their account balance in a lump-sum cash distribution, in substantially equal annual, quarterly or monthly installments as selected by the participant so long as such period is for less than the participant's life expectancy, or as a direct rollover to an individual retirement account ("IRA"). For termination of employment for other reasons, a participant is entitled to a lump-sum cash distribution of 100% of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions.

All distributions will be made as soon as administratively feasible in the first quarter beginning after the participant's separation from service. However, those account balances in excess of $5,000 (not including rollover account balances), will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service withdrawals, subject to certain restrictions, are also permitted.

Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

## NOTE A--DESCRIPTION OF PLAN-continued

### Forfeited Accounts

Forfeited nonvested accounts may be used reduce the employer's discretionary matching or safe-harbor contributions. At December 31, 2011 and 2010 forfeited nonvested accounts totaled $1,123 and $17,961, respectively. During the year ending December 31, 2011, $17,961 of forfeited nonvested accounts were used to reduce the employer's safe-harbor contribution.

Forfeited nonvested accounts may also be used to reinstate any previously forfeited amounts of certain former participants who are rehired, and used to reinstate any previously forfeited amounts of participants that were not located if the participant makes a claim thereafter.

## NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

### Accounting Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

### Investment Valuation and Income Recognition

The Plan's investments in shares of registered investment companies and collective investment trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's insurance policies are reported at cash surrender value as reported by the insurance carrier. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends, as applicable, are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### Payments of Benefits

Benefits are recorded when paid.

### Administrative Expenses

Except for benefit payment origination fees, all administrative expenses of maintaining the Plan are paid through the Plan and subsequently reimbursed by the Company (see Note F). Brokerage fees are added to the acquisition costs of assets purchased and are subtracted from the proceeds of assets sold.

## NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

### Date of Management's Review

Management of the Plan has evaluated subsequent events through July 31, 2012, which is the date the financial statements were available to be issued.

## NOTE C--FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Should an investment be re-characterized into or out of Level 3, Plan management would disclose the basis for the change. Under such circumstances the Plan would report the transfers in and transfers out at the beginning of the Plan quarter when change occurs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Level 1 - The fair value of registered investment companies are based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - The collective investment trusts are based on their net asset values, as reported by the manager, First American Bank, and as supported by the unit prices of actual purchase and sale transactions occurring as of, or close to, the financial statement date. The fair values of collective investment trusts that invest only in securities traded on nationally recognized securities exchanges and active dealer markets are classified within Level 2 of the fair value hierarchy.

**NOTE C--FAIR VALUE MEASUREMENTS-continued**

Level 3 - The fair value of the Plan's life insurance policies are stated at cash surrender value as of the Plan's year-end as reported by the insurance carrier. See Note E for discussion of the life insurance policies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011.

## NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the Plan years ended December 31, 2011 and 2010. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by First American Bank, the Custodian, as of December 31, 2011 and 2010. *Fair value of investments representing greater than 5% of the Plan's net assets as of December 31, 2011 and 2010.

During the year ended December 31, 2011, the Plan's investments (including investments bought, sold and held during each year), appreciated (depreciated) in value by $30,280 as follows:

| | |
|---|---|
| Fair value: | |
| Registered investment companies | $ (55,167) |
| Collective investment trusts | (68,940) |
| Cash surrender value of life insurance | 154,387 |
| | $ 30,280 |

## NOTE E--INSURANCE POLICIES

During 2005, the Plan purchased life insurance policies on behalf of certain participants. During 2011, premiums of $62,933 and $78,676 were made to Jefferson Pilot and Pacific Life, respectively. These policies are valued at the cash surrender value of $594,836 and $440,449 on the statement of net assets available for benefits at December 31, 2011 and 2010, respectively. The increase in the cash surrender value of $154,387 is included in the net appreciation in fair value of investments for the year ended December 31, 2011.

## NOTE F--RELATED PARTY TRANSACTIONS

Certain Plan investments are maintained and managed under a contract with the Custodian. Additionally, the Custodian performs administrative and recordkeeping services for the Plan. During the year ended December 31, 2011, the Plan Sponsor absorbed $4,067 of the fees for these services. Remaining fees paid by the Plan for these services were based on customary and reasonable rates for such services.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed by the Plan for their services.

## NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## NOTE H--TAX STATUS

The Plan filed an application for a determination letter with the Internal Revenue Service ("IRS") stating that the Plan is qualified and the related trust is tax-exempt, under appropriate sections of the Code in April 2010. The IRS has not yet determined and informed the Plan administrator that the Plan and related trust are designed in accordance with applicable sections of the Code. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

## NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities and insurance policies which are purchased or managed by the Custodian. These investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

## NOTE I--RISKS AND UNCERTAINTIES-continued

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## NOTE J--PLAN AMENDMENTS

Effective January 29, 2010, the Plan was amended and restated. All persons covered under the Plan on January 28, 2010 continued to be covered under the restated Plan with no loss of benefits. With the Plan restatement, various terms, provisions and conditions were amended. See Note A for Plan descriptions.

Effective January 1, 2010, the Plan enacted an amendment excluding bonuses from compensation. However, a subsequent amendment, effective January 1, 2011, states bonuses are eligible for elective deferrals.
